Republican County Convention Call.

Loup City, Neb. Aug. 7, 1897.
Notice is hereby given that at a meet-
ing of the republican county central
committee, within and Sherman Co.
Neb. held this day, at Loup City, date for
holding the county convention was fixed
and the same is hereby called to be
held in Walworth's Hall, in Loup City
Sherman county, Nebraska at two o'-
clock, P. M. on Thursday the nineteenth
day of August, 1897.

Representation in said convention
was by said central committee apportioned
among the several townships of
said county on a basis of one delegate
from each township for every twelve
votes, or major fraction thereof cast
in such township for W. G. Whit-
more, at the general election in 1896, as
follows, viz:

Logan.....	3	Washington.....	2
Elm.....	1	Welster.....	2
Loup City.....	9	Ashton.....	2
Rockville.....	3	Clay.....	2
Harrison.....	5	Scott.....	1
Hazard.....	3	Bristol.....	2
Oak Creek.....	1		

Said convention will place in nomi-
nation candidates for the various coun-
ty offices, on the republican ticket, se-
lect delegates to the republican state
and judicial conventions, and transact
such other business as may come before
the convention.

It is recommended that the township
primaries be held on or before Tuesday,
August 17th, 1897.

M. H. MEAD,

Primary Call.

The republican electors of Loup City
township, Sherman County Nebraska
are hereby called to meet in primary
meeting on Tuesday, August 17, 1897 at
3 o'clock p. m. at Walworth's hall, Loup
City, for the purpose of nominating
township officers and the election of 9
delegates to republican county conven-
tion holden at Loup City August 19,
1897, also to transact such other business
as may come before said Primary meet-
ing.

W. T. GIBSON,
Committeemen Loup City township.

Free silver and populism are de-
preciating in value.

The volume of business for the
month of July is much greater than
that of 1892.

Wouldn't the farmers of Nebraska
be strictly in it if they had not failed
on their silver crop this year.

Silver is down another peg, and
wheat has gone up two pegs; and
editor Brown's argument that the
price of wheat and silver goes hand
in hand is cut short by three pegs.
Wonder what he'll do next.

Judge Jackson of West Virginia
has issued an injunction restraining
Debs from interfering in any way
with the Monongah company or its
employees to which Mr. Debs excepts
and threatens to over ride the in-
junction.

Editor Brown has not found out yet
that silver has gone away down and
that hogs cattle and wheat, yes, even
corn and oats are away up, or at
least he has not told his readers about
it. Come Ed., quote the prices even
if it does knock the props out from
under your political argument. It
is this kind of news that your farmer
subscribers want to read. Doubtless
it is what they are taking the paper
for.

SCALE OF PRICES UNDER democratic misrule:

Free Silver for 1896:	_____
Wheat for 1896:	_____
Free Silver for 1897:	_____
Wheat for 1897:	_____

What a pity it is that Nebraska's
crop of silver is cut short this year,
and no wonder editor Brown wants
the McKinley signs removed.

It will not take long for a conser-
vative person to tell which ticket he
should vote this fall in order to stand
up for prosperity. The present ad-
ministration has already set the pros-
perity ball rolling.

The early date which has been set
for the republican state convention,
to be held on the 26 inst; has necessi-
tated a call for an early county con-
vention and at a meeting of the coun-
ty central committee such call has
been made. The date fixed for the
county convention is Tuesday, Aug-
ust 19, at the Walworth hall, Loup
City, at 1 o'clock P. M.

The notice given for the central
committee was very short and in con-
sequence but few members of the
committee were present. Those
who were in attendance, however,
thought it advisable to transact all
necessary business, and so the call
embraces the nomination of county
officers as well as the election of state
and other necessary delegations.

The campaign will be long but
none the less important. It is high
time the ring was broken and the
county run on a more economical
basis, and that bossism be relegated
to the rear. Every republican should
put his shoulder to the wheel and
assist in not only helping to elect
the nominees but to nominate men
who are efficient to fill the position,
men whose character is above re-
proach and whose honesty cannot be
truthfully questioned.

It is said by our populist and de-
mocratic friends that the factories
have almost an unlimited supply of
goods on hand. If that is so why
is it that the shoe and harness fac-
tories are paying an advanced price
for hides? Listen to what the Chi-
cago Shoe and Leather Review of
August 7th has to say about the mar-
kets of this particular industry, it is
a fair sample of the advance in all
kinds of industries. Following is
their report: "We again report
large sales and an active and advanc-
ing market. Fully 18,000 native
steers of June and July kill were
sold by the four packers at 10 1/2 cents
and 10 1/4 cents for heavy and 9 1/2 cents
and 9 1/4 cents for light. August butt
brands have sold at 10 cents and 9
cents for two weeks and Texas steer
hides were sold at 10 1/2 cents and 9 1/2
cents for heavy and light. There is
a much stronger feeling in leather,
and the largest tanners have ad-
vanced their card rates on all kinds.
Higher prices are also noted in coun-
try hides, buffs having sold at 9
cents and 8 1/2 cents for No. 1 and No.
2."

The new law passed by the late
lamented legislature authorizes the
county judge to select the township
judges and clerks of election, and in
cases where nominations are made
for such offices he is to select alter-
nately from the tickets so nominated,
commencing with the party casting
the largest vote in such township.
In case no nominations are made he
will make his own selection. Now
we urge that at the republican pri-
maries each township be sure to name
men for these offices, for by so doing
we can get a representation on the
board, otherwise the judge may feel
disposed to recognize only his own
party in making such selections, al-
though he has asked us to get this
before our people and seems to be
fair in the matter. The law is a fair
sample of the whole doings of the
legislature. It further provides that
in case the parties so selected is not
present at the polls at the hour of
opening, that legal voters of the party
whose representative fails to be pre-
sent shall have the right to elect one
of their number to fill vacancy. In
most every case there is some one of
the regularly elected board absent
and thus a chance is given for a
general row which would likely fol-
low in case voters belonging to the
opposition party persisted in voting
for a candidate to fill vacancy. Such
a law not only breeds disturbance
but it deprives people of their fran-

chise. Populists howl about dis-
franchising people in electing the
president by a vote of the electoral
college, yet they will meet in legisla-
tive halls and pass a law that will
absolutely deprive a citizen from vot-
ing for a local officer and thereby de-
legate the power to one man. Oh,
consistency thou art a honey bee.

Last fall we were told over and
over again that prices would never
be any better until we had free coin-
age of silver. "Everything is grow-
ing cheaper, they told us, and will
continue to do so until we go to a
free silver basis." Republicans said
silver had nothing to do with it. We
agreed that protection, reciprocity,
sound finances and honest govern-
ment would bring better prices. They
always had done so, we could see
the reason for it and experience
confirmed our theories. A majority
of the people were wise enough to
adopt the theories of the republican
party. The result is too evident now
that it is not necessary even to call
attention to it. Prices have ad-
vanced sooner and faster than the
most sanguine could have hoped,
and as if to totally annihilate the
theories of the silver men, the price
of the white metal has steadily de-
clined.—York Times.

Over 20,000,000 packages of vege-
table, flower and field seed have been
distributed by the department of
agriculture during the past spring.
Over 1,000,000 of these packages
were flower seed and nearly 300,000
field seeds, the balance being a great
variety of vegetables. In the entire
distribution nearly every variety of
vegetable known to the agricultural-
ists was distributed. There were 32
varieties of beans, 10 varieties of
beets, 23 varieties of cabbage, 11
varieties of carrots, 19 varieties of
sweet corn 18 kinds of cucumbers, 20
kinds of lettuce, 10 varieties of musk-
melons, 17 kinds of watermelons
and 16 varieties of onions. The en-
tire amount of seeds distributed was
sufficient to plant an area 355 square
miles, or about six times the size of
the District of Columbia. This is
the largest distribution of seed ever
attempted by the department of ag-
riculture, and it is said that seeds-
men all over the country are com-
plaining that they do not make sales
to farmers and others because they
are getting all the seed they want
free from the department of agricul-
ture. The distribution of seed in
1894 amounted to 8,800 packages
for each member of congress, at a total
cost of \$66,548; in 1894 each con-
gressman got 16,000 packages, the
entire cost to the government being
\$57,000; in 1895 the number of pack-
ages of seeds distributed was the
same as in the previous year, but
the total cost was reduced to \$47,-
000. In 1896 congressmen got 15,-
000 packages each, and government
paid \$80,500 for the whole lot.
During the past spring each member
of congress has received 40,000
packages of seed, for which the gov-
ernment has paid \$120,000.—Ex.
