NEBRASKA.

OMAHA, Nov. 3.-Returns from the state are still delayed, but those at hand indicate that the republican candidate for supreme judge has made some gains. It is not likely that these will be sufficient to wipe out the lead of nearly 22,000 that Judge Sullivan has at this writing. Post has a ma-jority in Douglas county of 1,639. All of the county and city officers elected are republican. 'McDonald, for sher-riff, has a majority of 3,122. Returns on the two bond propositions are not yet complete, but it is practically set-tled that the exposition bonds have carried by a safe majority.. The greatest opposition was in the country, but this was not sufficient to offset the heavy affirmative vote that was registored in the city.

OMAHA, Nov. 3 .- The World-Herald says: Complete returns on the head of the ticket from the following thirty-one counties, outside of Douglas, representing just about one-third of the vote of the state, gave Judge Sul-livan 36,918 and Judge Post 28,573. The same counties last year gave Forter 39,400 and Piper 30,955. This makes Judge Sullyan's lead over his competitor just 105 votes less than Porter's lead over Piper in the same thirtyone counties.

These counties. These counties were: Boone, Da-kota, Fillmore, Nemaha, Lancaster, Pierce, Butler, Greeley, Hitchcock, Howard, Jefferson, Keya Paha, Knox. Nance, Otce, Polk, Saunders, Rock, Dundy, York, Colfax and Hamilton,

Taking into consideration the usual gain of the republicans in Douglas, the completion of the count will probably see Sullivan's majority but little if any below that of Secretary of State Porter a year ago, or very closely ap-

proximating 14,600 . The Hee says: "Forty-six counties in which the count has been completed exclusive of Douglas and Lancaster, give Sullivan a plurality of 6,300. changes since 1896 shown by the vote are startling. On the returns complete at repub-lican state headquarters the democrats will have a majority of two in the senate and the republicans of seven in the house. In the claims the fusionists from Cincinnati are all counted as democratic. The republicans can organize the house without fusion.

CINCINNATI, O., Nov. 3.—The four republicans elected on the fusion ticket for the house in Hamilton county are Charles F. Droste, John C. Otis, Dr.R. W. Lane and Frank H. Kemper.

The Times-Star prints interviews with all four, in which Kemper says he will vote for the republican caucus nominee; Otis will oppose Hanna, but is otherwise noncommittai; Lane is a free silver man and will probably vote with the democrats on local meas-ures, is unpledged for senatorial candidate; Droste is free silver and he will vote for a senatorial candidate who agrees with him. Voight, the fusion republican senator, has not been interviewed.

OHIO.

COLUMBUS, O., Nov. 3.-At this witing both parties are now claiming both the state offices and the legislature, the only reservation being the state ticket on the part of the demo-crats. ChairmanMcConville at 10 a. m. claimed the election of the democratic state ticket, as well as a majority in the legislature.

At 10 a. m. Chairman Nash was revising his figures on both the state ticket and legislature. He said there was no longer any doubt about the republican state ticket, although the plurality was much smaller for the republicans than had been expected. He said the legislature had a republican majority of two on joint ballot, as follows: Senate, 17 republicans, 16 dem-ocrats, 3 doubtful. House, 57 republicans, 50 democrats, and 2 doubtful. There are 145 members of the general

assembly and this would give the republicans a majority of two on joint ballot for United States senator. The Dispatch, an independent paper, has specials today from all the close

counties and it makes the legislature on joint ballot stand seventy-three republicans to seventy-two democrats and says there is no doubt about this result.

In the event of the republicans controlling the legislature it is conceded that Senator Marcus A. Hanna of Cleveland will be returned to the senate. In the event of the democrats controlling the legislature it is almost equally certain that John R. Mc-Lean will be senator. The residence of the former in Cleveland and of the latter in Cincinnati are in constant communication with their respective headquarters in this city. The republicans claim Bushnell for

governor, and the rest of the republican ticket has been elected by a good 8,000 plurality and that the republicans will have a majority of two on joint ballot of the legislature for senator. The republicans concede that they will not have a majority in the state senate, which would prevent the parsage of what are known as "ripper" or any other partisan legisla-tion. The republicans claim sevenof the thirty-six

Van Wyck, Tammany candidate for mayor of New York, has 81,548 plurality over Seth Low and 118,401 over General Tracy. The state legislature remains republican. The senators,

holdovers and the new house of assem bly stands 85 republicans to 68 demo-crats. Ten of the newly elected republican assemblymen are said to be anti-Platt. In the present senate the republican majority is 30; in the house, 78. Chauncey M. Depew, who supported Tracy, said today that the election re-

sulted just as he feared it would. "We made the best possible fight, but the hope of victory against Tammany with the anti-Tammany forces divided is almost futile. The wonderful showing made by Mr. Low is surprising, to say the least.

"Those who are inclined to view this election in New York city as being of national significance are away off in their reckoning. New York is a cos-mopolitan city. The inhabitants of London are nearly all English, the people of Berlin are Germans solidly, the people of Paris are nearly all French. New York has only about 20 per cent of Americans-that is, American born people. The rest are from Europe and all parts of the "orld. And they retain the habits, language and characteristics of their native coun-

"The election issue in New York has no national significance, but with an alarming falling off of the republican vote in the state, with heavy losses in New Jersey, Ohio and other states, the republican party is confronted with the incontrovertible truth that Bryanism and bimetallism are not dead. It warns them that they must take steps at once and emphatically to settle this currency question beyond any hope of reopening it.'

MARYLAND. BALTIMORE, Nov. 3 .- State Senator Norman B. Scott, chairman of the republican state central committee, this afternoon made the following statement concerning the legislative question:

"It does not avail now," said he, "to do any claiming that will not be sub-stantiated by the returns. We have sixteen republican senators to nine democratic, and one doubtful, al-though I am assured that both the republican senator and member of the house were elected there. Of the sixteen senators, nine were holdovers. We have a majority of one in the house and either seven or nine on the joint ballot. This is my claim, and it will be found that it will be substantiated. This is a little too close for comfort. but a small working majority has some benefits, for it always results in cem-enting the party together for good legislative work.

MASSACHUSETTS. BOSTON, Nov. 3 .- The entire vote of the state, with the exception of the town of Gosnold, was completed tonight and the returns give Wolcott 165,370; Williams, 79,414; Everett, 14,-134.

George Fred Williams, democratic candidate for governor, has given out a statement o, the election in which he says in part:

EXAMINED AND BOUND OVER FOR TRIAL.

He Will flave to Answer for Forgery, for Ottering Forged Paper and for Attempting to Obtain Money Under False Pretenses-A Clever Swindler and a Man With an Interesting History.

Henry Under Arrest.

Henry, the bank swindler, had his preliminary hearing this morning before the county court, says a York dis-patch to the Omaha Bee. He waived examination and was bound over to the next term of district court. His bond was fixed at \$1,000. In the charges filed against him there are three counts, alleging him to be guilty of forgery, uttering forged paper and attempting to obtain money under false pretenses.

Henry has an interesting history. His clever swindle at York, where he obtained \$460 on a forged draft from the First National bank, was but one of many operations of the same character which he has carried on in different parts of the country. His capture rids the bankers of the United States of the last of the systematic swindlers and forgers that have been operating in the past decade upon banking institutions. The National Bankers' association, under whose direction the matter was put into the hands of the Pinkerton's, feels elated over his capture. The officials of the York bank have been very aggressive in pushing the matter. They, in connection with the bankers' association and the detectives, have spared no

pains or expense. On last Saturday Assistant Superintendent Erel of the Pinkerton agency, who had been detailed for this case, wired the York bank that the man had been traced to Hampton, Ill., a smal town ten miles north of Rock Island, where he was living with a family. President Post, who was at the time on a fishing trip to the Loup river, hurried to Rock Island to meet the detective. Henry was away from home, and it was not until Thursday that he was aprehended at Rock Island on his way back to Hampton. He at first denied all connection with the York affair, but upon being shown the evidence against him he confessed his identity and guilt and agreed to ac-company the officer to York without a requisition. He exonerates F. Clark, the man who introduced him to the cashier of the bank, from complicity in the scheme,

It has been learned that Henry has operated in the last two years under assumed names upon banks in Den-ver, San Antonio, Tex., Atlantic, Ia., Aberdeen. S. D., and also in Burlington, Ia. His game in general was the same as he worked here, the depositing of a forged draft and the withdrawal in a day or two of part of the deposit. Henry is a good talker and of meek, inoffensive demeanor. He was dark hair and eyes, and when in York He last March was smooth shaven. now wears a moustache. Cudahay Packing Company Awarded

First Prize at Nashville. Nashville American: "The Cudahy Packing company of South Omaha has again scored a triumph, the jury of awards of the Tennessee centennial having given them the large gold medal as a testimonial of the superiority and general excellence of their prod-ucts. It is doubtful if any exposition ever held has had a more competent or experienced jury of awards than the Tennessee centennial exposition, and certainly they were experts in the mat-ter of judging the worth of goods such as were exhibited in the contest, for among the six judges were Prof. F. W. Clark, at present connected with the United States Geological survey, and for ten years professor of chemistry in the University of Cincinnati, and Charles Richards Dodge, special agent of the United States Department of agriculture, who was a member of the jury of awards at the Paris exposition, where he represented the United States government and also a judge at the Chicago and Atlanta expositions. The awarding of the gold medal by such ex perts as these is worthy of comment. "Although the youngest of the larger packing companies, the Cudahys have become the largest packers in respect to the number of products packed and third in the amount of their output. At the present time they are placing more goods with southern trade than ever, and their exports for this year are more than double those of last year, which gives to the causal reader an idea of the rapidity of their

present growth. "In the contest which found its close in yesterday's decision of the judges, the Cudahy Packing company received the gold medal for their superior packing house products, together with hams, Rex lard, breakfast bacon, Rex canned meats, Rex beef extract and their Diamond "C" soap, which is fast achieving a world-wide reputation. For each and every single exhibit and for the exhibit collectively this company drew forth the praises of the jury of awards and secured their unanimous and hearty endorsement.

"In determining the relative superiority of the canned meats offered in competition the judges found that the Cudahy Packing company's prod-ucts were made of the choicest meat from cattle in the pink of condition and that great care had been exercised in the selection of the choicest portions. the tough parts being rejected as unfit to be offered to the public under the great seal of the Cudahys. A claim was immediately filed for a widow's pension, but after dragging along for six years it was finally rejected by the Cleveland administration on the ground that the widow had not been able to prove her husband's death and that the money, therefore, could not be paid until seven years had elapsed. The seven years expired on July 8 last and Senator Thurston, at the request of Mrs. Wilson's friends, had the claim made "special," with the result that it has been allowed to date from May 25, 1892, at the rate of \$8 a month.

The house has 100 members, of whom the republicans have elected sixty-one and the populists and democrats thirty-These figures are subject to alight variations, probably to the advantage of the democrats.

The republicans lost four members of the senate and the house compared with the last legislature, which was overwhelmingly republican.

OHIO.

COLUMBUS, O., Nov. 3 .- This has cen a day of anxiety with the Ohio niliticians. It opened with the repub-leans and democrats both claiming of their state tickets and ority of the members of the leg-

ors, with eighteen conceded to the democrats and one doubtful. They claim that fifty-seven members of the hours are theirs, conceding forty-eight to the democrats, with four doubtful. If the democrats should secure all of these doubtful members the republicana still claim a majority of two on joint ballot.

Allen O. Meyers of the democratic state headquarters says: "Not one of the fusion Cincinnati ticket will vote for Hanna.'

A republican says two of the republican representatives elected will not vote for Hanna. He can be elected without them if the republicans have seventy-four on joint ballot, as now claimea.

GREATER NEW YORK.

NEW YORK, Nov. 3.-The result of the first municipal election in Greater New York completely reverses the conditions of 1896, when Mc-Kinley's plurality in the same territory was 56,865. The plurality of Van Wyck, Tammany candidate for mayor, about 85,000, and the entire ticket is elected with majorities ranging from 70,000 to 100,000. Coler's plurality over Fitch, republican, for comptroller, is over 100,000. Both Van Wyck and Coler were free silver adherents in 1896.

Such a rush to the polls has never been known, except in presidential years. Rainy weather failed to dampen civic enthusiasm. The registration was abnormal. The total of 567,246 was only 11,452 behind that of 1896. Last year only 6.66 per cent failed to vote for president, and the estimated total vote this year of 528,000 shows that the failing of does not much exceed that of 1896.

NEW YORK STATE.

NEW YORK, Nov. 3 .- Returns indicated that the republican landslides of the past two years have been reversed, if not by giving as large majority for the democrata, at least by changing something like 249,000 voter. SOUTH DAKOTA.

SIOUX FALLS, S. D., Nov. 3 .- Out of eight judicial circuits in the state the republicans elected five judges. The democrats elect in one and the populists win in the two Rock Hill circuits. The republican victories come as a surprise to the republicans as well as the opposition. In the Second circuit Judge Jones overcame a populist majority of 1,100 and won by a majority of 700. W. Jones, of Sioux Falls; fourth circuit, Frank B. Smith, of Mitchell; fifth circuit, A. W. Campbell, of Aberdeen; sixth circuit, E. Gaffey, of Pierre; eighth circuit, W. G. Rice, of Deadwood.

In the third circuit the fusionists have doubtless elected Julian Bennett, of Watertown, and Levi Mc, lee, of Rapid City, in the seventh circuit.

COLORADO.

DENVER, Nov. 3 .- Returns from the state are meagro and the result is still in doubt. The News says that William H. Gabbert, democrat and populist candidate for judge of the veme court is probably elected by 8,000 majority. The Republican asys that Charl-s D. Hayt, republican and silver republican candidate, will have 3,000 majority or more.

KANSAS.

TOPEKA, Kas., Nov. 3.-At a late hour tonight the returns from Tuesday's election in Kansas are still very incomplete. The indications are that the republicans have elected eight of the thirteen district judges voted for. Among republican leaders here it is positively claimed that the republicans have elected ten of the judges, and they concede three to the fusion-

Stealing Everything in Sight.

Harness thieves are again getting in their work in this community, says an Elmwood dispatch. ...bout two weeks ago R. T. Pope, who resid(s three miles south and two miles east of Elmwood, purchased a fine \$40 set heavy work harness. He kept it hanging in the house and it was but three or four days until some one enthe house and stole the lines tered from the harness. He came to town, bought some new lines, and sometime last night some person or persons stole the whole harness, taking with it a couple of old collars. This morning when Mr. Pope discovered his loss he immediately set about to find the thieves, who drove a single horse and buggy, which he traced a couple of miles and then lost sight of. Thieving about the country is getting a little too numerous, hardly a night passing but what some farmer is minus some poultry or other articles.

State Exposition Fund.

Messrs. Poynter, Whitford and Dutton, the special committee of the Nebraska state exposition commission to report on a division of the fund among the various interests of the state, made a report at the session of the commission recently. The report has not yet been ected on, but it is believed it will not be very materially changed. It is as follows:

Building, \$17,000; agriculture, \$10,-000; horticulture, \$9,000; dairy and poultry, \$2,500 each; floral and forestry, \$4,000; live stock, \$5,000; education, \$4,000; aplary, \$1,500; directors' sal-aries, \$4,500; office expenses, \$600; office force, \$3,500; miscellancous space. \$1.000; building space, \$3,500; making a total of \$68,660.

An Iowa man who travels over much of Nebraska says that from a careful estimate he figures that in the past six months there have been bought and shipped into Nebraska 900,000 head of sheep, and that a large number more have been contracted for. He said the people did not realize that sheep raising had suddenly become one of the leading industries of the state and that it will result in a large increase of wealth in a single year. The average value of sheep in this state is \$3.50 a head, and, according to his figures, the flocks brought into the state in the last three or four months are worth Over \$3,000,000

Chicory Factory Starts.

The American Chicory company has started its plant at Fremont. During the summer some improvements have been made in the machinery and everything placed in good shape. The total amount of chicory beets dried at Fremont this year will be considerably less than last season, the management estimating it at only 5,000 tons. The yield per acre is smaller than last year. which was an exceptionally favorable season for raising chicory, but will be large enough to make the crop a profit-able one to the farmer. The company has recently shipped a large quantity of the dry root to Omaha to be prepared for the market. The demand for chicory is improving and many new customers are being added to the company's list. As it is not practicable for the factory to shut down during the season, two full crews are employed of about fifteen men each. The factory will probably be in operation about eighty days this season.

Honeymoon Soon Ended.

Chicago dispatch: Death robbed a tride of her husband at the Palmer house today shortly after noon and turned a honeymoon that had just begun into a season of tears and mourning, with but a few hours' warning. Alonzo Barnes, a wealthy and prom-inent real estate dealer of Lincoln, Neb., came to the city last Thursday morning with his bride. His 72 years sat lightly on his shoulders as he mingled with the guests of the hotel and shared in the plans of his companion for the future. A sharp pain in his heart, a hurried summons for a physician, and all was changed. He died of heart disease within an hour after the true gravity of his complaint had been realized.
