

DRINK SIX GLASSES OF WATER DAILY

An Interesting Statement by One of the Big Men in the Drug Business

A. E. KIESLING

of Houston, Texas, says: "If you have a muddy complexion and dull eyes, you are constipated. Six glasses of water daily and one or two Rexall Orderlies at night will correct this condition and make you 'fit as a fiddle.' Rexall Orderlies, in my opinion, are the best laxative to be had, and can be taken by men, women or children."

We have the exclusive selling rights for this great laxative. Trial Size 10c Wm. Graef.

Henry is running the plant for G. W. Lang. The Rev. Carl Knapp came in on Wednesday on No. 40 from his charge at Cozad, Nebr. to spend New Year's with his parents, Mr. and Mrs. M. J. Knapp. The Reverend was raised in this neighborhood, has made good and is very highly respected by all who know him.

The M. E. church held their Christmas entertainment this year on New Years evening. The pageant representing the birth of Christ at Bethlehem. The boys and girls of the town, meeting and discussing the historic promises. The angels appearing to the shepherds on the hill at night while guarding their sheep, then going into Bethlehem to see the wonderful things they told them of and the coming of the three wise men from the east to worship and present their typical presents to the king of kings, was well put on and ably rendered. It was most instructive to the young and very interesting to the older people. It was considered one of the best and most instructive entertainments of its kind ever given in our town. The oyster supperbefore and after was the substantial feature of the occasion, netting about \$50.

Another Old Timer Has Quit the Trail And Crossed the Great Divide.

Theodore McCosh was born at Waterloo, Ind., May 5, 1850, died at Litchfield, Nebr., December 31, 1915, aged 65 years, 7 months and 16 days. He was united in marriage with Miss Marinda Crooks, April 26, 1874, from which union two children were born, Marshall Herbert McCosh now living at Oasis, Utah, and Stella Hackney living at Custer, Montana. Mr. and Mrs. McCosh moved from Indiana locating here in Sherman county in October 1884, on their old homestead two miles southwest of Litchfield where he has resided continuously ever since. Mr. McCosh being one of the pioneers of Sherman county has endured many of the hardships, incident to the settling of a new country and in his work here has made many friends, not only among the old settlers of the community but from the newer residents as well and his loss will be sincerely felt. The funeral services were held in the Presbyterian church, the sermon being preached by Rev. Ambrose.

Peter Haremza came down from Loup City to visit his mother and many friends here. Mrs. Mike Krulikowski and Mr. and Mrs. Peter Dzingle, left on Friday for a visit at Columbus with the Stanley Goc family. John Tyma and wife of near Boelus, were here Sunday being called by the serious illness and death of the latter's father, Anton Sobieszczyk. A party was held at the home of Mr. and Mrs. Joseph Jankowski Sunday evening in honor of James Jankowski. All present reported a splendid time. Dr. Longacre of Loup City was here last Friday and with Dr. Wanek held consultation on the case of Mrs. Andrew Bogues, suffering with pneumonia. Announcements are out for the approaching marriage of Ignatz Goc and Miss Kosmicki, daughter of Mr. and Mrs. Jacob Kosmicki, to take place in about two weeks. After a week's vacation the little ones are again busy at their studies and the usual crowd of youngsters are seen marching down the street to their place of study. Mr. and Mrs. August Kalkowski and son left here Monday morning for their home in Boyd county after visiting relatives and friends here for the past two weeks. Mr. and Mrs. I. M. Polski entertained a number of their friends at their beautiful home on New Years day at a six o'clock supper. All present reported a most enjoyable time. Henry and Emil Ojendyck left for Colorado Springs, Colo., in response to a telegram from their father stating their mother was very low. We hope the boys found their mother much improved on their arrival there. A coating of ice covered everything New Years morning putting roads and sidewalks in a very slippery condition, but we are glad to say that it has warmed up again and prospects are for some more good weather. A SUDDEN DEATH. This community was shocked and deeply pained when he news came that Antone Sobieszczyk was taken dangerously ill early Sunday and after a few hours reported of his death which came about 4 p. m. Sunday. Mr. So-

bieszczyk was enjoying good health up to within about 3 a. m. Sunday when he was taken suddenly ill with an acute attack of pneumonia. After a few hours he suffered a hemorrhage of the lungs and gradually began to sink. Mr. Sobieszczyk was one of the few pioneers that were left having come to this part of Nebraska about forty years ago. A few years ago Mr. Sobieszczyk built a fine home here and with his good wife, who survives him, continued to live in peace and happiness until death parted them. Mr. Sobieszczyk was born in German Poland January 6, 1850 and at time of his death was 65 years, 11 months and 26 days old. The surviving children are; John, Frank and Nick and Mary, wife of John Tyma, Annie, wife of L. Dilla, Barbara, wife of Peter Ross and Agnes, wife of Louis Jamrog. Also so twenty-five grandchildren. We extend our sympathy to the sorrowing family. The funeral was held Wednesday from the Catholic church of which the deceased was a faithful member. Interment was at the St. Francis cemetery. Time and Place. A little six-year-old Philadelphia girl was sent to the family physician for a vaccination certificate, so that she could enter school. The certificate required the date of vaccination. Not remembering when he had done it, he said, "Janet, how long are you vaccinated?" To which Janet innocently replied, "Here it is on my leg, about an inch long." LOST. A brindle bulldog, with cropped ears and short tail. Finder notify T. Lay, Loup City. Reward. FOR SALE. Owing to ill health I am compelled to offer for sale my millinery business and two good residences. This property will be disposed of at a bargain price if taken soon. For particulars call: on or address, MRS. R. H. PRICHARD, Loup City, Nebraska.

Read JACK LONDON'S Best Story
The SEA-WOLF
These people will live for you. They are no shadows on a printed page. Ask yourself what you think of them. And in your answer to your self-asked question you may find your own character reflected as clearly as the glass reflects your face.
The SEA-WOLF JACK LONDON
Is to be our next serial. Read the first installment: You should. Read the last: You will. Read it all: You must, if once you begin it.
Story Starts in This Issue

The "SILENT SMITH"
—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:
Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.
Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.
Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.
Faster Ribbon Feed—Insures new place of impact for each typeface.
Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.
All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.
Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

Affirms Loyalty To Maxwell Car

Another Year's Contract Ratified by Detroit Firm and Henry Bushhousen of Rockville. Pleasant Formality, But Marks a Milestone in Mutually Profitable Business Relationship.

tions between the Maxwell Motor Sales Corporation of Detroit and Henry Bushhousen, of Rockville, has been made in the ratification of the local firm's contract and its return, bearing the signature of assistant sales manager, C. E. Stebbins, of the Detroit factory. The Maxwell line is thereby assured, for another year, representation there which has been found adequate and satisfactory. While ratification of the contract by the Maxwell people was little more than a mere formality,—"Once a Maxwell dealer, always a Maxwell dealer" is an axiom of President Walter E. Flanders—members of the local organization are all enthusiastic over the assumption of another year's alliance. "We picked the Maxwell in the first place because we believed we could make more money handling it than any other type of car," said Henry Bushhousen, manager. "Our experience has justified our choice. Though the margin of profit on a \$655 car is necessarily small, the volume of sales is great, provided always that the car satisfies its owners as the Maxwell does. "We are expecting even greater things in the coming season. The cars are larger, handsomer and more powerful than last year's. They will have behind them a sales impetus given by the satisfactory performance of the cars we have already sold. Our own service department has shown its ability to keep every Maxwell car in our territory at top efficiency all the time, and the factory has a magnificent system of keeping us supplied with anything we may need. "Manufacturing economies that have been put in force at the Detroit, Dayton and Newcastle Maxwell plants have made possible a big cut in the price of the car this year. We are now able to show a combination of style and mechanical ability that is absolutely unique." The first shipment of the new Maxwells is already on view at the local salesroom, and amply make good the enthusiasm of the sales force. In addition to a number of mechanical changes, the new Maxwell has a heart-shaped radiator crown, increased seating room, demountable rims, one-man type top, and is furnished complete with electrical equipment at the list price. A clutch running entirely in oil is a feature that greatly adds to the smoothness of operation. In specifications and in its general lines the car shows plainly its right to a heritage of sturdiness, descended from a long line of sturdy Maxwell ancestors.
