COUNTY TICKET.

For Representative..... W. H. BROWN
For County Attorney..... W. H. CONGER

A few years ago the populists held up the following motto and preached it in every school house: "The office should seek the man, not the man the office." This year you don't hear a word of this kind because they well know that their candidate W. J. Bryan is running all over the United States after it.

Judge Wall is making a splendid canvass in this senatorial district, and his election, which is now assured, will mean an able representative in the senate chambers of this state. When Mr. Wall goes to the senate Sherman county will be recognized and represented in a manner that will meet the approval of her citizens. Give Mr. Wall your vote and you will not regret it.

The good news we hear daily regarding W. H. Brown's candidacy for representative of this county would lead one to believe that the election is assured. From every part of the county comes word that there are populists as well as republicans who are working for his election. Let us say that they will make no mistake in supporting Mr. Brown. He will make us an able and honest officer.

Mr. Greene, in his speech here says that he was not drunk at Sidney. The Sidney Telegraph says that he was drunk. Now we are willing to give Mr. Greene the benefit of the doubt, not because, however, that he denies it. But because the records of the Grand Island Keeley Cure shows that he has been cured of drunkenness three different times and it is generally believed that the third time is the charm.

Paul Van Der Voort, one of the great shining lights of the populist party in Nebraska declares that Holcomb, Allen and others have completely sold out the populist party and turned it over body and breach to the democrats. He says, "I think of the idea of the populist party 70,000 in number giving way to the democratic party with only a vote of a little better than 30,000. He charges Holcomb with having entered into an agreement with the democrats, giving them six electoral candidates in the state and the largest proportion of the state ticket if only they would endorse him for governor," and further "that he has agreed to deliver the populist vote to the democratic candidates, if that party would support him (Holcomb) for governor at the polls. Allen is to assist Holcomb in carrying out this promise and as a reward is to have the support of the democrats in his race for re-election to the senate." Van Der Voort is on to the combination and does not hesitate to denounce their scheme in the most bitter terms.

What more forcible argument for a return to republican control of the federal government than this extract from the last message to congress from president Harrison the last republican president. December 6th. 1892: "I have great satisfaction in being able to say that the general condition affecting the commercial and industrial interests of the United States are in the highest degree favorable. A comparison of the existing conditions with those of the most favored period in the history of the country will, I believe, show that so high a degree of prosperity and so general a diffusion of the comforts of life were never before enjoyed by our people. This brief exhibit of the growth and prosperity of the country will give us a level from which to note the increase or decadence that new legislation may bring to us. There is no reason why our prosperity should not observe the same rate of increase that has characterized the past thirty years. There are no near frontiers to our future development. Retrogression would be a crime."

How Bill Greene Gets Drinks.
GRAND ISLAND, Neb., Oct. 11.—(Special to the Lincoln Journal.)—"It is rumored that Judge Greene of Kearney, now candidate for congressman from the 6th. district, pawned a cuff button with you some time ago for the price of a few drinks? Is that true?" was asked of a Grand Island liquor dealer. The latter smiled and for a moment made no reply. He began to walk away, but turned and said: Will you promise not to use my name?

The promise was given and the liquor dealer proceeded to the cash drawer and returned with a much worn cuff button. "And did Judge Greene leave that here?" "Judge Greene pawned that with my bartender for a few drinks."

Judge Greene who has twice or even three times taken the bichloride of gold cure at the institute in this city, is very evidently again a backslider, and though the button was pawned nearly a year ago he has so far failed to redeem it.

WAGES BEFORE '73.
Buffalo Express.—In the speech in Brooklin last week, Chauncey M. Depew made this interesting comparative statement of the wage rates on the railroad of which he is the president; In 1873 the locomotive passenger engineer on the New York Central received \$80 per month, and now his average earning is \$150 per month; the freight engineer then received \$60 per month and now he averages \$100; then the firemen received \$40 per month, and now \$75 in the passenger service and \$60 in the freight service; then trainmen and brakemen received from \$30 to \$35, and now they receive from \$45 to \$50; the trackmen who constitute the great body of labor, received 87 cents a day in 1873, and now they get \$1.35.

Workingmen who are old enough to have lived through the "good times before 1873" that the silverites talk about so glibly will not be strongly impressed by the promise that a restoration of the money laws which prevailed then will double their wages. They remember that Mr. Bryan was to young to be earning wages at the same time, even with his voice, and will conclude that his memory is to be distrusted.

THE REPORTER QUESTS THE PROFIT.
Touching the question of Mexican cattle importations again. Senator Warren of Wyoming replies to an inquiry by enclosing a letter upon the subject from A. A. Spangh of Manville, Wyo. Mr. Spangh is a cattle importer and is in a position to see the good and the bad side of the Wilson bill, and as far as the policy of this government, or the interests of the consumers of meat stuff are concerned, he sees nothing in it to commend. His conclusion is that the benefits accrue entirely to the Mexican producer and the American

importer, and that no one else is benefited at all.

On this line Mr. Spangh says in his letter to Senator Warren: "I claim that Mexican cattle do not reach the masses of the people any cheaper under the Wilson Bill than they did under the McKinley law. But if they do, and it makes cattle cheaper, then it works a hardship on the producer of cattle alone, in this country, to the tune of a million dollars annually (it is considerably more), for there is no difference when the beef reaches the consumer, and if there is it is so small that it is not noticeable."

He further says: "If there is any one in the United States that is benefited by the free importation of Mexican cattle (that is what importation under the Wilson bill virtually amounts to) it is the importer. If it is for the best for the masses, and does the greatest good for the greatest number of people, to return to protection and good old McKinley times—and I certainly think it is—you will have a helping hand from me, for I can find plenty to do outside of the Mexican trade."

Taken in connection with the showing that has already been made as to the ruin of the cattle industry in the west, this statement from an importer who thinks more of the prosperity of the "greatest number" than he does of his personal profits from a business that he feels called upon to condemn, ought to sink deep into the hearts of the farmers of Nebraska who have not yet been able to see that one item of the tariff schedule is costing them more than they could ever hope to gain from a shower of 50 cent dollars.—M. A. Brown.

The tide in Sherman County has turned in favor of McKinley and it is beyond the power of the Bryanites to change it.

A. L. Wooster, a prominent citizen of Osseo, Mich., after suffering excruciatingly from piles for twenty years, was cured in a short time by using DeWitt's Witch Hazel Salve, an absolute cure for all skin diseases. More of this preparation is used than all others combined.—Ondahl Bros.

One minute is the standard time, and One Minute Cough Cure is the standard preparation for every form of cough or cold. It is the only harmless remedy that produces immediate results.—Ondahl Bros.

THE BEST SPRING MEDICINE

Is SIMMONS' LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS' LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get **THE BEST BLOOD** when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS' LIVER REGULATOR—it is SIMMONS' LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS' LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
