

FIVE WERE LYNCHED.

A DESPERATE GANG FINALLY DISPOSED OF.

Farmer Victims of Outlaws and Sympathizers Break Into Jail, Shoot One and Brain Two Others and Drag and Hang All Five to a Near-by Tree.

A Desperate Gang Out of the Way.

VERMILION, Ind., Sept. 16.—For years the farmers of the county have been the victims of a lawless band. Farmers would come into town with a bunch of cattle or a load of farm products, and the next morning would be found along the roadside suffering from wounds and minus the proceeds of their sale. Old German farmers were visited, and both men and women subjected to tortures. Aged German women were forced to stand upon red hot stoves to compel them to disclose the hiding place of treasures. Arrests were made, but it was seldom that conviction followed.

During the past week robberies had increased alarmingly. On last Saturday word was received by the sheriff from one of the band that the store of Woolley Bros., at Corret, Ind., ten miles from here, was to be entered, and the sheriff arranged that his informant should accompany them, and with five deputies, went to the place. Sheriff Bushing concealed himself in the cellar, while his deputies were stationed at a convenient distance outside. Shortly after midnight the robbers reached the store, and Clifford Gordon and the sheriff's informant broke into the building.

ROBBERS AND OFFICERS FIGHT.

Just as Gordon stepped inside the sheriff seized him. Both drew revolvers and began firing. Bert Ansons, another of the robbers, joined in the fusillade, while the deputies went to the assistance of the sheriff. Some thirty shots were fired, the sheriff was shot through the hand and Gordon was shot several times. Gordon and Ansons succeeded in escaping and came to Osgood, where they were arrested.

The robbers had driven out to the place in a buggy belonging to Lyle Levi, and from information subsequently gathered it was learned that the robbery had been planned at the home of William Jenkins. The two latter were arrested as accessories. All were taken to the jail at Versailles, Henry Schuler, 24 years, was put in jail for robbing the barber shop at Osgood last week. Levi was 57 years of age, Gordon 32, Ansons 39, Jenkins 27.

When it became known that the robbers were in jail it was quietly suggested by the farmers who had been robbed that "justice" be summarily dealt to the prisoners.

At 1 o'clock this morning horsemen from all quarters dismounted on a hillside near Versailles and about 400 men marched into the town. The jail was in charge of William Kennan, Sheriff Bushing's brother-in-law, the former being at home on account of his injury. In front of the jail is the residence proper, and there Kennan, Robert Barnett, William Block and Wissett, deputies, were sleeping.

LYNCHERS SHOW NO MERCY.

Shortly before 2 o'clock there was a knock at the door, and when Kennan and the others opened it three masked men put revolvers to their heads and ordered them to turn over the keys. This they did and the mob filed into the jail. Levi, Jenkins and Schuler were upon the lower floor, while Gordon and Andrews were in the upper tier. Levi and Jenkins and Schuler showed fight and the former was shot through the breast, while the skulls of the two latter were crushed with stools.

Ropes were in readiness and the lynchers adjusted a noose around the neck of each and pinioned their feet and hands and then the march began. They were not carried, but with several men at the end of each rope, were dragged 300 feet to an elm tree, where their bodies were suspended. It is said Levi, Jenkins and Schuler were dead before they reached the place. Death resulted from hanging in the cases of Gordon and Ansons.

None of the citizens seem to deplore the action of the mob, but upon the contrary the hanging of three or four more members of the gang is being talked of. No troops have been asked for; the citizens say that they are not wanted.

GOVERNOR MOUNT AROUSED.

INDIANAPOLIS, Ind., Sept. 16.—Governor Mount sent the following to the sheriff of Ripley county: "Write me at once the particulars of the lynching that has occurred in your county. I further direct that you proceed immediately with all the power you can command to bring to justice all parties guilty of participating in the murder of the five men alleged to have been lynched. Such lawlessness is intolerable, and all the power of the state, if necessary, will be vigorously employed for the arrest and punishment of all parties implicated."

The women will this winter wear their hats topsy-turvy. That is, on one ear.

Senator Wellington Quits.

BALTIMORE, Md., Sept. 16.—United States Senator George L. Wellington today resigned the chairmanship of the Republican state central committee, thus relinquishing the leadership of the party in this state, which he has held for the past three years. This action is the direct result of the Senator's defeat at the recent convention in Ocean City. In resigning Senator Wellington delivered a very bitter speech, in which he predicted defeat for the Republican party in Maryland.

A CO-OPERATIVE RAILWAY.

The Charter of a Company Formed on Strictly Original Lines Filed.

TOPEKA, Kan., Sept. 16.—A charter for the American Pacific railway, a co-operative scheme with many odd features, was filed with the secretary of state today. The statement gives as the purpose: "In order to more perfectly unite and combine private interests with the public good for the mutual advantage and welfare of both and to do so in such a way as to interfere as little as possible with what already exists, to provide permanent homes and employment for as many as possible of those who may engage in its service, to relieve distress everywhere prevalent and to avert the danger that menaces society because of enforced idleness and the constantly increasing number of homeless people, we do associate ourselves into a lawful company to carry on the lawful business below specified."

The business specified is to build a railroad from Savannah, Ga., and Jacksonville, Fla., through Georgia, Alabama, Louisiana, Texas, New Mexico and Arizona to San Diego, Cal., with a north and south branch from Velasco, Texas, straight north through the Indian Territory, Kansas, Nebraska and South Dakota to the Canadian line in North Dakota, passing through Topeka, Kan., and Lincoln in Nebraska. Another line is to go through Texas and into Mexico, ending at Topolobampo bay.

C. R. Kuichen of Breckinridge, Tex., J. C. Jones of Crystal Falls, Tex., Peter Swanson of Caddo, Tex., W. H. Sprout and D. L. Filley of Honduras, W. B. Hunter of Riverside, Cal., and E. B. Hunter, S. N. Keim and Hattie J. Kirkwood of Franklin county, Kan., are named as directors.

The charter says that except in cases of emergency employees shall not work more than eight hours and, after six days of faithful service employees shall be entitled to their jobs and can not be discharged except for good cause.

YELLOW FEVER SPREADS.

Three Cases Officially Announced at Mobile—People Leaving.

MOBILE, Ala., Sept. 16.—Three cases of yellow fever were officially announced yesterday by the board of health. This caused much more alarm than did the discovery of the first case, which was regarded as sporadic. The people who can be leaving for points of safety. Some 8700 worth of tickets to Atlanta were sold today by the Louisville & Nashville railroad, and the trains are leaving crowded. The same is true of the trains on the Mobile & Ohio.

Out of a population of twenty-five, only three persons in Barclay have not had the sickness, and the percentage of death has been what is usual in yellow fever epidemics.

There are several new cases reported today at Ocean Springs, and of the number of ill at Biloxi, fifteen are reported as suffering with yellow fever. At Ocean Springs, Dr. Wasdin, of the Marine hospital staff, is receiving the best of attention, and it is hoped he will pull through in a few days.

JACKSON, Miss., Sept. 15.—This has been another day of excitement and anxiety to the people of Jackson. The city is now surrounded on all sides by an armed guard and the quarantine rules are enforced with great strictness. The principal cause of alarm to the people of Jackson came from Edwards, only twenty-five miles distant, where there are now thirty-five cases of dengue, at least three of which were reported last night to be considered suspicious.

Business in Jackson is at a complete standstill.

MILLIONS FROM KLONDIKE.

The Steamer Excelsior Reaches San Francisco With a Big Precious Cargo.

SAN FRANCISCO, Sept. 16.—The steamer Excelsior which left St. Michaels, Alaska, six weeks ago, but was compelled to put back to Unalaska for repairs, having broken two blades of its propeller, arrived here this morning with sixty-three passengers and about \$2,500,000 dollars in gold.

Oklahoma Jail Delivery.

GUTHRIE, Okla., Sept. 16.—Four prisoners, aged from 16 to 29, confined in the jail at Cho-cho, charged with arson and robbery, picked the locks on their cells, sawed the bar on the outer door and escaped. Fred Horn, aged 18, charged with murder, refused to go, but went to prayer meeting and notified the sheriff of the escape of the others.

Ex-Empress Charlotte Dying.

RUSSELL, Sept. 16.—Charlotte, ex-empress of Mexico, is so dangerously ill that her death is feared at any moment.

Green Postage Stamps.

WASHINGTON, Sept. 16.—The secretary of the treasury and the postmaster general, after consultation with the president, have decided to change the color of the current 2-cent postage stamps from carmine to green of the shade now used on government notes. The 10-cent postage stamp, which is now printed in green, will be changed to some other color, possibly carmine. It is thought that green is a more desirable color than carmine, besides saving the government about \$10,000 in the difference in cost between the two inks.

RETURNING TO WORK

THOUSANDS OF COAL MINERS BUSY AGAIN.

The Great Walk Out Cost the Men About \$2,125,000 in Wages—The Fight on the New York and Cleveland Company to Be Longer Continued.

Rejoice Over the Compromise.

PITTSBURG, Pa., Sept. 17.—Hundreds of miners were present at the Western Pennsylvania conference yesterday, and all were rejoicing at the compromise, and eager to return to work. Patrick Dolan, district president, received reports that 5,000 strikers had already returned to work and that many more were preparing to do so. For this reason, and also because he was dissatisfied with the Columbus agreement, which he held, discriminated against this section, he introduced a resolution to allow the strikers to resume at once, and made a speech denouncing the ten days' clause as an outrage. After considerable debate the resolution to resume at once at 65 cents per ton was adopted by the vote of 109 to 4.

Other resolutions adopted created a scale committee for the year; require mines to close down on October 1, where the company refuses to weigh coal before screening; determine to continue camps at the mines of the New York and Cleveland Gas Coal company, and assess workmen 5 per cent of their wages for the expense, and heartily endorse the uniformity agreement.

This morning between 10,000 and 15,000 coal miners in this district returned to work. All of the other 23,000 men in the district, except those at the New York & Cleveland mines, will be at work by Saturday. It is estimated that the strike, which lasted sixty-five working days, cost the people of the Pittsburgh district from \$3,000,000 to \$7,000,000. Of this amount the miners lost about \$2,125,000 in wages. The strike against the DeArmitts will continue indefinitely.

WOMEN FORCE MEN TO STRIKE.

HAZLETON, Pa., Sept. 17.—Two hundred and fifty foreign born women of the McArdoo and Audenreid district, armed with clubs, rolling pins, poker and any weapons they could find, invaded the washeries, which had hitherto been working, and forced 300 men to quit work. As the men were husbands, sons or brothers of the women, in most instances, they made no resistance, although this is the first successful movement to get them out. In every other part of the region quiet prevailed. The strike may now be said to be general, as there is not a colliery of importance in operation.

STRIKERS AND A DEPUTY SHOT.

CHATTANOOGA, Tenn., Sept. 17.—After the trouble of Tuesday night between United States deputy marshals and the Standard Coal company's strikers, the strength of the former was doubled, with orders to protect imported non-union miners who had gone to work, but 200 strikers appeared near Jellico last night and after they had been driven away fired from ambush, wounding a deputy, whose companions returned the shots, badly wounding three miners.

TYPHOID AT DAWSON.

Disease Added to the Other Perils of the Klondike Gold Seekers.

SAN FRANCISCO, Sept. 17.—John Sibbey Webb, attorney at Washington, D. C., for the Alaska Commercial company, who had been to Dawson City and the Klondike mining district for the sole purpose of informing himself of the conditions of living there and in Alaska generally, returned on the Excelsior. Today he said: "I have been all around the coast route as it is called, and up to Dawson. I have visited the mining camps of Bonanza creek and some of those on Eldorado creek. Dawson is low and flat and even. In the height of summer the ground is frozen half a foot below the surface, and ice is encountered beneath the muck. The development of the creeks was followed by the washing down into the river above Dawson of large quantities of refuse. Sweeping by the very doors of the inhabitants of Dawson it is no wonder that there should be sickness and death. In the little cemetery there, there lay no less than twenty victims of typhoid fever, and now the number has no doubt been increased considerably. The drinking water at Dawson is very bad, and this adds to the sickness."

African Chiefs Punished.

LAGOS, West Coast of Africa, Sept. 17.—The trial of the King of Beniu and his chiefs, who surrendered August 5 to the British authorities and who were charged with being concerned in the massacre of an unarmed expedition under Phillips, the British consul, is proceeding at Beniu city. Three of the chiefs were condemned and two of them shot and their bodies left hanging in the streets for twenty-four hours. The third committed suicide.

Draw Their Husbands' Last Pay Checks.

TOPEKA, Kan., Sept. 17.—Five black robed women walked into the office of the treasurer of the Atchison, Topeka & Santa Fe railway yesterday. They were Mrs. James Branson, Mrs. Nat Hollister, Mrs. W. W. Frisbie, Mrs. Edward Connelley and Mrs. John Shrey. Wives of the engineers killed in the Santa Fe wreck at Lang last week and had come to draw the pay checks for the work done by the men up to the day of their death. The company has done nothing toward settling with the families of the dead employees.

YELLOW FEVER PANIC.

Business Suspended at Jackson, Miss., and the People Fleeing.

JACKSON, Miss., Sept. 17.—All the fears of the citizens of Jackson in regard to the sickness prevalent at Edwards have been realized. Dr. Guiteras, the expert, has confirmed seven cases of yellow fever and says there are many suspects.

First the cases were reported as malarial fever, then after a time they became dengue fever. Another wait and they were pronounced suspicious, and finally declared to be the genuine yellow jack. During all this time the disease has been spreading rapidly at the rate of six new cases daily, until there are now forty cases in existence at Edwards. The evolution of the disease from malarial to yellow fever was such that the people now regard dengue as simply a more convenient term than yellow fever.

A panic has prevailed in Jackson today. Everybody has left town that could do so. The business houses have closed and the newspapers have suspended publication and closed their offices. Jackson has a population of 10,000, and two-thirds of these have deserted the city.

REFUSE TO REAFFIRM.

New York Democratic Committee Refuses to Reaffirm.

NEW YORK, Sept. 17.—The Democratic State committee refused yesterday to accede to the demands of the free silverites that the principles of the Chicago platform be reaffirmed. The committee met by authorization of the Democratic State convention of last year to nominate a candidate for chief judge of the court of appeals. Alton B. Parker of Kingston was the choice of the committee. The nominee is said to be acceptable to Tammany hall and to ex-Senator David B. Hill and his following. The committee expelled from its membership County Clerk Henry D. Purroy, who has for more than a year disputed the Tammany leadership of John C. Sheehan.

The committee gave a hearing to committees representing the Loyal Democratic league and other free silver organizations of the Democratic party who urged the propriety of a reaffirmation of the Chicago platform, and after courteously dismissing the petitioners, adjourned, no resolution pro or con having been introduced.

Mormons at Work in England.

LONDON, Sept. 17.—The efforts of Mormon missionaries to proselyte in the rural districts have excited a good deal of attention of late, and all the more because of the apparent success of the propaganda in certain localities. One of these is the town of Luton, in Bedfordshire. For the last few nights the town has been almost in a state of riot, the populace hooting and pelting the three young missionaries who are endeavoring to persuade the wives, daughters and sisters to exchange Luton for Salt Lake City. The local constabulary has the greatest difficulty to prevent the male section of the inhabitants from making short work of the missionaries.

Cracker Companies to Unite.

CHICAGO, Sept. 17.—Well defined rumors were current on La Salle street today that an end had been reached in the war of the biscuit companies and a plan of consolidation, embracing the New York Biscuit company, the American Biscuit company and the United States Biscuit company, agreed upon. These companies have a combined capital stock of \$30,000,000 and practically control the entire output of the United States.

August Exports.

WASHINGTON, Sept. 17.—Domestic exports for August were the largest of any August of which the bureau of statistics of the treasury department has any record. They were valued at \$79,497,820, as against \$66,680,981 in August, 1896, an increase of \$12,807,939. For the eight months ended August 31, 1897, they amounted to \$629,434,371, an increase of \$69,217,387 over last year.

Thurston Is for Annexation.

WASHINGTON, Sept. 17.—Senator Thurston, of Nebraska, who is in Washington, was asked as to the truth of the report that he would oppose the ratification of the Hawaiian annexation treaty. "Nothing," replied the senator, "could be further from the truth. I am now, as I have been for years, an ardent annexationist, and I shall do all that I can do to promote the approval of the treaty when it comes up."

DEALT WITH BY MOB.

DIAZ'S ASSAILANT MEETS A VIOLENT DEATH.

A Mob of Two Hundred Men Belonging to the Common People Force Their Way Into the Jail and Visit Summary Vengeance on the Culprit.

Riddled With Slashes.

CITY OF MEXICO, Sept. 18.—At 1 o'clock this morning a mob of fully 200 men, belonging to the common people forced their way into the municipal palace where Arnulfo Arago, the drunken notary clerk, who struck President Diaz a heavy blow on the back of the neck yesterday when surrounded by distinguished men, was confined, ascended the stairway, overcame the guards and made their way to the office of the inspector general of police, bent upon avenging the attack on the president. Arago was found sitting in a chair and was stabbed repeatedly and left dead on the floor.

The assistant chief of police, who was sleeping in an adjoining room, awakened by the noise, arose and ran to the balcony, firing his pistol as a signal for help. At the same time he called a policeman, who was in sight, to make an attempt to detain the lynchers, who were making their escape. The firing of pistols and the whistles of policemen brought other officers, who succeeded in capturing twenty of the mob.

It was not long before the inspector general and Inspector Villavieco arrived on horseback. When the police entered the room they found the body of the dead man lying in the middle of the floor literally riddled with knife stabs. At his side were found a door bar and several knives and other steel instruments. The body was removed to the Fourth ward police station municipal hospital.

The gendarmes who were guarding Arago were unarmed. If they had been they would have fired on the mob. There is every reason to believe that hundreds knew of the plans of the mob.

ROUTED BY AMAZONS.

Women Assault and Drive Out the Coal Miners.

HAZLETON, Pa., Sept. 18.—This morning over 100 men who had been driven away by women yesterday reported for work at the Monarch washery at Audenreid, when the women, armed with sticks and stones, reappeared and swooped down upon them. Some of the women stationed themselves on top of a culm bank, ready to pelt the men, but violence was averted by the men promptly quitting work. At the Star washery about 100 of the 135 men returned to work, but the women threatened to drive them out and they are not expecting to work more than a few hours.

As soon as the reports of the disturbance reached General Gobin he sent a squad of troops to the scene. When the cavalry reached there all attempts at violence had ceased, but the women followed the troops about the streets, hooting and cursing them. A storekeeper at Audenreid declared this morning that his entire stock of revolvers had been sold during the past few days.

Reports from Cranberry confirm the report that the powder house of Edward Turnbach, a deputy sheriff, had been broken into early this morning by strikers, who had stolen a quantity of dynamite. Details of the robbery were not obtainable. A squad of soldiers was sent there this morning.

General Gobin is in a quandary over the raids made by the foreign women. He says he cannot order his soldiers to fire upon them, even in the event of graver trouble, and he is seeking means of keeping them in subjection. He has received word from Governor Hastings to suppress trouble wherever it may break out, regardless of county lines.

The brigade commander said today that the big mass meeting fixed for next Saturday night, which is to be addressed by P. J. Maguire and other prominent labor leaders, will not be interfered with unless incendiary speeches are made. There will be a guard of soldiers there to suppress any such agitation. He is trying to conciliate Fahey and other leaders, who are asking for a speedy withdrawal of the troops.
