Christmas is Monday and what a jolly day that is for all boys and girls. We wonder how many will stop and think of the many empty stockings there will be Christmas morning and the many that have been robbed of a father during this great war that has been raging.

SCRAWNY CALVES.

What makes a calf scrawny—of its feed? Germs—parasites—in the intestines. Why not free them of this trouble? If you will give the calf some B. A. Thomas Stock Remedy in its feed, within a week you will see it brighten up and in four or five weeks you won't know the calf. Costs you but a few cents and we will refund that if it doesn't do as we say.—J. J. Siominski, Loup City.

Fresh Mistletoe at the Rexall Store.

SCHOOL NOTES.

Mason Phillips visited school Thursday afternoon.

Emma Bartunek visited school Tuesday morning.

Prof. Bitner gave an interesting talk on "Bones" last Thursday morning. He says there are three kinds of bones—wish bones, jaw bones and back bones; the wish bone class of people are those who are always wishing for something, the jaw bones are those who say they do so much and in reality it doesn't amount to anything. The backbone or the I wills is the ideal type. If there are any curvatures of the spine in the shape of a wish bone, right here in school is the place to correct it.

Catherine Curtis gave a piano solo and Helma Jung a vocal solo Wednesday morning, after which Prof. Bitner turned the rest of the period to athletics. Coach Davidson and each of the members of the football team winning letters this season—Captain McLaughlin, Lloyd Bulger, Ross Corning, Milo Daily, Russel Grow, Russel Wilkie, Rhule Larsen, Joseph Zaruba, Fred Amick, John Long and Mark Johansen each received a watch fob with a small gold football on each one. Those who deserve special mention are Raymond Outhouse, Earl Dadow, Alton Woten, David Morrow, Cecil Hancock, Ted Gasteyer and Harold Rowe. These boys stuck it out the whole season but it did not reach the exact requirements which is eight halves.

Boys basket ball is not very well organized as yet. There are a few who have been regular in their practice, Daily, Outhouse, Noyes and Woten being the men who have been showing basket ball form so far. A great deal of practice is necessary if we intend to put out a good team. We need more men out every night. The winter games will be played in February and each class should put in their best players.

The Beaver staff on account of the high price of paper and printing have cut down on the size of their paper except the last issue which will be like the first only larger and dedicated to the Seniors. This also cuts down the subscription price.

The 11th English are finishing up their work on compensation after which they will take up for a couple of weeks some of Browning's poems.

The Holiday vacation begins Friday the 22nd and will continue until Jan. 2.

The Physics class are studying the different kinds of thermometers, their action and accuracy.

Mr. David V. Bush will lecture in the Opera House on Jan. 26. He comes well recommended and has been contracted with by the High School. He will speak on "Pikes Peak or Bust" or "The Possibilities of the Will." In connection with his lecture he offers ten dollars in prizes to school children who will recite his poems the night he is here. Advertising will be out next week with full particulars. The High School stands for good entertainment and Mr. Bush's lecture is just the thing for pupils as well as patrons. Let's all get behind this enterprise and make it a complete success. We need lectures of this kind to get the community together.

Basket Ball

The Basket Ball girls played their second game last Friday night at Boelus. They came out victorious with the score 20 to 15. It was a hard game and some of our best players met their match there. Both sides fought hard for the game, and it was played quite rough on account that the Boelus girls have been used to playing with the boys.

The guards stayed by their opponents all the time, and on our side there was some excellent forwarding done. At the end of the first half, which was played with two courts and six players, the score was 3 to 11 in our favor.

The second half was played open field and it got the girls mixed up quite a bit but they won at the end. They certainly appreciated the rooting which the Loup City boys done and also the Cairo High School.

GERMAN RED CROSS.

August Jaeschka is circulating a petition to raise funds to send to the German Red Cross society. He has asked all who desire to contribute to leave the money with him or at the Northwestern office. Help some wounded soldier enjoy the Christmas holidays.

The sale held by Mike Pruss last Tuesday afternoon was well attended in spite of the cold weather. Col. E. A. Keeler disposed of over \$4,000.00 worth of property in a little over two hours and a half, which is quite a record. The sale exceeded the expectations of Mr. Pruss, and he was highly pleased. Mr. Pruss intends to move to Loup City in the near future and make his home here.

With a report that could be heard for several blocks, the top of the underground muffer blew up last Friday afternoon at the electric light plant. The cement which was about eighteen inches thick was cracked from end to end and part of the iron top was thrown for a distance of over one hundred feet. The accident did not impair the service in the least.

WILL AMERICA REDEEM MEXICO?

Now that the election is over and Mr. Wilson has been entrusted with the reins of government for another four years, there is one piece of work that will forcibly demand his attention, and that is the pacification of Mexico.

We are well aware that the Mexican problem presents great difficulties, view it from whatever angle we may. But they are difficulties that may and can be overcome, and as time goes on it becomes more and more apparent that it is up to the United States to overcome them.

The truth of the whole matter is that Mexico is suffering from the same misrule from which we freed Cuba—the decadent Spanish rule.

Mexico is a republic only in name. Not the first principle of popular rule has ever prevailed in that country. The forces that have always controlled her destiny have been those bequeathed by Spain. With misrule and oppression on the one hand, and sullen hatred and resentment on the other, it is small wonder that she has been in a perpetual state of unrest and turbulence.

President Diaz was the only ruler in her history who ever maintained a semblance of order, and he did so solely by the use of the mailed hand. Since his day poor Mexico has seen naught but anarchy. Anarchy prevails there today—anarchy and wholesale brigandage.

Argue as we may against the idea of intervention, the fact is daily becoming more apparent that it is the only solution. That enlightened America should sit idly by and make no effort to remedy the intolerable state of affairs prevailing there, is inconceivable. Mexico is a blot on the Western civilization, and only Western civilization can erase that blot.

Of course every American wishes that the redemption of Mexico may be accomplished by peaceable means if possible. But the progress being made in that direction appears to be the average mind as negligible. The matter seems no nearer a solution today than it did fifty years ago.

From the days of President Buchanan until today, every president has had the same difficulties to contend with there. Each has had his vexing "Mexican question," and it is remarkable how similar have been the circumstances that each has had to face.

Not only the present generation, but the unborn generations of the future that unhappy land demand of us that we confer upon them some of the blessings that our forebears bequeathed to us.

Twenty years ago Cuba was in as pitiable condition as Mexico is today. We have remade and rehabilitated her, and today she is enjoying that peace and prosperity which her natural advantages merit.

We can do the same for unhappy Mexico. We should do the same for her. But will we do it?

RESULTS TELL

There Can Be No Doubt About the Results in Loup City

Results tell the tale. All doubt is removed.

The testimony of a Loup City citizen can be easily investigated.

What better proof can be had? Nelson Smith, Loup City, says:

"I have found Doan's Kidney Pills give very good satisfaction and recommend them to anyone suffering from their kidneys. I used them for backache ad they relieved me at once. I know Doan's Kidney Pills can be depended upon for such ailments or otherwise I wouldn't give my name as a reference.

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith had. Foster-Milburn Co., Props., Buffalo, N. Y.

A bunch of Merry Christmases to you.

Bluebird Photoplays

Presents LOUISE LOVELY IN "BOBBIE OF THE BALLET"

CAST

BOBBIE BRENT.....Louise Lovely
JACK STIMSON.....Jay Belasco
MRS. STIMSON.....Jean Hathaway
VELMA VROOMAN.....Grechen Lederer
HENRY FOX.....Gilmore Hammond
HOOK HOOVER.....Lon Chaney
MRS. HOOVER.....Lula Warrenton

Stage life, with its unflattering appeal to the public, is intimately disclosed in the Bluebird Photoplay, "Bobbie of the Ballet," with Louise Lovely, the girl whose appearance lives up to her name, impersonating a ballet girl who resists temptation under strong pressure and triumphs over those who would wreck her life. There is a pathetic appeal to the hearts of humanitarians in this girl's struggles against heavy odds and an example of uprightness for girls who may be weakening under the stress of their surroundings. In working out an intensely interesting story the producers have adopted several sensational methods to intensify the appeal of a great moral lesson embellishing the visualization of the narrative in beautiful photography. Saturday, Dec. 23, 10 and 15 cents.
