The matter of a platform is said to be worrying democratic leaders. Why should it? Wilson will be the nominee of the St. Louis convention, and a brief and fitting platform would be: "I have changed my mind."

What constitutes a days' work? We figure it out that it depends altogether on your occupation. If you lay brick, eight hours; if you keep house, sixteen hours; if you preach the gospel, two hours; if you are a porter in a sleeping car, twenty hours; if you serve the government, one hour; and if you are a newspaper man, twenty-four hours.—Ex.

Emil Holub, son of Albert Holub, of Bristol township, Sherman County, has filed as an aspirant for the democratic and people's independent nomination for county treasurer of that county, and his formal announcement appears in the papers this week. Mr. Holub is a native son of Sherman county, having been born and raised in that county. Since reaching manhood estate he has devoted three years to teaching in Sherman county schools, has taken a course and graduated from a very thorough commercial school, and during the past year has been taking special work at the University of Nebraska, at Lincoln. Since losing his arm in a cornsheller accident, a few years ago, Mr. Holub has devoted his time to acquiring a thorough and practical education and there is no question of his qualifications to successfully handle the duties of the office in the event he is nominated and elected. He will have a very strong following in the southern half of Sherman county, where he is best known, and the News sincerely hopes that he realizes his ambition.—Ravenna News.

ways be verified as to accuracy before being put in type. It is not to be wondered at, therefore, that errors are sometimes found in even the most carefully edited papers. No editor with any regard for his own or his paper's reputation will print any item of news, or statement, which he believes or has reason to think, is untrue, and he is always ready to so far as is possible, make amends for any unintentional wrong or injustice that that may have been done to anyone. If, therefore, you feel aggrieved by any statement in your home paper, you should bear these facts in mind and not lose your temper and threaten to stop your paper and do dire and dreadful things to the editor. Don't "fly off the handle," but go to the editor with whatever complaint you may have and our word for it, nine times out of ten, you will be received and treated in a gentlemanly manner and, if it is found that the paper is in error, correction will be willingly and cheerfully made. But don't expect that a paper which tries to give the news and record the happenings of a village, community and county will always be free from mistakes and inaccuracies. To publish such a paper is an impossibility. It can't be done.—Ord Quiz.

**THE CHURCHES.**

**Methodist**

The meetings in the opera house by Erwin Brothers, Evangelists, will not begin until March 19. Owing their remarkable success at Wymore they will continue there until March 12. Church next Sunday, 10:30 a. m. "Communion Services, 7:30 p. m. "What Must I do to be Saved." Preaching services at Wiggle Creek at 3:30 p. m.

A fool there was and he made his prayer,  
(Even as you and I!)  
To a rag and a bone and a hank of hair,

But the fool he called her his lady fair,

And others to have some fun.

**The "SILENT SMITH"**  
—Model 8 shows what should now be expected of a typewriter.

Ball Bearings, Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each typeface.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typewheels and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.
