

Brought Their Horses Home.

The cost of transporting the Tenth regiment of Pennsylvania from San Francisco to Chicago was \$39,851. From the latter city to Pittsburg the Keystone state's troops were carried free by the Pennsylvania railroad, which company also took entire charge gratis of all transportation arrangements over the whole route.

On the crowded East Side of New York the city has invested \$120,000 in another little park. It contains six acres that were a mudhole near Corlear's slip.

Something Worth Striving For.

Chicago Times Herald: "What," asked the lady who believes in the eternal rights of women, as she set down the glass from which she had moistened her throat, and looked defiantly at her hearers, "What has the little girl to look forward to in this country? What possible glory is there to fire her with ambition? The poorest boy that is born in our land today," she shouted, shaking a fat forefinger at a baldheaded man who sat near the stage and looked as if he was sorry that he had come, "may aspire to an office which carries with it more power than is wielded by any prince or king or emperor on earth. There is something for him to live for, to strive for. There is always the glorious incentive that makes for greatness. However humble his surroundings, there is the ever present possibility that he may some day stand in the fierce white light of publicity with the destiny of the nation in his hands.

"But for the fair haired girl who plays with him, what glorious hope is there? What dreams of future greatness are there for her to dream? What does the future hold for her, that she should consecrate herself to the achievement of the sublime? Degraded at the very threshold of life, what aspirations may find lodgement in her soul?"

She paused for breath, and also to permit the ladies present to applaud her eloquence.

"I repeat," she shouted, after the storm of approval had died away, "what glory does the future hold for her?"

"Well," said the baldheaded man, "she might strive to become worthy of one of those cornish bonnets that the Kansas people are giving away."

The meeting then broke up in confusion.

An apparatus has been devised for automatically photographing people as they enter shops and other places.

BLAIR, Neb., Sept. 8.—At an adjourned session of the district court yesterday Judge Baker in a decision declared the Sioux City & Pacific railroad bonds illegal on the ground that there was no law authorizing the issue. The bonds were issued over thirty years ago and the county has paid over \$55,000 in interest alone. The bonds and interest together now amount to over \$176,000. The case will probably go to the supreme court.

In June the deceased was taken with appendicitis. At the time the company returned from Cheamaugua to Omaha Hirst was taken sick with typhoid fever and had a long and severe struggle. He was again taken sick in June and underwent two operations. The list of those employed in the dining room will be published in the Journal on the day before their services are required. Breakfast will be ready at 7 a. m., dinner at 12, and supper at 6 p. m.

Bert County Farmer Shot.

TEKAMAH, Neb., Sept. 8.—In a quarrel near this city Sunday George Kelley, a farmer, was shot in the legs and one ankle was badly shattered. The shooting was done by an Omaha haying outfit headed by T. C. Plotts and C. C. Bigelow, both of whom have been arrested on the charge of shooting with the intent to wound and maim. Between Kelley and the haying outfit there had been trouble brewing for some time, and Kelley's horse getting loose and destroying some corn at the outfit's camp seems to have been the direct cause of the trouble. A companion who accompanied Kelley to the camp was beaten over the head with a club and threats were made of shooting him.

Death of Dr. Hobbs.

WYMORE, Neb., Sept. 8.—Dr. P. M. Hobbs, one of the most prominent and best known physicians in southern Nebraska, died at his home in this city after several days' suffering with stomach trouble. Dr. Hobbs was one of the most popular residents of the city. He was public spirited and generous to a fault. He was at one time mayor of the city and served for several years on the city council. He was an active member of nearly every secret order in the city.

Telephones in School Buildings.

WYMORE, Neb., Sept. 9.—At a meeting of the school board it was decided to have telephones placed in all three of the public school buildings, and as soon as arrangements can be made with the telephone company the work will be done. This will save the principal considerable time in communicating with the ward schools and will also prove convenient when the principal desires to transact business with members of the school board.

Groom Fails to Appear.

FREMONT, Neb., Sept. 9.—Fred Hipke, a driver for May Bros., has left for parts unknown and in doing so he missed playing a principal part in wedding which had been prepared for him on the day he left. Monday night about 8:30 o'clock Osborn Anderson, a harnessmaker, came into the police station and wanted help in seeking young Hipke and bringing him to the altar. It is charged that the young man had been courting a daughter of Mr. Anderson's, a comely young miss of about eighteen years and the wedding had been planned for Monday night. Hipke apparently decided not to assume the marriage yoke and went out of town. The wedding party waited at the house until it became evident that he was not coming and the wedding supper that had been spread was cleared away.

Fighting Hog Cholera.

MEAD, Neb., Sept. 9.—Thomas Farrow, assistant state veterinarian, was in this county and inoculated fifty head of hogs with anti-cholera serum. He was working in the plague stricken district near Ithaca on the farms of H. K. Marcy, August H. Smith and Herman Hankle. Mr. Hankle's hogs show no indications of cholera or other disease but the other two gentlemen's yards have the disease. To thoroughly test the serum after a reasonable length of time some of Mr. Hankle's well hogs will be turned in with the sick ones in other yards. The farmers out there are of the opinion that if the inoculation should fail it will not be Dr. Morrow's fault for he did his work very thoroughly. He took some blood from the sick hogs on Mr. Marcy's farm to the laboratory for examination. This matter will be watched with a great deal of interest by farmers of Saunders county.

Bank Out Ten Thousand.

OMAHA, Neb., Sept. 9.—A shortage of \$10,000 was discovered Monday in an Omaha bank and bank officials say circumstances at present point unmistakably to theft unless an absent teller can give the explanation of his doctored accounts. The teller who alone can solve the mystery is Ned H. Copeland. The institution from which the money was taken is the Nebraska National bank. Copeland began work there when he was hardly tall enough to look over the counters. For ten years he has held the position of railroad teller and the discovery of the shortage in his accounts was like a thunderbolt from a clear sky.

The money was lost August 2. Fifteen days later Copeland resigned his position to go to Arion, Ia., having stated to his employers he intended to assume control of his father's lumber business there. Copeland visited the town, but did not remain long. When last heard from, six days ago, he was in Washington, D. C. His present whereabouts are unknown.

Narrow Escape for Carthagenes.

WAHOO, Neb., Sept. 9.—The court house in this city escaped destruction by fire by a close shave. An outbuilding a few feet from the southeast corner of the court house took fire in some way and was all ablaze when discovered. The alarm was given and the firemen responded promptly and by excellent work the fire was extinguished before it spread from the outbuilding. It was a good piece of work on the part of the firemen, as there was a heavy wind blowing from the southwest.

Johnson Lodged in Jail.

WAHOO, Neb., Sept. 11.—Johnson, the would-be slayer of Sheriff Farris, was brought to this city and lodged in jail to await a preliminary examination.

Caught on a Crossing.

SUTTON, Neb., Sept. 11.—While driving home in a buggy, the hired man of L. Lavington attempted to cross the railroad track ahead of No. 3 and was struck by the engine and thrown out but not seriously hurt. The horse was killed and the buggy wrecked.

Falls From a Windmill.

TECUMSEH, Neb., Sept. 11.—Earl, the 5-year-old son of Mr. and Mrs. F. F. Versaw, who reside northeast of Tecumseh, climbed to the wheel platform of a windmill and fell to the ground. Besides being badly shaken up, his right leg was broken between the thigh and knee.

William Rhoden, a farmer boy residing near here, was severely scalded about the head one day recently in some manner and as a result he will probably lose an eye.

Switchman Killed.

LINCOLN, Neb., Sept. 11.—D. S. Quick, a switchman employed in the Burlington yards, was killed here by being run over by a freight car. He had been employed by the road in this capacity for a short time. He was 23 years old and leaves a wife and three children. At the time of the accident a switch engine attached to a short string of cars was at work on a repair track. The unfortunate man was standing on top of one of the cars, when it gave a sudden lurch and threw him forward. Before he could regain his balance he fell to the track and the wheels of the car passed over him, killing him instantly.

Wreck on the Union Pacific.

SIDNEY, Neb., Sept. 11.—A wreck occurred on the Union Pacific at Pine Bluffs, Wyo. Freight train No. 22, eastbound, with Conductor Smith and Engineer Henry Thorne in charge, had been at the above named station switching for an hour.

There is a sharp curve at this point and a fruit special, with Engineer Baldwin and Conductor Ed Leighton in charge, came around the bend at the rate of thirty-five miles an hour. The freight had no signal out and offered no warning for the fruit special. The latter slowed down to ten miles an hour and struck the caboose of the freight train and smashed it, together with five cars of coal. No one was seriously hurt.

The Claim Rejected.

LINCOLN, Sept. 11.—Auditor Cornell has rejected the claims of Robert W. Furnas for the unused state fair appropriations for the years 1898 and 1899. Mr. Furnas, acting as secretary of the state board of agriculture, sought to obtain this money, amounting to \$4,000, to apply on the indebtedness of the association. Deputy Attorney General Oldham furnished the auditor with a written opinion this afternoon, holding that the money appropriated by the legislature could be drawn from the treasury only for premiums offered and paid by the board of agriculture. As the board has held no fairs for the last two years the money will therefore remain in the treasury. The indebtedness of the association is something like \$6,000 and it was thought that the appropriation might be applied on unpaid premiums of previous years.

Paroled by the Governor.

LINCOLN, Neb., Sept. 11.—Benjamin D. Mills, the Harlan county banker who was sentenced to the state penitentiary about three years ago on the charge of being an accessory to the unlawful conversion of public funds, has been paroled by Governor Poynter. Mills had spent about a year and a half of a five-year sentence in the penitentiary. Benjamin Mills was at one time one of the leading republicans of Harlan county and head of a bank at Republican City. The offense for which he was convicted was that of borrowing public money from Ezra S. Whitney, treasurer of Harlan county, who was also convicted, sent to the penitentiary and paroled about two weeks ago. When Whitney retired from office his books were inspected and it was found that he was short over \$20,000. On promise of immunity for his own dishonesty he testified that he had loaned \$6,000 of the county money to Mills.

Seeks to Recover Big Damages.

LINCOLN, Sept. 11.—Attorney A. G. Wolfenbarger has instituted a sensational suit in the district court against Isaac B. Robinson, seeking to recover \$35,019 damages, alleged to have been sustained as a result of a severe horse-whipping he was subjected to on O street about two months ago. Wolfenbarger was the attorney for Mrs. Robinson in a divorce suit and during the trial of the case he provoked the defendant husband to such an extent that the latter assaulted him a few minutes afterward with a rawhide, inflicting several wounds about the face and neck. This affair took place in front of the Burr block on O street and was witnessed by several hundred people. In his petition Mr. Wolfenbarger asserts that he expended \$10 for medical treatment and that altogether, including the pain, injury and humiliation and the damage to his name he has suffered in the sum of \$35,019. Mr. Wolfenbarger is a prominent temperance advocate and reformer and a few weeks ago a local anti-saloon organization passed resolutions attributing the assault to the influence of the liquor power.

Corner Stone Laid at Tekamah.

TEKAMAH, Neb., Sept. 11.—The ceremony of the laying of the corner stone of the new high school building in this city occurred under the auspices of the grand lodge of Masons of Nebraska. Hon. W. W. Keyser delivered an appropriate address. Hon. M. H. Hopewell was in charge of the ceremonies and marshaled the parade. The city was prettily decorated. All business houses were promptly closed at noon by the order of Mayor W. G. Sears. The new school building is to be built of brick and stone and to cost \$25,000.

Locomotive Runs.

During the past few months, the Baltimore and Ohio railroad has materially extended the runs of the passenger locomotives on through trains. Formerly engines were changed on an average every 100 or 150 miles. It was thought that the mountain grades of the Baltimore and Ohio railroad would prevent an extension of the runs. However, the experiment was made. It has proved successful and reduced the number of locomotives formerly required by twenty-four, which can be used in other branches of the service and save the purchase of more motive power. Under the new plan, locomotives are double crewed and make from 7,000 to 8,000 miles a month, as against 3,500 to 4,000 under the former method.

The best qualified to judge reckon that the fortune left by A. T. Stewart, which he left to the care of the late Judge Hilton, amounted to about \$40,000,000. Mrs. Stewart survived her husband ten years, and the great Stewart fortune survived her ten years. In 1876 Stewart died; in 1886 Mrs. Stewart died, and in 1896 the last of the visible Stewart millions disappeared in the wreck of Hilton, Hughes & Co.

Your Vegetable Compound has entirely cured me and I cannot praise it enough."—MRS. J. O. BARNARD, MILLTOWN, WASHINGTON CO., ME.

Pinkham's Vegetable Compound and Liver Pills and followed our directions, and am now well and strong. I shall recommend your medicine to all, for it saved my life."—Miss A. P., Box 21 ABBOTT, IOWA.
