Vote for McKinley!
 Vote for Protection!
 Vote for Reciprocity!
 Vote for Sound Money!
 Vote For Jack MacColl!
 Vote the republican ticket and you will:

Open the Mills to American labor.
 Start up the furnace and kindle the fire.
 Do a kind act for your next door neighbor
 And increase the price of American hire.

Yes you will do more than that; you will throw the political demagogue out of a job.

If you want an able man for county attorney, and one who will not need to import a lawyer every time a little case comes us vote for W. H. Conger.

Judge Post, chairman of the republican state central committee is well pleased with the outlook for this state and says that she will be found this year in the republican column with a majority of at least 18,000.

Bryan has had much to say lately about the people being coerced into voting for sound money but an investigation resulted in the discovery of the fact that the Colorado free silver men are doing more coercing than any body.

Secretary Piper has been sustained in every point by the supreme court in his decisions as to filing the different party nominations. This fact alone should command him to the people as an officer who desires to do justice to the public regardless of party affiliations.

A McKinley club was organized at Atlanta, Georgia and has over a thousand members. Many Nebraskans will be surprised, no doubt, at this. The club was organized but a few weeks ago with only twenty-five members. It is a fair sample of the recent changes all over the state even Georgia will go republican.

While Fred Olmstead and Chas. Greene spoke at this place in favor of the republican ticket there were pops and democrats in the back of the hall, which was heard to exclaim "that's all", but when the republican ladies cheered the pop speaker, Darnier last Thursday night for saying that he was in favor of sound money, these same pops are saying that there was an attempt on the part of the republican element to create a disturbance.

Every inch of the campaign now drawing to a close has been fought to a finish. It has been one of the most vigorous and hotly contested campaigns that this country has experienced for years. The issues have been squarely met and the verdict is about to be rendered. The Northwesterner is content to leave the decision of this great trial to the American jury, feeling assured that the past four years experience will aid them in arriving at the best conclusion. All we ask is that they go to the polls determined to use their best judgment in the matter.

The republican Rallys both Friday and Saturday were the largest attended of the season. On Friday evening Fred Holmstead with his financial school gave the audience a rare treat by way of producing illustrations in figures and convincing arguments in favor of sound money. He was heartily cheered and the exercises all the way through were highly entertaining and instructive. Chas. Greene of Omaha spoke in the Opera house on Saturday evening. Mr. Greene has a splendid voice and handled the money question in a masterly manner. His closing remarks brought forth great cheering and applause. The meetings were very successful and will be productive of much good. There were a number of voters in doubt who have, after attending these meetings, declared themselves for McKinley and sound money.

The demopop rally was well attended last Thursday evening. People of all political faiths were present, but the main speaker did not arrive. J. H. Darnier of Cozad was present as a substitute. In the course of his remarks he referred to the "crime of seventy-three" and stated that silver was demonetized. He also referred to his audience to the dictionary to find the meaning of the word "demonetize," and just for fun we have consulted Webster's Unabridged and find the following to be the exact words used: "To deprive of value or to withdraw from use as currency." Now after reading this definition will anyone with horse sense undertake to say that our silver is demonetized, and that too in the face of the fact that there is little else but silver and silver certificates now in use as currency? It is not necessary to mention any other point in his speech. It was simply the same old song of arraying one class against another. Mr. Darnier got mad when the republican ladies cheered him for remarking that he was for sound money also, and said that he would make them ashamed of it before the meeting was over. Outside of this little applause perfect order prevailed all through the evening, although it is asserted by some pops, who evidently wish to create sympathy, that the republican element tried to create a disturbance.

Chicago, Oct. 26. The final week of the presidential campaign was entered upon by the campaign staff at republican national headquarters with expressed confidence in an overwhelming victory for Major McKinley. Mr. Hanna counted thirty-three of the forty five states for the republicans. The chief will make a final and complete statement as to the probable result of the election Saturday night, just prior to his departure for his home.

Reports received this morning based upon private polls taken all over the country eliminate every element of doubt and place firmly in the certain McKinley and Hobart column the Dakotas, Nebraska, Kansas, Minnesota and Michigan. Indiana is practically conceded by the opposition to be safely 20,000 plurality for McKinley and Hobart and is claimed at 40,000 by the Republicans. Kentucky is conceded at 25,000; Michigan 40,000, and Minnesota 30,000 for McKinley. West Virginia and Maryland are regarded as safe as Indiana. It is now a question with the Republican national committee of simply pulling the free silver heresy up by the roots like a bunch of bad weeds and throwing it over the fence forever. The fight to the finish becomes a determination that every vestige of the free coinage disease shall be permanently eradicated.

The egging of Secretary Carlisle in Kentucky and that of Republican speakers in the eighteenth ward of this city, the burning and otherwise desecration of the American flag in Missouri and several parts of Illinois recently visited by Governor Albigel and the final resentment by laboring men through the country of the insulting charge that they were coerced into support of sound money, have all combined to arouse patriotism and the spirit for good government to a pitch not seen since the war. The change to sound money Democratic McKinley clubs on account of proceedings during the past week has been phenomenal.

The column including doubtful states and those belonging to Bryan

has now been reduced to Florida, Georgia, Nevada, Idaho, Colorado, Montana, Texas, Mississippi, Louisiana, South Carolina, Virginia and Utah. There is what Republican leaders regard as a good fighting chance for victory in Idaho, Montana, Louisiana and Virginia and it will create no surprise if Utah and Colorado should be secured by the advocates of good money.

A DIRTY SCHEME PERPETRATED.

With County Clerk Rein at the Bottom of It.
 Before the printing of the election ballots had commenced it was discovered by the Republicans that county clerk Rein had materially changed the form from that which had been certified to by the secretary of state, by placing the populist electoral ticket at the head and doubling up the lines so as to make it read Peoples Independent, Democrat, when in fact it read Democrat and Peoples Independent. The change is made so as to catch the eye of the sound money Democrat and beguile him into voting for the fusion ticket before his eye catches further down the line. When objections to it was made Mr. Rein remarked that "it makes a difference whose ox is being gored." Now we don't believe Mr. Rein has a right by law to change the construction of that ballot after it has been certified to by the secretary of state, and especially to deceive the voters, neither do we believe that Mr. Rein or any other officer has the right to use his official power to gore anybody's ox. Mr. Rein admits the changing of the ballots and acknowledges that it was done for the purpose of catching the sound money democratic votes. And so he wishes to practice deception in order to catch them. The sound money democrats should, and doubtless will remember this when they cast their votes next Tuesday. There is one good way, thank Heaven, to get even with him, and that is to vote for McKinley republican electors, and we are informed that they are thinking pretty seriously of doing so.

Beisoria, Neb., Oct. 29th 1896.

ED. NORTHWESTERN.—Dear Sir:—Knowing that Judge Wall is a candidate for state senator I desire to say a word to the farmers of Sherman county. In July 1882 I first came to Sherman county having a wife and a large family of children and but a few dollars in my pocket. I proceeded to take up a piece of land from the government to build for myself and family a home, being a foreigner and not being able to speak the English language I was soon beaten out of every dollar and was unable to take the papers on my land. I was advised to go to Judge Wall, he being recommended to me as a poor man's friend. I related to him my story and told him my condition. He advanced me money and saved my home, I have done business with him more or less for fourteen years and have always found him faithful honest true to his trust and a friend to the poor man, and I believe should be elected as Senator the Farmers and poor man of our county will have a warm friend in our state senate.
 Yours Truly,
 JOHN NORDSTRUM.

THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get THE BEST BLOOD when your system is in AI condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. It is like only SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

and for two hours he addressed the people and poured hot shot after hot shot into the populist herd. He went deep into the money question and furnished absolute proof of all his statements. It was a master speech and caused the ranting blither skites who would destroy the fundamental principles of our government to wince. It showed up the fallacies that they have been teaching and exposed their false statements regarding the so called "crime of '73."
