### WESTERN NEBRASKA and COLORADO FARMS

are fast increasing in value. Their 1915 yield of from 25 to 43 bushls of wheat per acre will exceed the present price of similar and adjoining lands. Indication point to the greatest demand for these deeded Western lands that the West has yet seen. The incoming inquiries show already the movement to get hold of one of these farms before it is too late; if you can buy these lands at from \$15 to \$35 an acre you can make up your mind that they will be 50 per cent higher in the near future. Dairymen are making money. The silo has revolutionized farming on these lands and insures a return value that has never been known. All farm improvements on adjacent lands bear testimony to their worth. Yuma County Colorado, last year produced \$1,275,000 worth of wheat, \$600,000 worth of corn and \$1,280,000 worth of stock. This was about the production of other counties where these lands lie in Western Nebraska and Eastern Colorado.

Let me send you maps, folders, and place you in touch with land agents and otherwise help you. I am employed by the Burlington to do this.

S. B. HOWARD, IMMIGRATION AGENT, 1004 Farnam Street, Omaha, Nebraska.

Make Your Own Healing Remedy at any hurt or sore where the skin is

Buy a 50c bottle of Farris Healing Remedy, add to it a pint of Linseed Oil to make a healing oil, or add vaseline to make an ointment. You will then have sixteen ounces of the Healing Remedy for harness and saddle gall, barbed wire cuts, scratches, or

broken. Positively guaranteed the best made. Make it at home. By so doing you have \$2.00 worth for 50c.-Sold by J. J. Slominski, Loup Cits,
