John Heapy went to Grand Island to meet his wife on Thursday morning. Mrs. Heapy came up from their southern home on the local No. 39. Mr. Heapy expected her to come on No. 41, the fast train, so she beat him home. John dragged himself home on the freight Friday morning with a smile on his face.

Mrs. George Currey arrived home from Excelsior Springs this morning on No. 43, where she had accompanied Mr. Currey to take the bath treatments. She reports George much improved and has hopes of his ultimate recovery, but of course, it will take time and persistent treatment. We recovery, but of course it will take time.

A large business transaction was consummated the past week in Litchfield, William Boecking & Sons having bought the long and well established general hardware, implement, harness, furniture and automobile business as long conducted by George Lang. This is undoubtedly the largest concern in town. The boys are a live bunch and we are certainly pleased to give them the glad hand of welcome as business men of our town and can assure the patrons of our town and community that they will still receive the same careful and courteous attention accorded to them by George. If you need anything in their line, at least call and see them. They are old friends and neighbors. It will do them good even if you don't want to buy and you will be welcome. Do this.

Obituary.

Another of our old timers, Mrs. John Comford, well known, and very highly esteemed by all who enjoyed the privilege of her acquaintance, a good neighbor and staunch friend, a woman without reproach. This does no more than express the feelings of her old friends and neighbors. She has gone on her last trail, but by no means, a blind one. It is lightened by her Saviors' love.

Sarah J. McDowell was born in Westmoreland county, Pa., May 4, 1847, and at the age of five years came to Wisconsin, October 27, 1863. She was united in marriage to John Comford in the year 1866. They came to Franklin county, Iowa, where they resided until 1883, then moved to Sherman county, Nebraska, where they resided, with the exception of a few years at Falls City, Neb., until called to that eternal home above, April 29, 1916, aged 68 years 11 months and three days.

Twelve children were born to this union, four of whom died in infancy, and Mrs. Ida Van, who died in 1899. Those who remain to mourn her death are, her husband and three sons and four daughters: Rev. George Comford, of Russell, Iowa; Walter J., of Falls City, Neb., and William A., of Litchfield, Neb. The four daughters are Mrs. Mary Sweeley, of Litchfield, Neb.; Mrs. Anna Helop, of Glendale, Ariz.; Mrs. Edna Richmond, of Litchfield, Neb., and Miss Pearl Comford, of Falls City, Neb. Three brothers also survive her, Robert McDowell, of Sioux Falls, S. D., Andrew McDowell, of Luverne, Minn., and L. A. McDowell, of Hampton, Iowa. There are thirty-two grandchildren and three great grandchildren, and many friends.

During her last illness she frequently spoke of her Saviors, saying, "Blessed Jesus, Thy will be done." She had selected the scripture lesson to be read at her funeral, also the text, the seventh verse of the thirtieth Psalm. She taught her children to trust in God. She was a kind, loving wife and mother, always seeking the welfare of her family.

The funeral services were held in the Presbyterian church of Litchfield, Monday afternoon, May 1, conducted by the pastor, Rev. J. C. Ambrose.

The body was interred in the Litchfield cemetery on the hill, east of town.

Clay township was a long time in buying road drags, but when they did buy them money did not stand in their way in getting the best there was on the market. You can clean out the ditches and when you get to the center of the road you will have as much dirt as the small graders will handle and the ground will be even all over.

Ed Roschniowski enclosed the porch on the west side of Mrs. Cash's house last week. The porch is sided up tight from the bottom three feet and from there up has wire screen. The idea of the porch fixed this way is to get her son, Glen, out in the fresh air and keep him there all the time. The doctors at the tubercular hospital at Kearney advised Mrs. Cash to do this. This is one of the best treatments for consumption there is and has done more to help than medicine.

Glen Cash wishes to thank his many friends for their many kindnesses to him and their gifts of fruit and flowers and he also wishes to thank the Ladies' Aid of Clear Creek for the beautiful bouquet of flowers they sent him and to thank the Farmers Union of Wiggle Creek for the nice fruit they sent. He wishes one and all to know he surely appreciates their kindnesses and he hopes if the opportunity ever comes to be able to repay them.

Monday he was taken to Aurora for burial. Mrs. Johnson had only lived among us a few years, but in that time had made many friends. The report of his death was a terrible shock to his many friends. Mrs. Johnson and children have the deepest sympathy of the patrons and carrier.

Carrier donated two days work with horses dragging the roads from Lars Nielson's through the hills north of Brodock's five and one-half miles, last Tuesday and Wednesday. This is the piece of road that had all the donation work given on it last year. Who will volunteer to give two days work and drag this road the next time it is needed? One thing, dragging the roads at this time cuts off the little weeds just starting. But after they get a start the drag will pass over them. Dragging the roads saves cutting weeds.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work day and night. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms— which vary widely but may include pain in the back, headache, nervousness, hot, dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right the danger is overcome. Doan's Kidney Pills have proven an effective kidney medicine.

James Johansen, Loup City, says: "I was in pretty bad shape with my back and couldn't stoop or straighten up without being in misery. Sharp pains often seized me and I dropped to the ground. As soon as I began using Doan's Kidney Pills, I procured at Swanson's Drug Store. I could tell that I was being helped. They have never since failed me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Johansen had. Foster-Milburn Co., Props. Buffalo, N. Y.
