VICTORY FOR CUBANS!

THE SENATE ADOPTS MOR-GAN'S RESOLUTION.

The Vote Results in 41 to 14-The Outcome Applauded-Substitute Resolution Providing for Mediation Voted Down-Miscellaneous Matters.

The Morgan Resolution.

WASHINGTON, May 22.-The long and exciting debate on the joint resolution recognizing a state of war in Cuba and declaring that strict neutrality shall be maintained by the United States, passed the Senate by the decisive vote of 41 to 14 at a late hour yesterday afternoon. The announcement of the vote was received with tumultuous applause, which drew from Senator Hawley an emphatic protest against "mob demonstration." The resolution as passed is as follows:

Resolved, etc., That a condition of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba, and that the United States of America shall maintain a strict neutrality between the contending parties, according to each all the rights of belligerents in the ports and territory of the United States.

The vote on the final passage of the resolution was as follows:

Yeas-Bacon, Baker. Bate, Berry, Butler, Carter, Chandler, Chilton, Clay Clark, Cockrell, Cullom, Davis, Deboe, Foraker, Gallinger, Gorman, Hansbrough, Harris (Kansas), Heitfeld, Jones (Arkansas), Kenny, Lindsay McBride, Mantle, Mason, Mills, Morgan, Nelson, Pasco, Pettigrew, Pettus, Pritchard, Rawlins, Shoup, Stewart, Thurston, Tillman, Turner, Turple, Walthall-41.

Nays-Allison, Burrows, Caffrey, Fairbanks, Gear. Hale. Hanna, Hawley, Hoar, Spooner, Wellington, Wetmore, White. Wilson-14.

An analysis of the vote shows that the affirmative was cast by eighteen Republicans, nineteen Democrats and four Populists, and the negative by twelve Republicans and two Democrats.

Prior to the final vote, the motion of Senator Hale to refer the resolution to the committee on foreign relations, was tabled: yeas 44, nays 19.

Mr. Fairbanks of Indiana, proposed a substitute, providing that the President extend the good offices of the United States to Spain towards securing an end to the conflict and ultimate independence of the island. This, too, was tabled; yeas 35, nays 15. Then followed the adoption of the original resolution.

The voting occurred after an exciting debate participated in by Senators Thurston of Nebraska, Elkins of West Virginia, White of California, Fairbanks of Indiana, Hale of Maine. Spooner of Wisconsin and Gorman of Maryland. Mr. Thurston, who presided over the Republican convention at St. Louis, recalled the stirring scene when the convention enthusiastically inserted a Cuban plank in the platform and declared that this resolution was a partial fulfillment of that pledge. Messrs. Elkins and White urged a conservative course and an inquiry by a committee. Then came the first vote-that on the Hale motion to refer. It was a test of strength and the defeat of the motion assured the passage of the resolution Mr. Fairbanks tried to stem the tide by offering a compromise proposition, somewhat on the lines of the Cuban plank adopted at St. Louis, but it met the ame fate as the Hale motion.

Mr. Hale, in his protest, spoke with intense earnestness and feeling, and with a trace of bitterness in his words. He declared that the elements opposed to the administration-Democrats and Populists-had furnished the bulk of the vote in favor of the resolution, and that the foreign policy of the administration was thus to be die tated by its opponents. He expressed the fear that the resolution would lead to war with Spain. Mr. Spoofier added his protest against tving the hands of the administration. Mr. Gorman closed the debate, resenting the suggestion that party lines were drawn on the resolution and asserting that the administration should have dispatched a war vessel to Cuba to protect our officials on the island.

A Day of Bitter Partisan Debate-In-

No Cuban Action Until Mr. Calhous

Makes His Report. Washington, May 22. - President McKinley announced to-day, semiofficially, through Assistant Secretary Day that his policy of non-interference in Cuba would continue, at least until a report should be received from his special envoy, William J. Calhoun, notwithstanding the action of the Senate yesterday.

Whatever may be done from time to time in the legislative branch is looked upon by the president as a mere expression of opinion, carrying no authority, for he contends, as Secretary Olney did, that recognition of belliger-

ency is an executive function. The President will promptly furnish the supplies voted by Congress to suffering Americans in Cuba. The first step was taken to-day, when part of the sum voted was made immediately available by cable, Secretary Sherman directing Consul General Lee at Havana to draw for immediate ase not to exceed \$10,000, and to furnish United States consuls in Caba funds for this purpose. United States Consul Brice at Matanzas has been instructed by the secretary of state to apply to Consul General Lee for funds with which to relieve American citizens there.

and Two Administrations as to Cuba.

DENVER, Col., May 22 .- "Spain cannot drive this country into war," said Senator Teller to-day in discussing the action of the Senate in passing the Morgan resolution directing the President to declare that a state of war exists in Cuba. "This dministration is too cowardly to do anything. It is afraid of offending Spain. The passage of that resolution does not mean anything at all except that the President cannot control the Senate as he does the House. It will be defeated in the House as sure as it gets there. Reed will say it shall not pass, the President will say it shall not pass, Hanna will say it shall not pass, and the truckling Republicans in the House will yield. It does not matter at all what the private opinions of the members may be. It is evident that the administration is entering on a foreign policy as contemptible and pusil- also detachably connected with a sinlanimous as that of Cleveland was. It is a shame but there is no help for it. The people can only speak through their representatives and they are dominated absolutely by the administration. I cannot conceive of any public demonstrations vigorous enough to have any effect on the President's

policy. CRETAN TURKS PROTEST.
