## THOUSANDS OF PEOPLE VISIT MAJOR M'KINLEY.

BIG TIMES FOR THE TOWN.

The Republican Presidential Nominee Addresses His Neighbors and a Big Delegation of Returning New York Delegates - Congratulations Are Pouring in by Thousands.

CANTON, Ohio, June 22.-Governor McKinley made two more addresses at his Canton home last night. The wild enthusiasm has increased. Each incoming delegation is greeted by steam calliopes and shricking whistles of every kind, while trumpets, tin horns, bands and drum corps give music to the merry marchers. Delegations called in rapid succession, but the governor shows no sign of wear or relapse after the strain of convention

During the day the news spread rapidly that the New York McKinley League would stop at Canton on its way home from St. Louis. It was shortly after 6 o'clock, just before the governor's dinner hour, when shrieking whistles of locomotives heralded the approach of the New Yorkers and returning Cantonians, as well as a special train load of 500 people from

the Mahoning valley, where Governor McKinley spent his boyhood days

An escort committee with bands and drum corps, including fifty horsemen, met the delegations at the statement of the stateme tion. The streets were densely crowded for blocks in every direction leading to the governor's home. The crowds rushed through the fences and crowded into the doorways of the house in their excitement. It was necessary for the governor to go to the side door to meet his returning fellow citizens, as it was impossible for him to reach the front, where he

had been speaking.

Congressman R. W. Taylor of the Eighteenth, the old McKinley district, mounted a box when Governor McKinley appeared and delivered a short address. Mr. McKinley responded in a feeling speech entirely devoid of politics.

LEADVILLE, Col., June 22.-Unless a settlement shall be quickly reached between the mine owners and the Miners' union work is likely to be suspended at nearly all of the silver mines in the camp. The Ibex company, owners of the Little Johnny mine, shut down all of their properties today. All the miners were also laid off indefinitely at the Alps, Garbutt. Yak and other mines where the men's

Although the trouble originated in a demand of the union for \$3 per day in silver mines, the owners of which claim they cannot pay such wages at the present price of silver, the owners claim that the real issue is whether the Miners' union shall be permitted to dictate the employment of only union men, and they will fight this to the end.

\*Cast no vote \*\*Cast 4 blank; | for J. Donald Cameron. Hobart for Vice President. After the decision of the Platt forces in New York not to present the name of Governor Morton, owing to the war waged against him by the Warner Miller taction, the nomination of Hobart of New Jersey became a certainty. Mr. Hanna and the McKinley influ ence was thrown for him, and although there was an attempt to consolidate the West on Evans of Tennessee, the McKinley influence was too potent. Besides, it was the general sense of the delegates that the logic of the

situation required the nomination of an Eastern man for Vice Preside nt.

The nomination speeches were brief. Bulkley, of Connecticut; Tipp, of Rhode Island, and General Walker, of Virginia, were also placed in nomina-tion, but it only required one ballot to determine the contest. Hobart received 530% votes, 90 more than a majority. Evans, his nearest competitor, received 280%. There were scattering votes for Reed, Thurston, Grant, De-

pew, Morton and Brown.

Kansas voted solidly for Hobart and
Missouri gave Evans 12 and Hobart 21. Committees of one from each state to notify the nominees were appointed. Nathaniel Barnes, of Kansas, J. B. Haughawont, of Missouri, and John A. The ruling and uncompromising principle is the protection and development of American labor and in justry. The country demands a right settlement and then it wanterest.

## Reciprocity.

"We believe the repeal of the reciprocity arrangements negotiated by the last Republican administration was a national calamity and we demand their renewal and extension on such terms as will equalize our trade with other nations, remove the restrictions which now obstruct the sale of American products in the ports of other countries and secure enlarged markets for the products of our farms, forests and factories.
