THE NORTHWESTERN THE TURKS TAKE LARISSA.

DISASTROUS DEFEAT FOR THE GREEKS.

COMPELLED TO GIVE WAY.

The Headquarters of the Main Grecian Army Hurriedly Removed Twenty Miles in the Interior-Elassona and Jannina Threatened by Greeks - Bulgaria Defies the Sultan.

LONDON, April 26 .- That the Greeks nave suffered a disastrous reverse at the hands of Edhem Pasha, who was only yesterday removed from the command of the Turkish force in Thessaly, is undoubted and reports of the suc-Turkish stores do not serve to soften the consternation in Athens and throughout Greece this Easter eve of the Greek church.

The first news of the disaster to the Greek arms came this afternoon in the shape of the following semi-official ancouncement: "In a fierce engagement at Mati yesterday the troops fought action upon the part of the powers. heroically until 6 o'clock in the evening and compelled the Turks to retreat. Whereupon the Turks were heavily re-enforced and our positions were shaken and the retreat was ordered. It is not yet known if the retreat was general."

Following this a dispatch from the headquarters staff on the Thessalian frontier was given out as follows: 'Our troops are concentrated along the line of Pharsalosis in consequence of these operations, the abandonment of Tyrnavo and Larissa being considered inevitable."

Then came a special dispatch from Athens saying that after a desperate battle at Mati, which was defended by General Mastophos, the Greeks were outnumbered, retreating with heavy loss, abandoned Tyrnavo and Larissa and removed their headquarters to Pharsalosis, a small town on the right bank of the Phersalitis river and at the north foot of a spur of the Chassidiari mountains, about twenty miles lue south of Larissa.

TURKEY'S TROUBLES GREAT.

CONSTANTINOPLE, April 26. - The itest advices from the seat of war in Thessaly indicate that the Greek orces have penetrated into Turkish erritory, reaching the rear of Elassona on the Mount Olympus side. This s most serious news for the Turks. The divisions of the Turkish army stationed at Monastir and Salonica are bout to start for Elassona.

In Epirus the Greek division which efeated the Turks at Fillipidia is coninuing its march on Jannina, near which place a strong Turkish force is gathered and an important battle will larming news received from Epirus is that four battalions of Albanians, be- | and will prosecute him. onging to the Luros division of the Turkish army, have mutinied and are aid to have deserted to the Greeks.

The Turkish government, some days igo, called upon Bulgaria as the vassal of Turkey to break off all diplomatic relations with Greece and to exnel the Greek consuls and Greeks. The Bulgarian government, it is now announced, has declined to comply, declaring that she will observe neutrality in the war between Turkey and Greece. This refusal of Bulgaria to acknowledge her vassalage to Turkey is regarded as of extreme importance and as foreshadowing the declaration of the independence of Bulgaria.

The ambassadors of the powers have lecided to address identical notes to the Turkish government asking that the Greeks employed by the foreign ministeries, consulates and hospitals and all Greek ecclesiastics be permitted to remain in Turkey and that the foreign consulates use their good ffices in behalf of the Greeks who represent the interests of the foreign capital and finally that in any case the Turkish government should observe moderation in carrying out the

expulsion of the Greeks. In Constantinople alone there are 40,000 Greeks and throughout Turkey 200,000. Fears are expressed that disturbances will occur during the Greek Eastertide. Nevertheless a notice was read in all the mosques yesterday enjoining the Turks not to molest the

peaceable Greeks. BRITISH SYMPATHY DIVIDED.

LONDON, April 26 .- Inteis displayed throughout to n the Greco-Turkish war, bu, the sympathies with the combatants run on party lines, the Conservatives lauding the Turks and the Liberals hoping for Greek success. In Ireland, where one would expect universal sympathy for Greece, there is an amazing amount of plaudits for Turkey, on the ground that the Turks are such good fighters.

The comments on the war are becoming more or less heated. Two lettera from Mr. Giadstone since Monday have added fuel to the fire. He says that the six powers, "with the incomparable maladroitness which has distinguished them throughout, have said, in acts, to the Greeks, 'You shan't carry on your work in Crote. We will do the war work of the Turks there. It is thus they have driven the Greeks into Macedonia. It is an incredible shame that the incomparable bungling of the powers and sacrifices of honor. decency and humanity, in order to preserve pouce, have caused war."

MILLIONS OF AID FOR GREECE The war has opened wide the purses dropsy at his house in brange, N. J., of the Greeks abroad, and quantities after an illness of several weeks.

of drafts of from \$5 to \$50 are coming from the United States and Canada for the Greek defense fund. Probably close upon \$3,000,000 have passed through London for Greece during the past three weeks. A London banker said: "We only represent four United States and Canadian banks, from which these small drafts come, but if these represent anything like a fair proportion of the sums forwarded by other American banks, which, we think, is undoubtedly the case, the total amount of money sent to Greece from America is already very close upon a million pounds sterling. Besides these American contributions, the Greek merchants of London are forwarding large subscriptions of money and material."

The Daily Chronicle and the Star have opened funds for the wounded, and the amounts subscribed will be sent to the crown princess of Greece.

LENGTH OF THE WAR.

Ambassadors of three of the powers in London believe the war will be over in three weeks, and that when the Turks capture Larissa the sultan of Turkey will appeal to the powers to intervene in the interests of policy. cusses of the warships in destroying In the meanwhile it is said that Great Britain has declined to agree to the proposition of Count Muravieff to abstain from intervention until one of the belligerents shall appeal for help, the Marquis of Salisbury being of the opinion that such an appeal will never be made, and that, in the meantime, circumstances may arise necessitating

WILL THE POWERS INTERVENE? PARIS. April 26. - A dispatch received here from Athens confirms the report that the Greeks have abandoned Tyrnavos and Larissa and have concen-

LATE WAR ADVICES.

Breeks Thought to Be in the Rear of Edhem Pasha's Army.

LONDON, April 23 .- According to the latest advices from the seat of the Greco-Turkish war, 35,000 Turks, under Edhem Pasha have captured Tyrnavo and are within an hour's march of Larissa, but are confronted by 30,-000 Greeks desperate but well nigh exhausted by their unceasing fighting since the war began.

Thus the situation of the Greeks would seem to be desperate, but it is declared that Crown Prince Constantine weakened the forces about the headquarters in order to send 20,000 Greeks to the rear of the Turks with the intention of cutting off their line of retreat and base of supplies. A portion of this army has as its objective point the Salonica rail-road, which is the solitary line of supplies for the Turkish army. With the support of the Greek fleet, which has arrived at Platamona, it is now believed that Edhem Pasha's army will be caught on the plains of Thessaly with 30,000 Greeks under Prince Constantine in front of him and 20,000 men and the Greek fleet behind in possession of his line of retreat and base of supplies. This contingency was not suspected by the Turks until yesterday. A short distance west of Milouna the Greek army has taken the pass of Reveni and is making its way into Turkish territory.

Has Edbem Been Outgeneraled?

Thus the two armies have passed each other, each going into the enemy's country. As yet nothing has been heard of the 20,000 Greeks who are in the mountains east of Milouna pass, but it was reported from Athens that at the proper time this portion of the Greek army would make an important move.

The investment of Larissa was begun yesterday by two divisions of the Turkish army which arrived within an hour's march of that town, having captured the towns of Kriechora and Badji. To meet the plan of campaign of Prince Constantine, which he now seems to fully realize, Edhem Pasha has requested the porte to order the Turkish fleet hurried to the gulf of Salonica to meet the Greek vessels. The original plan of the Turkish commander was to divide his army into two portions; one of which was to try to break through at the western end of the frontier at the gulf of Arta. while the other was to force the passes commanding the approaches to Larissa, and so by different routes adyance to Athens. The plan in the west has failed signally. The Turks have been greatly disconcerted by the arrival of a portion of the Greek fleet in western waters, the bombardment of Prevesa and the vigorous attacks of the Greek army under Colonel Manos. Instead of passing the boundary at Arta the Turks have found that the Greeks have invaded Turkish territory and that Colonel Manos is now well on his way to Jannina.

DEMOCRATIC POLICY.

Minority Attitude on the Tariff Bill

Outlined-Will Not Unduly Delay It. been some discussion of the probable program of the Democratic members of the finance committee with refererence to the tariff bill, and it is learned that, while their plans are not definitely matured, they intend to have reasonable consideration of the bill in committee, and believe that they will have the support of Senator Jones of Nevada upon any fair propo-sition they submit. The Democrats do not want an extended consideration in committee, but may desire to offer some amendments after they see the bill, the adoption of which they consider they would be more likely to secure in the committee than in the open Senate. It is said that in the Senate the Democratic plan is not to delay the bill any longer than is necessary. but that every senator desiring to discuss it shall have the opportunity to do so, and that such record-making votes as the Democrats think necessary shall be had. This policy the Democrats will pursue to the end.

Two of the state board of prison directors in interviews have said that they think Durrant should not be hanged, two others favor his hanging, and the fifth is noncommittal. Governor Budd declines to say how he will act when the petition for clemency will be presented to him, but many of his confidential friends state that the governor has privately ex-pressed his belief in Durrant's guilt. They consider it improbable that there be any executive interference with the death sentence.

TURKEY DETERMINED

SULTAN DECIDES TO CHANGE COMMANDERS.

Osman Pasha, the Hero of Pleona, Replaces sedham Pasha on the Border -Turkish Advance Toward Larissa Checked.

The Turko-Greco War.

CONSTANTINOPIE. April 24. - That the work of the Turkish troops on the Greek frontier has been disappointing to the Sultan and his advisers, and that the Sultan has become desperate as the result of the unexpectedly formidable resistance of the Greeks was made clear to-day when Osman Pasha, the hero of Plevna, the acknowledged greatest general of Turkey, was ordered to the front as commander-inchief of the Turkish army, with headquarters at Elassono, and Edhem Pasha was recalled. In addition, Saad Edin Pasha, a general of renown, was ordered to the command of the Turkish army, in Epirus displacing Ahmed Hifix Pasha, also recalled. Seventytwo battalions of rediffs, or army reserves, numbering 50,400 men, were also ordered to leave for the Greek frontier at once.

TURKS NOT SO CONFIDENT NOW.

It is stated here that one of the Turkish brigades which had been pushed forward on the plains of Larissa has been unable to advance further, owing to floods caused by rain and the consequent rise of the river Salambria. Edhem Pasha telegraphed, asking for the immediate dispatch of pontoons to enable the troops to cross the river, the Greeks having blown up the bridges. These reports have had a very depressing effect here, when taken in conjunction with the formidable resistance which the Turks have met with around Tyrnavo.

Osman Pasha for sometime had tasted all the dishes served to the sultan and seen that they were carefully conveyed untouched from the kitchen to his majesty. This is one of the highest posts in Turkey. In spite of the difficulties encount-

ered, no doubt is felt among the Turkish military men here that the Turks will ultimately occupy Larissa, though it is admitted the task will be harder than at first imagined, the government having confidently expected to capture the Greek headquarters by Tuesday morn ng last.

EDHEM PASHA TURNS BACK.

A telegram from Milouna pass reports that Edhem Pasha returned to Elassona yesterday to protect the left wing of his army and hurry the reinforcements forward. It is also positive that Tyrnavo has successfully resisted the Turks and that the Turkish advance line has retreated to Milouna pass. The Greeks are also bending every energy to carrying out their plan to get behind the Turks and cut the railroad to Salonica.

TURKISH STORES CAPTURED.

ATHENS, April 24. - After a bombardment of Katrina, on the gulf of Salonica, by the Greek squadron, had put the inhabitants of that place, the Greek fleet landed a detachment and found the Turks had left behind them immense stores of provisions destined for the armies of Edhem Pasha. These valuable stores had been left unprotected in the belief by the Turks that a blockade of Greece by the fleets of the powers would prevent the Greek fleet from attacking the Turkish towns in the gulf of Salonica, which are near the railroad to Salonica, and which have been used as points to land stores for the Turkish army and forward them to the front.

The capture of these stores places : serious difficulty in the path of Edhem Pasha and it is stated here that as soon as the Turkish commander-inchief heard the news of the capture of Platamona and Katrina, he dispatched 10,000 men towards the coast of Macedonia, fearing a flank attack from the Gulf of Salonica. The Greek fleet, in returning from the capture of Katrina. bombarded the post of Litchoro.

retary of State. WASHINGTON, April 24 .- President McKinley has decided to nominate William R. Day of Canton, Ohio, for first assistant secretary of state and ex-Congressman Bellamy Storer of Ohio for minister to Belgium. These nominations were to have been sent to the Senate to-day, but owing to that body's adjournment until Monday will

not go in until next week. The filing of the office of first assistant to Secretary Sherman ends a problem that has bothered the president considerably. Mr. Storer was slated originally for this appointment, but the nomination was opposed strenuously by Senator Foraker and other Ohio Republicans who protested against it on personal and party grounds

Judge Day, who will be named to succeed Mr. Rockhill is said to be a fine lawyer and his name has been mentioned frequently for solicitor general. He and the President are on close terms of intimacy and at the personal request of the President he recently began an inquiry as to the facts as to the death of Dr. Ruiz, an American dentist in a Spanish prison, preliminary to a visit to Cuba, where he will attend in a legal capacity the investigation by the Spanish authorisies into allegations that Dr. Ruiz was murdered.
