

**REAL MEN PREFER  
HIGH ART CLOTHES**

And the reason is that these suits and overcoats are designed for the truly masculine type, both young and mature.

To be clad in

is to be clad in dignity and a fashion typical decidedly of the build of the wearer.

Then, men prefer these splendid clothes for their big value—an item not to be overlooked.

All new styles—all new fabrics—all sizes and prices in conformity with good values await you.

**ONE DAY ONLY

Remarkable Success of Talented Physician in the Treatment of Chronic Diseases.

Offer Services Free of Charge.

The United Doctors Specialist, licensed by the State of Nebraska for the treatment of all diseases, including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operation for appendicitis, gall stones, tumors, goitre, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If our case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing. Remember this free offer is for this visit only. Married ladies come with their husbands and minors with their parents. Laboratories, Milwaukee, Wisconsin.
