## The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing, Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the users of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each typeface.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

### TOAST TO LAUGHTER.

Here's to laughter, the sunshine of the soul, the happiness of the heart, the leaven of youth, the privilege of purity, the echo of innocence, the treasure of the humble, the wealth of the poor, the bead to the cup of pleasure; it dispels dejection, banishes blues and mangles melancholy; for it's the foe of woe, the destroyer of depression, the enemy of grief; it is what kings envy peasants, plutocrats envy the poor, the guilty envy the innocent; it's the sheen on the silver of smiles, the ripple on the water's delight; the glint of the gold of gladness; without it humor would be dumb, wit would wither, dimples would disappear and smiles would shrivel, for it's the glow of a clean conscience, the voice of a pure soul, the birth cry of mirth, the swan-song of sadness.—Ex.
