The Same Old County Fair.

The county fair is booming.

And the folks are feeling gay;

The giant pumpkins looming,

In the old familiar way.

R. L. Arthur says his chickens,

Are all cackling for the prize;

Al Jones raises the dickens,

With a hog of mammoth size.

Florence Denew's fattening,

Hung up in the floral hall,

Sets Lena Smith chatting,

Says is hain't no good at all.

Widow Odendahl's can of cherries,

And Mrs. Thomsson's pies,

With Eliza Hazer's berries,

All are bound to win the prize.

The flying man goes soaring,

Like a hen hawk in the sky,

The trotting nags are scoring

They are off zip, on the fly.

Two-fifty they are peeling,

Down the home stretch, well by heck!

Tom Caddy's colt comes stealing

Down the rail, won by a neck.

The folks are feeling jolly,

For the county fair is the thing,

To erase life's melancholy,

When it opens with a zing.

And the best of all the folly,

Comes when Jake the hired man

Saunters down the line with Hattie,

He got mitted by Miss Van.

DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doane's Kidney Pills as have your friends and neighbors. A Loup City case.

H. N. Hendrickson, blacksmith, Loup City, says: "I was flat on my back for about three weeks on account of the intense pain across my kidneys. I had been following the blacksmith trade for twenty-six years and I think that had a lot to do with bringing on the trouble in the first place. I knew my kidneys were out of order, so I began using Doane's Kidney Pills. They cured me and I have never been bothered since."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doane's Kidney Pills—the same that cured Mr. Hendrickson. Foster-Milburn Co., Props., Buffalo, N. Y.

Maxwell

\$595

F.O.B. DETROIT

Maxwell motor cars have demountable rims and the same size tires on both front and rear wheels.

REMEMBER these important features, because they are not to be found on some of the lighter cars. Maxwell cars have 3 1/2 in. tires all around. This is a generous size. The tires are not overtaxed. They last longer and make riding easier.

Tires of one size mean that you have to carry only one size casing and one size tube.

Demountable rims, of course, are recognized as the best. They are on all good cars. Don't buy any car without demountable rims. If you do, you'll regret it.

These two features—along with the other complete and up-to-date equipment; the economy and proved endurance of the Maxwell, make it the greatest automobile value in the world today!
