 Death has again visited our community and taken from our midst a good christian woman, Mrs. Andrew Bogues. Surrounded by her sorrowing family she expired on Saturday March 11, aged 44 years. She was born December 7, in Galicia, and at an early age emigrated to this country with her parents. Her maiden name was Mary Bugoy. On February 4, 1888, she was united in marriage to Andrew Bogues at Tarnov. To this union were born eleven children, four boys and seven girls, who with the father survive her. Mr. and Mrs. Bogues moved to their farm near Paplin a number of years ago, coming here from Tarnov. Mrs. Bogues had been ill for the past three months and a number of times her life had been despaired of, but about two weeks ago began to improve when there came a sudden change for the worse. Funeral services were held Tuesday at the Catholic church at Paplin of which she had been a devoted and faithful member. Rev. Weise assisted by Rev. Mynalski, con-

ducted the impressive services and in a pathetic address fraught with tenderest sympathy comforted the sorrowing ones, after which her remains were laid to rest in the Paplin cemetery to await the resurrection morn-

### MOTHERS.

Should see that the whole family take at least three or four doses of a thorough, purifying system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system driven away. Hollister's Rocky Mountain Tea is the very best and surest Spring Remedy to take. Get it at once and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. 35c. The best spring tonic laxative, purifier.—Graefe Pharmacy.

### FALSE IDEA PREVALENT.

To correct certain erroneous impressions which have become current concerning the opening of the irrigated land in the North Platte valley near Scottsbluff and Bayard, the business men of that community have given out the statements of the facts.

From certain advertising that has been done by outside real estate firms the impression has become current that there is to be a public auction of lands in connection with this draw-

ing. There is to be a public auction, but this will be held at Alliance and will include lands near there. The local real estate agents of that community have charge of this and it is not to be confused with the opening of the irrigated lands in the North Platte Valley, as seems to have been the case.

There are 43 "Farm Units" to be opened to entry in the North Platte valley and these are open to filing from March 19th to 24th. If there are more than one to file on the same piece of land there will be held a drawing for that unit, and those who have filed for that piece will be the only ones to draw for it.

Before the filing can be made it will be necessary for the applicant to visit the land and to make the first payment of the water right charges at the Reclamation office at Mitchell charge covers the irrigable and only consists of a payment of \$2.75 per acre.

There is no doubt that there will be good lists of lands in the hands of the real estate agents but this public auction is not to be "connected" with the opening of the government land in any way.

The wise man listens when others talk, but the fool gabbles on whether they listen or not.

That presidential plum is looking mighty big and juicy to the hords of hungry patriots squatting beneath the tree.

When you see a beautiful maid sailing along the street with head in the air and seeing nothing and hearing less, it's a safe bet she is wondering what sort of a sensation she is creating.
