## KENTUCKY SENATORIAL ASPIRANT INDICTED.

True Bills Returned by the Grand Jury Against Three Republican Leaders and Two Others for Conspiracy to Corrupt Legislators-Two Democrats Also Indicted by the Jury.

FRANKFORT, Ky., April 19. - This morning the Franklin county grand throat. jury returned a true bill against Dr. W. Godfrey Hunter, Republican nominee for the United States Senate; ex-Congressman John Henry Wilson of Thomas Tanner, of Frankfort, charging them all with conspiracy to bribe. All are Republicans with the exception of Gaines and Tanner.

The news at once became public and among the Republicans, all of whom denounced it as a conspiracy among Frankfort Democrats to defeat and humiliate Hunter. They claimed that the indictments against Gaines and Tanner, the Democrats, were returned simply as "savers," to prevent the public generally from gaining the imprestion, and that they would be dismissed at the first hearing on account of insufficient evidence.

Chairman Jones of the Republican caucus said that it was a "diabolical and hellish conspiracy," and that the Republicans would disprove and resent it in proper spirit. State Senator Deboe was of the same opinion and not one of the Republican leaders hesitated to condemn the action of the grand jury as partisan and prejudiced.

Dr. Hunter has at last rebelled against Hanna and his agent here, Samuel Taylor of Ohio, and yesterday efternoon sent a request to Taylor that he leave Frankfort at once and not return to meddle in the Senatorial muddle. This was not done, however, until it became known that the administration had withdrawn its support from Hunter, and that it was the desire of Mr. Hanna that Hunter should retire in favor of some candidate that could unite the party. Taylor com-municated with Mr. Hanna at once and was told to use his own discretion. He will remain, at least for a time.

The Dingley Tariff Bill Arouses Considerable Antagonism.

PARIS, April 19.—The Dingley tariff bill has aroused considerable antagonism among French mercantile circles, where it is pointed out that the measure may lead to a policy disastrous in its effects on certain Frensh industries. Some representations of this nature have already been made to members of the French government. A reporter sent to M. Hanotaux, the French foreign minister, a number of questions bearing on the tariff situation and the relations of the two republics. The French foreign office returned the following written reply:
