The NORTHWESTERN wishes him a safe journey, a pleasant visit and hopes to see him back again in due time.

About 15 Loup City people went over to Mason last Monday to witness the ball game between the Bloomers and the Mason City team. The Mason boys evidently thought they had a hard game on hand so sent to Loup City for three of Loup City's best players, Mellor, Walte and Ogle. Nine innings were played and the result was a victory for Mason City by a score of 15 to 20. With Mellor in the box the game was easily won. Between four and five hundred people witnessed the contest.

Quite an exciting time was had at Revena at the Sunday ball game between the Bloomers and the Haystown club. People there took exceptions to Sunday base ball playing and ordered the arrest of those who participated in the game. Two of the Haystown club were arrested and fines imposed. An attempt was made to arrest the girls but they managed to get to the car which stood on the track and locked themselves in and the officers out. The officers, however, threatened to break the car door but were informed that if they did they must take the consequences, as the car belonged to the rail road company. No further arrests were made and the Bloomers were allowed to go so and fill their next date.

REPUBLICAN COUNTY CONVENTION.

The Republican county convention was called to order last Thursday, Aug. 19, by M. H. Mead, chairman of the county central committee.

G. E. Paige, of Rockville township was elected temporary chairman and C. W. Gibson secretary.

The necessary committees were then appointed by the chair and after a recess of five minutes reported their deliberations to the convention.

The temporary organization was made permanent.

The committee on credentials reported several townships not represented and in the face of this fact, which no doubt was due to this convention being called at the very busiest time of the year, the committee on order of business recommended that we proceed to the election of state and judicial delegates and that the nominations of county officers be made at a future session of the convention, to be called by the chairman and secretary of the convention. The report was adopted and the convention settled this point by passing a resolution requesting townships that were not represented to send a delegation to the adjourned session.

The following delegations were then elected:

To state convention.—Geo. E. Porter, Geo. E. Benschoter, W. A. Wilson and E. Munn.

To judicial convention.—A. Wall, W. R. Mellor, S. J. Fair and Jacob Albers.

A. Wall was elected chairman of county central committee.

Following are the resolutions adopted by the convention:

Resolutions Adopted.

RESOLVED: That the Republicans of Sherman county in convention assembled, congratulating the country upon the certain return of prosperity and material advancement.

We invite attention to the constant decline in the value of silver bullion; and the greater disuse into which silver has fallen as primary money by the governmental action of respectable nations during the year just past formidably strengthening the doctrine maintained by the republicans party since the discussion of the demonitization of silver became a political issue in our country. The theory and argument of that champion of free silver W. J. Bryan, is being sternly refuted by the constant departure of the price of wheat from that of silver bullion.

We reaffirm the principals of the republicans party as laid down in the platform adopted at St. Louis; and upon which it won the most signal victory since the election of Abraham Lincoln, and.

RESOLVED: That we congratulate the country upon the unconditional repeal of the Wilson and free trade law.

Sincerely believing it has suffered too long from that un-American and baneful system; and that by the prompt passage of the Dingley bill, the country is assured of abundant revenue for governmental expenses, and an era of unexampled prosperity and.

RESOLVED: That we condemn the high-headed and ruthless expenditure of public funds, indulged in by the present populist legislature, of Nebraska, and its shameless malfeasance in office. That we condemn its criminal assumption of despotic power, too plainly evidenced by its removal without cause or excuse, of five members of the legislature for the sole reason that they were of a different political faith, and.

RESOLVED: That we feel keenly the shame and disgrace spread upon the records of this great commonwealth, expressed in the official acts of the executive, combined with legislative usurpation in an attempt to subvert the expressed will of the people, in wrongfully and falsely declaring to be carried certain amendments to the fundamental law; the constitution of the state, and.

RESOLVED: That the republican party still insists that public offices are public trusts, that we condemn in unmeasured terms, the defalcations that have occurred by the dishonesty of county, state, and federal officers, and especially the defalcation of J. S. Bartley last state treasurer and Eugene Moore last state auditor and that the sense of the republican party demands the swift and certain punishment of every violation of such a trust.

A very harmonious republican primary was held at the Walworth hall last Tuesday afternoon. The following business was transacted: The nomination of township officers being first in order Louis Bechtold was nominated for Supervisor, W. R. Mellor clerk, Willie Walte treasurer, J. A. Anger assessor. The following delegation was then selected to county convention: R. G. Sutton, A. Sam Schupp, Fred Heide, W. H. Morris, T. L. Pilger, Willie Walte, Geo. E. Benschoter, A. Wall and Alfred Anderson.

DROWNED IN THE LAKE.

Magnus Ohlson's Life Goes Out Before Assistance Could Get to Him.

Magnus Ohlson, a bachelor about 25 years of age, and living on Davis Creek came to town Saturday afternoon and in company with two of his neighbor boys, Frank and Richard Flinn, went up to the lake north of town to take a bath. They had been in the water but about ten minutes when Ohlson stepped out into the deep water, and it seems immediately lost his balance. From all appearances he was unable to swim. The boys noticed him going up and down in the water but at first did not think anything of it. They soon realized his condition, however, and securing a large sunflower weed reach it out to him but he would not, or did not take hold of it. Seeing that they were powerless to render him any assistance they dressed themselves and hastened to town with all possible speed to report the fact to the citizens. As soon as possible many of the citizens went up to the lake, foremost among the crowd were L. A. Williams, O. Benschoter and Jas. Bennett who with rope and chain dragged the lake and succeeded in finding the remains. It is estimated that he had been in the water fully thirty minutes if not longer, and although a great effort was made to bring him to life, it is thought that life was extinct before he was gotten out. The body was of course warm and limp and was hastily brought to town and Dr. Jones summoned. A battery was applied and other remedies to produce circulation were used but all to no purpose.

Mr. Ohlson has folks living near Yale Nebr. and a brother-in-law by the name of Wash Brown, living near Arcadia. The sad news was telegraphed to Mr. Brown at once and Mr. Brown and Mr. Ohlson's father came to Loup City Sunday morning. The remains were taken to Arcadia for burial.
