Last Thursday a lady with a child about 3 years old came in on the U. P. train at noon and employed one of our lively men to drive her to the home of a certain gentleman living about 8 miles north on the Arcadia road. When they arrived at the place they were informed that the man in quest was threshing west of Arcadia. Straightway she directed her driver to hie them away to the place. When they arrived at the place where the machine was, they called for the above mentioned certain gentleman, who came to the buggy little expecting what was in store for him. The lady asked him if he knew her, but his memory was just then faulty. Finally he remembered her as having once lived in Custer county. Then began the picnic. Grabbing the whip she proceeded to administer a thorough drubbing to the man who she claimed had traduced her character. The lady is now married and lives in Chicago, and never had heard of his malicious story until just lately, when she at once came back to Nebraska for the sole purpose of administering a deserved trouncing. She had got "sweet revenge" and started at once on her return trip home.

MATHEW TALKS. H. M. Mathew, a radical fusionist from Loup City, was at the Lindell hotel last evening, and was speaking his mind quite freely on the political situation. "The fusion ticket ought to be elected," said Mr. Mathew, "but there will be a big falling off in Holcomb's vote in Sherman county. The thing that hurts some up there is that when Holcomb was in office, and especially when he was judge, he was always favoring Custer county at the expense of Sherman. The majority will be cut down terribly in Custer, too. Of late years the republicans have been electing part of their ticket there, and it will no longer roll up the old time majority."

"How about the house rent deal? Does it hurt Holcomb any in your locality?"

"No, not a bit. It's the free pass business that hurts."

"The people from your county were not for Holcomb in the convention, were they?"

"No, and there is another thing that hurts. Allen said something at the convention that is giving us trouble. He intimated that those who were opposing Holcomb were being furnished Mark Hanna money. It was a gratuitous insult that will not soon be forgotten."—State Journal.
