The last seen of them they went to their respective offices in the court house, since, which time the sun-flowers have entirely hidden them from view and nothing but the lattice work on the deck of the roof is visible. Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrence, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by Odendahl Bros.

Our school house is under way, the cellar is excavated and we will soon be able to see what our people have worked for and longed for, for numerous years, and now since it is an assured fact, let us good naturedly paint the picture of it, a beautiful brick structure, in our minds eye, costing \$10,000 and so located that when we look at it from town we see the gable end. Isn't that fine? Fronting the bluffs on the east-vacant lots on the west and running lengthwise north and south. We don't wish to say it is wrong for we may be mistaken. Let the people be the judge, and if it is wrong, as it looks to be to us, lay the blame where it belongs, to the high priest that seems to rule the destinies of this school district. If it is as it should be we ask forgiveness for our error.

Jacob Wolf Jr., a young married man living near Hazard, in the west part of the county, was arrested last Sunday by sheriff Patton, and brought before Judge Hunter of this city on Monday for trial for threatening to kill his old mother, and making violent endeavors to carry his threats into execution. Young Wolf has a violent temper and claimed that his mother had forbid his children of getting water at her well, which the old lady denies. He went to her house and asked for her and was told she was milking at the barn. He requested his sister to tell her to come to the house and said he was going to finish her and be done with it. He carried a stick about three feet long with a piece of two inch iron pipe some twelve inches long stuck on the end of it with which he was going to do the killing. The prayers of his sister did not move him. She knelt and clasped his knees but her supplications fell upon deaf ears, and knowing the nature of him too well she was almost paralyzed with fear. She managed to make the real condition of affairs known to her mother and a sister who was also milking and they fled to the home of Mr. de la Motte where they staid over night. Judge Hunter placed him under five hundred dollars bonds for his appearance at the next term of District court.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Odendahl Bro's Drug Store.

Our baby has been continually troubled since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it, but to advertise your meritorious remedy.—G. M. LAW, Keokuk, Iowa. For sale by Odendahl Bro's.

There was a social gathering and ice cream supper given at the home of Mr. and Mrs. C. W. Thornton, of Webster township, last week. Mrs. Keer of St. Paul was among the honored guests. Mr. Bell, proved himself to be the champion ice cream hider. He has eight dishes to his credit which drew the prize and seeing it was not necessary to continue the contest further, as all other competitors had retired some time previous, he rested on his laurels. A delightful time was had and all departed feeling that it was good to have been there.—One who was present.

Best Story-Tellers in One Magazine.

The August issue of the Ladies' Home Journal will be a fiction number, with stories from half a score of the best known writers. Hamlin Garland, will contribute a romance of the frontier; "Josiah Allen's Wife" (Marietta Holley) one of her characteristic country stories; John Kendrick Bangs, a humorous sketch; Kate Whiting Patch, a dainty love tale; Harold R. Vinne, a most amusing character study; Anne Kobson Brown, a charming romance; Clara Morris, a pretty summer idyl of the flower garden; Mrs. Herman Kotzschmer, a love story of centuries ago; Anna Farquhar, a quaint New England fisherman's opinions. These are in addition to Anthony Hope's serial in which he so interestingly narrates the adventures of "Captain Dieppe." Nearly as many illustrators will contribute pictorial features to the August Ladies' Home Journal, which will be an exceptionally strong issue, especially attuned to the midsummer preferences of magazine readers.

The Board of education of this school district met last Saturday night and finished up the job of completing the list of our corps of teachers for the next school year, by electing Prof. M. H. Mead for principal and Mr. John S. Knight of Strawberry Point, Iowa, for the grammar department. Mr. Knight comes well recommended and we trust will satisfy the fondest hopes of our people. Let us all endeavor to hold up the hands of our instructors to the best of our ability, that the best interests of our scholars may be subserved. Our board of education should at once see that the two grades which were dropped several years ago should be again taken up, so that when our pupils graduate they will not be compelled to go to some other town to finish their high school course before they are eligible to enter the state university. All of the graduates for the past three years who have finished their studies here are compelled to go elsewhere and take up the studies of the eleventh and twelfth grades before they can enter the state university. Nearly every town around us St. Paul, Ord, Raynema, and Broken Bow institute the full twelve grades, and their graduates go out with the honor and knowledge that they are eligible to the state university. Loup City only teaches ten grades and we heard one of the parents of one of our late graduating class say that he was going to send his girl to some other high school to complete the high school course. Now Loup City don't want to be behind in her school matters. Her school board, her teachers and her school patrons in general cannot afford to allow such a course to continue.

Notice to Teachers. The Sherman County Teachers Institute will be held in Loup City, July 31st to August 11th. All teachers that have the proper professional spirit will be there without any further invitation or information than simply to know the date of the Institute. It is the duty of the county superintendent to render the greatest possible service to the schools of his county; in fact, he has obligated himself to do so, and he is not fulfilling his obligation if he does not fill the schools morally above reproach and professionally above criticism. The present incumbent wishes to exert his utmost endeavors to do his whole duty as he sees it, and confidently expects the hearty support of every person in the county who has the welfare of the school at heart. It would be a ridiculous proposition to suppose that any one who expects to teach should not be among the number enrolled at this institute. G. S. LEININGER, Co. Supt.
