## Are You Efficient?

In these days of fierce competition, to succeed requires all our talents. Many an earnest, ambitious person falls short of complete success because of something that holds him back. Very often the cause is eye-strain. YOU can be a better stenographer, salesman, mechanic, baker, housewife—if you will remove the handicap of eye-strain. Eye-strain can be removed—remember that. So that puts the matter squarely up to you, doesn't it?

We are eye-strain EXPERTS. Let us examine your eyes and supply glasses that will give you an equal chance with others.

We have installed the dark room, which is an absolute necessity to do this fitting. We invite you to inspect our optical parlor. Eyes examined free of charge.

Guaranteed glasses at reasonable prices—\$3.00 up.

Kryptok:—the efficient bi-focal.

Everloct:—the screwless mounting.

Toric:—the modern lens.
