LANDS.

Wetaskiwin, Alta., April 5th, 1898. W. F. McCreary, Govt. Immigration Commissioner, Winnipeg. Dear Sir:-I like the country very much so far; have seen a great number of farmers from the states and every one seen so far says they have done well and like it here far better than where they came from, and all claim it to be the best country for a poor man that they were ever in, and with good crops this season I predict a great rush. There are some nice claims to be had yet, but will not last the summer through. I do not find it any colder than in Iowa and am feeling much better than when I left there March 1st. I think this a great country for those who are suffering with throat and lung troubles. I have seen men that had as high as 511/2 bushels wheat per acre and near 100 bushels oats, but they weigh from 45 to 51 pounds per bushel, but the general run is 25 to 50 wheat, 50 to 75 oats, and stock looking fine; some cattle running out were nearly in market flesh. I expect to return to the states late this fall for stock, etc.; will write you when I want to go. Thanking you all for past favors, I remain, most respectfully yours, Dr. D. E. Strevell. (Signed)

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALI-FORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -

My doctor has prescribed various remedies, and I have never found any relief until I was persuaded by a friend to use Dr. Hartman's Pe-ru-na. After the use of one bottle I feel like a new man. It also cured me of a dropping I had in my throat, and built my system up generally. To those who are suffering with catarrh I take pleasure in recommending your great medicine. Very respectfully,

Thomas C. Fletcher. Everything that affects the welfare of the people is a legitimate subject of comment to the real statesman. The statesman is not a narrow man. It is the politician who is narrow. The true statesman looks out on the world as it is, and seeks, as far as is in his power, to remedy evils and encourage

Catarrh in its various forms is rapidly becoming a national curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Prominent men have come to know of its virtues, and are making public utterances on the subject. To save the country we must save the people. To save the people we must protect them from disease. The disease that is at once the most prevalent and stubborn of cure is catarrh.

The height of knowledge is to know what you do not know

ance. It was conducted by two men-

one old and emaciated, carrying a na-

tive drum; the other young and well

fed, fantastically gowned with an over-

skirt of colored handkerchiefs and a

multitude of bells, which jangled nois-

ily at his slightest movement; long,

ragged hair-altogether a hideous fig-

ure. The drummer began a weird tom-

toming and the other man an incanta-

tion; then he extended a "supra"-a

bamboo tray used by all natives, on

which any one who pleases places a

large handful of rice and the same

quantity of grain. The two ingredi-

ents are thoroughly amalgamated, so

that it would, in the ordinary way,

take hours to separate them. Now the

fantastic man with his tray begins.

He turns slowly around, gradually

quickening his pace (the drummer also

keeping time), faster and faster in a

giddy vortex, the tray at times almost

out of his hands, yet so cleverly

handled that not a grain falls out. It

is very trying to watch, but in a couple

of minutes both stop simultaneously

and the man shows to the wondering

spectators two little heaps, one of rice

and the other grain, at different ends

of the tray, which in his sickening

gyrations he has been able to separate

by some extraordinary manipulation.

Later it was my good fortune to be

able to witness one of those remarka-

ble cases of voluntary suspended ani-

mation of which I had so frequently

heard-with a somewhat dubious

smile, I am afraid. But I am con-

vinced now. It was called a "Joghee"

performance, and took place before the

maharajah of Dhurbanga, whose guest

I had the honor to be. The "Joghee"

was put by his disciples into a trance.

He became perfectly unconscious and

dead to all appearances. An English

doctor present felt his pulse and found

it had ceased, and a looking-glass

showed not the slightest moisture of

any breath in the body. The "Joghee"

was put into a coffin, the lid screwed

on and seals were impressed on it with

the maharajah's signet ring. The box

was buried five feet deep, earth thrown

in and well stamped. Grain was then

sown and trusty sentries guarded the

place. The grain had sprouted and

borne corn when we were invited

again, after sixty days, to witness the

resurrection of the body. The grave

was opened and the coffin found to be

intact. The seals were broken, he lid

unscrewed and the "Joghee" was

taken out stiff and stark. His disci-

ples now began to manipulate the body

and to go through certain rites, very

similar to mesmerism, and by degrees

the dead man opened his eyes, a quiver

ran through his body and he sat up

It is one thing to have pretty belongings, and another to keep them so. Of nothing can this be more truly said than of woman's underwear, so generally ruined in washing with strong, impure soap, and by hard rubbing. Silk and woolen underwear should never be washed on a cloudy day. When ready to do the work, half fill a tub with warm water, in which dissolve a fourth of a bar of Ivory soap, and wash the articles through it with the hands, rinse in warm water and squeeze, but do not wring. Hang on the line and press with a hot iron while damp.
