Entered at the Loup City Postoffice for trans-  
mission through the mails as second  
class matter.

Official Paper Sherman County

When the Trans-Siberian railroad is complete it is claimed that the trip around the world can be made in 33 days.

Wireless Telegraphy, although in infancy, is being successfully operated and as the system is better understood the distance between the instruments is being lengthened.

General Otis informs the war department that 30,000 troops will suffice him to look after Aguinaldo and his followers in the Philippines. All he asks is to have the volunteers sent home replaced by other men.

The people of South Dakota, through their Press, are making it known to the world that Gov. Lee of that state only represented himself and possibly Billy Bryan, in his impudent overbearing letter to the President on the Philippine question.

It is claimed that were it not for vaccination the deaths from small pox in Great Britain alone would be over 80,000 annually as compared with the death rate from this disease before Jenner made his great discovery.

General Gomez, has determined that an American protectorate for the Island of Cuba, is what is best for her people and will so announce his belief. This will give the Bryanites more provender for their disgruntled maw.

If W. J. Bryans political principles were as convincing to the laboring classes, after numerous trials of their democratic downward tendencies for labor, as his word picture is enticing to the visionary, he would be in the white house now.

The Chicago platform democrats, or Bryan free silver filibusterers, are sending out emphatic denials to the country that there was any gentlemen of color at their \$ dinner in New York. It is a shame to charge the democratic party with entertaining a black man at any time except election day.

Just imagine W. J. Bryan in the white house, the Spanish war on hands, our brave boys capturing their territory and thereby placing the only civilized inhabitants therein at the mercy of blood-thirsty chiefs and then abandoning them to their fate because to do otherwise would be expansion. How would that strike you people?

Reports from the wheat belt of the United States indicates a very bad condition of affairs. The winter wheat is badly damaged if not entirely killed in nearly every winter wheat district, and Nebraska is no exception. Wheat is climbing toward the dollar mark in Chicago, and the prospects are that those who held on to their surplus will realize well on their venture.

"Czar Reed" who has so faithfully filled the speakers chair for several terms in the lower house, and who so emphatically counted democrats who claimed they were not present because they refused to answer to the roll-call, it is said has decided to quit politics at the end of his term, and will thereafter follow his chosen profession the law. He will locate in New York City.

Mat Quay of Pennsylvania, was last Friday, by a Jury of his peers, declared not guilty of using state moneys to his own unlawful gain and profit which verdict, according to dispatches, was the prevailing verdict of the masses, and was therefore hailed by them with much applause. Mr. Quay was immediately upon his acquittal, appointed by Governor Stone, to fill the vacancy now existing in the United States senate on account of the failure of their late legislature to elect.

## ANOTHER NEW PLAN.

Clad Wheeler, who a few years was one of our primary school scholars, but who now is an architect in Chicago, has submitted plans and specifications for our new school building. The plan is for a six room building, 38x82 feet, with three class rooms above and three below. The basement shows two large rooms, one on either side to be used as boys and girls play rooms. It contains wash rooms, janitors office and coal bins, also plenty of space for one or more furnaces. The building has but one entrance, but the hall way is neatly arranged. The hall is five feet wide in the clear from hand rail to wall, and nine feet from wall to wall on the landing, and as the scholars from each side have a separate stair way to the lower floor with a nine foot hall to the top step, the room is therefore ample. On the second floor is, in addition to the three class rooms, a principals office. Every class room is 22x32 feet and is well provided with suitable ward robes. The building is well lighted and well ventilated. This building is estimated to cost about \$9,900. It has four feet less outside wall than the four room plan to be submitted by Mr. Hicks of Omaha. Virtually the only material difference in the two plans is that Mr. Wheeler makes his class rooms some smaller than Mr. Hicks, and utilizes a part of the immense hall space shown by Mr. Hicks, as a part of a class room, thereby giving us the two extra rooms, and that too, within the walls of a building having a trifle less feet from base to top of brick wall than the four room plan submitted by Mr. Hicks, and even though we build the walls just as thick and substantial they cannot cost any more.

The plan is of the latest eastern design with the up-to-date theory of ventilating, and Mr. Wheeler has the satisfaction of having produced plans that are, to say the least, highly appreciated by our citizens, whither accepted by our school board or not. It is generally understood now that when Mr. Hicks' plans for the four room building arrives a public meeting will be called and the selection will then be made. The board, however, has contracted with Mr. Hicks to furnish them his plans for \$100 and have already paid him one third of the contract price; but a part of them at least have expressed a willingness to back up and start again should the citizens select Mr. Wheelers plans.

## Through Tourist Sleepers To The Northwest.

The Burlington Route has established a twice-a-week tourist car line from Kansas City to Butte, Spokane, Tacoma and Seattle.

Cars leave Kansas City, Lincoln and Grand Island every Tuesday and Thursday, arriving at Seattle following Friday and Sunday. They are upholstered in rattan. The bed linen and furnishings are clean and of good quality. The heating, ventilating and toilet arrangements are all that can be desired and each car is in charge of a uniformed Pullman porter, whose sole duty is to attend to the wants of passengers.

Cars run through without change of any kind and the berth rate from Lincoln to Tacoma or Seattle is only \$5.00. To intermediary points, it is proportionately low.

Montana and the Puget Sound country are now enjoying a period of unexampled prosperity. As a consequence, travel to the Northwest is rapidly attaining large proportions. This new tourist-car line has been established with a view of caring for the Burlington's share of it in the best possible manner.

Berths, tickets and full information can be had on application to any Burlington Route ticket agent or by addressing—J. FRANCIS, G. P. Agt. Omaha, Neb.

## Cheapest Paper in Nebraska.

A big 8 page daily paper six months for \$1. seems an impossibility, but the Daily News of Lincoln, Neb., is being sent by mail at that price. This remarkably low price is only made to add several thousand new subscribers and it is doing it. The News prints all of the telegraph news of the world, all of the state news and the news of the state capital. It is one of the brightest and snappiest papers in the state and at such a low price every family can afford it. It's nearly as cheap as a weekly. It gives markets and other telegraphic matter hours earlier than Omaha papers and its price is but a trifle. Send for a sample copy and try it for six months. Address,

THE DAILY NEWS, Lincoln, Neb.

## YOU NOW HAVE THE OPPORTUNITY

of consulting one of the leading physicians and surgeons (in the treatment of chronic and nervous diseases) of this country.

## DR. REA

He is well known in Nebraska, and is reliable as well as eminent in his profession, and has but few superiors in his line of diseases, and, from reports of the press, his rooms are crowded wherever he stops. By the request of his many friends and patients who have usually gone a long distance to see him, he has decided to VISIT LOUP CITY, and will be at

ST. ELMO HOTEL,

THURSDAY May 4th 1899, one day only, returning every 4 weeks for six months. Consultation and examination FREE to all.

DR. REA.

His treatment and examinations we understand are based upon new methods, and are similar as are given in the eastern and southern hospitals where he learned his business.

He treats chronic catarrh, disease of the ear, nose, throat and lungs, dyspepsia, Bright's disease, diabetes, liver, stomach, constipation, rheumatism, chronic female and sexual diseases, neuralgia, sciatica, dizziness, nervousness, slow growth in children and all wasting diseases in adults, deformities, club feet, curvature of the spine, diseases of the brain, paralysis, heart disease, eczema, varicocele, and hydrocele. Cancer, tumors, wens and birthmarks removed.

Young, middle aged and old, married or single men, and all who suffer with lost manhood, nervous debility, spermatorrhea, seminal losses, decay, falling memory, weak eyes, stunted development, lack of energy, impoverished blood, pimples, also blood and skin disease.

Both sexes treated confidentially and privately. Piles, fistula, fissure and rupture by our new method.

## Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

See and hear all druggists. SCOTT & BOWNE, Chemists, New York.

## J Phil Jaeger's DRY GOODS EMPORIUM

LOUP CITY, : : NEBRASKA.

Those shoppers who wish to make a reasonable purchase in season comes here, for they know we have just what they want and when they want it. Our stock of
