SHERMAN NOT IN RIVY DEAL.

Has No Understanding With Hanna.

MAKES A STRONG DENIAL.

Has Not Seen Either McKinley or Hanna Since the Election and Has Had No Correspondence With Them—Would Not Say Anything About Re-Election to the Senate.

WASHINGTON, Nov. 30.—Senator Sherman of Ohio made a flat and emphatic denial of the reports concerning a deal between himself and Mr. Mark Hanna as to the Ohio senatorship and a cabinet position under McKinley. He declared that the stories alleging an agreement whereby he (Sherman) should go into the cabinet and Hanna succeed him in the Senate were pure fabrications. He had not, he said, seen either Mr. McKinley or Mr. Hanna since the election and had had no correspondence with them save of the most ordinary character, chiefly forwarding applications for office made through him. There had been no arrangements for conferences of any kind as to office.

As to whether he would be a candidate for re-election to the Senate, Mr. Sherman said he had not thought anything about it and therefore would not answer any questions on the subject. He paid a warm tribute to Mr. Hanna, who, he said, was a strong friend of his and a man of attainments and ability.

TO RELIEVE DISTRESS.

Railroads Running to Louisiana Will Grant Special Rates on Corn.

ST. LOUIS, Mo., Nov. 30.—The committee of merchants who came here from Louisiana to secure a special freight rate on corn for the famine stricken district of that state will leave for home to-night.

Chairman Millsap is highly gratified with the result of the committee's mission. "In a certain sense," he said, "we got more than we asked for. The rates promised us by the railroads are even lower than we hoped to obtain. The Missouri Pacific, Iron Mountain and Cotton Belt lines have made us a very low rate. The Illinois Central people treated us as generously as those previously seen promising a handsome reduction in the rate. We will see the Anchor line people after we get home and I have no doubt we will get a special river rate. After we report to Governor Foster he will appoint a special committee to buy the corn. Outside aid will not be asked. The state can and will care for its own."

NO CONEY ISLAND FIGHT.

District Attorney Backus Vetoes the Corbett-Fitzsimmons Project.

NEW YORK, Nov. 30.—Warren Lewis, president of the Greater New York Athletic club, who has been arranging for a fight between Corbett and Fitzsimmons at Coney Island, called on District Attorney Backus today to secure a permit. Backus refused to grant it and said that he would not allow the fight to take place, as he understood it was to be a prize fight and not a contest for points, and he added that if an attempt was made to bring the men together in a ring they would be arrested.

Lewis directed the district attorney's attention to the fights that took place at the Broadway Athletic club, to which Backus replied: "It makes no difference to me what they do in New York. I won't allow the law to be violated in Kings county."

PARKHURST SENSATIONAL.

The Well-Known Preacher Startles New York Society.

NEW YORK, Nov. 30.—I do not know how many unfaithful husbands or wives there are in this community, but I should calculate that there might be well on toward a quarter of a million. The love between husband and wife is kept true in some cases by the possession of children, but I have learned enough to know that in the case of any couple that might present themselves before me to get married I would not at any rate of premium issue an insurance policy on their conjugal fidelity, good for more than five years, unless on the contingency of offspring or on the basis of their common faith in God.

This statement, made by Dr. Parkhurst in the course of his Thanksgiving sermon, has created a profound sensation in the metropolis, and, in connection with other portions of the sermon, is believed to be the forerunner of another Parkhurstian crusade.

Dr. Parkhurst assailed women bargain hunters as bloodsuckers and murderers, and declared that a woman who will ransack the stores and pick up an article marvellously cheap, knowing it, as she must, to be the product of some poor girl in a sliely back alley, cannot escape guilt by joining a relief or rescue society and packing off the unavailable portions among these girls. He paid his respects also to the magistrates of the coal trust, stigmatizing these philanthropic gentlemen as enemies of the human race and possessed "of the demon of theft and murder."

Dr. Parkhurst included all trusts in this category.

Being interviewed to-day regarding his statement that a quarter of a million husbands and wives in New York are unfaithful, Dr. Parkhurst said:

"When I say a quarter of a million, it is a round sum that comes very close to the real figures.

"I have figured it from my own experience. Being one of the National Christian League for the Promotion of Social Purity, I have had ample opportunity to make a careful study."

"You state in the sermon that there can be no love without religion, do you not?"

"No, I do not say that. I say that I would not issue a policy for more than five years on the conjugal fidelity of a couple who had no children and did not believe in a common Father in Heaven."

"Almost every person who has come to me here in my study and told me of conjugal infidelity has told me that they were childless. There were only one or two exceptions. Children are a binding tie. You will always find that when a couple have children and believe in a common Father in Heaven marital faithfulness exists."

"I know the figure mentioned is an alarming one, but I arrived at it carefully."

DIGGING FOR TREASURE.

Searching for \$25,000 Supposed to Have Been Hidden by Stage Robbers.

ST. JOSEPH, Mo., Nov. 26.—About thirty-five years ago a stage was robbed at Belmont, and the robbers buried the \$25,000 in gold they took from it on the highest peak of the bluffs northwest of the city. That is the legend that has been handed down since that time, and a great many people believe it. John Krainbeuhl, a grocer at Water and Pauline streets, believes that there is plenty of gold buried on the hills, and he has been searching for it. Three months ago he hired a number of men and set them to work on the hills. They have excavated in several places and the trees near the summit have been taken out by the roots. Some of the excavations are thirty feet deep and forty or fifty feet across the top. A great trench has been dug in one place and the ground has been torn up all over the highest peak. Krainbeuhl says he did not find any money, but neighbors say he did and that he has the whole treasure in his possession.

A WOMAN.

BOTH PHYSICIAN AND PREACHER.

Mrs. Grace Andrew, of Partridge, Kansas—Speaks Words of Praise for Dr. Williams' Pink Pills.

From the News, Hutchinson, Kans. Mrs. Grace Andrew, of Partridge, Kansas, is well known, having lived in Partridge for many years. In former years she was a preacher in the locality. She is also well versed in her medicality. Her advice has been sought in preference to that of the regular practitioner. Mrs. Andrew recently gave a reporter the following interesting interview:

"Four years ago I began suffering from lumbago and muscular rheumatism, and for two years grew continually worse despite the best efforts of the leading physicians of the locality. I finally tried a box of Dr. Williams' Pink Pills for Pale People, and from the first began to improve, and before I had taken two boxes was entirely cured. I have never been bothered since, but am enjoying the best of health."

"I am always ready to speak a good word for Pink Pills, and have recommended them to many of my afflicted friends, who have, without a single exception, been greatly benefited or entirely cured."

"In one instance a lady friend had suffered from female weakness for many years, during which time she was practically helpless. I recommended Pink Pills to her; she secured a box and is now doing all her own housework and is strong and healthy, attributing all to Pink Pills."

Dr. Williams' Pink Pills for Pale People are a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure, in all cases arising from mental worry, overwork or excesses of whatever nature. They are manufactured by Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold by all druggists at 50 cents a box or six boxes for \$2.50.
