DEWEY TAKES A WIFE **KENTUCKY YET IN DOUBT.**

Hero of Manila Bay Quietly Married to Mrs. Mildred Hazen.

WEDDING ARRANGEMENTS SECRET

Ceremony Performed at the National Capital-Wedding Breakfast Served at the Residence of Mrs. McLean, After Which the Couple Leaves for New York.

WASHINGTON, Nov. 10 .- Admiral George Dewey and Mrs. Mildred M. Hazen were married quietly at the rectory of St. Paul's Catholic church in V street near Firteenth in this city shortly before 10 o'clock yesterday. The ceremony was performed by Rev. Jo-seph H. Foley, assistant pastor, and Hev. Sidney Hurlbut. The ceremony was of the simplest character, according to the rites of the Catholic church, and the only witnesses besides the officiating clergymen were Mrs. Washington McLean and Mrs. Ludlow, wife of Admiral Ludlow, mother and sister respectively of the bride, and Lieuten-ant Chidwell, Admiral Dewey's secretary.

The arrangements for the wedding were made with all the secrecy which has attended the whole affair. After procuring the license for the wedding yesterday Lieutenant Caldwell called on Father Mackin of St. Paul's, of which Mrs. Hazen is a communicant, and arranged for the wedding this morning. As Admiral Dewey is not a Catholic a special dispensition was dred, and this was procured by Tather Mackin from Bishop Curtis, icar general of the diocese of Bale, who granted it in the absence of Cardinal Gibbons, who is at present in New Orleans. Father Mackin went to Baltimore for this purpose yesterday afternoon.

At 9:45 this morning two carriages containing the wedding party drew up before the modest red brick rectory in the rear of St. Paul's. The general public had no intimation that the ceremony was to take place and not a sinspectator was present as the party alighted. Admiral Dewey and Lieutenant Caldwell quickly stepped from their carriage and the admiral assisted the bride-elect and her mother and er from the other carriage Mrs. Hazen was gowned in a pearl gray over which she wore a long stylish black wrap trimmed with silver fox and lined with lavender silk. The admiral wore a black frock coat, gray trousers and a silk hat.

Upon entering the rectory they were ushered into the reception room, where Admiral Dewey was presented to Father Mackin and the two clergymen who were to assist in the ceremony. Upon being presented to Father Mackn the admiral said that he had heard that Father Mackin had in his early years been a sailor and it gave him additional happiness to know that he was to be married by a clorgyman who had at one time followed the sea. Father Mackin and his assistants wore | rality of 12,166, and as they are strongsimple black cassocks.

A Fit of Insanity Seizes a Burlington Passenger.

JUMPS FROM MOVING TRAIN.

HASTINGS, Neb., Nov. 13.-F. G. Larned of Poland, N. Y., a passenger on No. 1 westbound Burlington passonger train, became suddenly insane and plunged through one of the car windows while the train was speeding along over the prairie between Harvard and Saronville at the rate of fifty miles an hour. Mr. Larned was on his way to Haigler, Neb., accompanied by his wife and little son, where, with a brother, W. H. Larned, he is interested in raising sheep and also in the Fmpire Loan and Trust company. He was apparently enjoying his usual health and there had been nothing in his actions to give the slightest premonition of an unbalanced mind. Mr. Larned and his family were traveling in a chair car. He had just wrapped his wife's cloak about her and started to walk down the aisle when he gave a scream and made a dash for one of the windows. He went through the double window head first before any of the other passengers could stop him. The train was stopped and ran back to where he lay at the foot of a fifteen foot embankment. He was unconscious and bleeding from cuts about the head caused by the broken glass. The injured man was picked up and brought back to this city and is at the Lepin hotel under the care of the Burlington company's physician, Dr. Artz. He is badly injured about the head and one of his shoulders is dislo-

Big University Attendance.

cated.

LINCOLN, Neb., Nov. 13 .- A half score of years ago, almost to a day, Dr. Charles E. Bessey, then as now acting chancellor of the university of Nebraska, announced in the chapel with a great deal of pride that the total enrollment of the university had reached the unprecedented figure of 500. This includes those students who are commonly known as "preps," musical suidents, art students and all. It was a proud day for the university and the little body of students that were gathered in the chapel let loose the university yell with wild enthusiasm. Ycsterday the acting chancellor announced that the new students admited this fall numbered 600. This indicates the rapid growth of the university and predicts an atendance close to 2,100.

The language department of the state university has an exceedingly large enrollment this year. Prof. Edgren, head of romance languages, has about 300 students, more than ever before. Prof. Fossler, head of Germanic languages, has 629 enrolled, which is also larger than in the past years. The new law library of the university is a great advantage to the law students.

Normal School Notes. PERU, Neb., Nov. 9.-Mr. T. De Witt Miller delivered the second lec-

tur of the regular lecture course on the evening of October 31. It was not known until that evening came that Mr. Miller would not lecture on the subject previously announced, "Three-thirds of a Man." His lecture had as its central thought our sufficiency as a republic in and of ourselves. He wove into his talk several live topics, such as expansion, which are looked at from different standpoints, but which gave great interest to the listeners. He spoke of our isolated position and of our great security, and why we needed no alliance and why England did on account of hostile Europe. The lecture was well filled with genuine wit and humor, as well as interest and good lessons.

On the 18th of November there will be a combined musical and elocutionary recital given in the Normal school chapel by these two departments.

The school was visited last week by J. C. Shull of Auburn, candidate for county judge. He is the man who introduced into the state legislature the bill providing \$20,000 for the new dormitory now occupied. He addressed the students in the chapel.

Tracklaying on the Burlington. LINCOLN, Neb., Nov. 10 .- Tracklaying on the Burlington extension from Alliance, which is being built to Hartville, Wyo., and to Brush, Colo., has been delayed since October 10 by the graders. The grade south of Angora, the new station recently opened at the top of the divide twenty miles south of Alliance, has not been completed and the construction train could proceed no further until the work was in a more finished condition. It is understood that within a few days the work of track laying will again begin and be pushed along as rapidly as possible. Reports indicate that no more waiting on graders will be nec-essary, as much of the grade south of the divide is already completed and ready for the steel. Some of the bridge work is being done ahead of the tracklaying and the graders are well along with roadbed building far out toward the state line. With good weather the state line can be reached by January

New depots and buildings required for railroad use will be placed at the new stations opened as rapidly as possible. At present three stations on the new extensions started this season are served with temporary depots. They are Comstock, Sargent and Angora.

These same counties last year gave Poynter a plurality of 2,115 and his total plurality in the state was 2,721. Allowing for the same rate of gain in the remaining counties as Holcomb has made in those reported his plurality will not be very far from 15,000 either way.

Additional returns from the Sixth congressional district show that Neville is elected over Kinkaid, but they are not sufficiently complete to give a definite idea of the size of the majority. Neville claims that it will be 3,000, though the republicans are not willing to concede so much.

Altgeld on the Elections.

SIOUX CITY, Ia., Nov. 10 .- Ex-Governor Altgeld of Illinois spent yesterday in Sioux City and last night lectured at the opera house under the auspices of the local Trades and Labor assembly. Mr. Altgeld was asked to express an opinion on the recent elections. He said of course it is to be understood he is more than pleased with the showing of the fusionists in Nebraska. So far as South Dakota is concerned he expresses no apprehension as to the situation with his party in that state, even though it has gone republican this time. Mr. Altgeld says the fact that the republicans got a majority at all is because the democrats and populists did not go to the polls. He says the voting was done by the republicans in the towns and cities and the followers of Bryan in the rural districts did not take enough interest in the election to go to the polls.

Jones and the Philippines.

TOLEDO, O., Nov. 10 .- Mayor Jones today issued a signed statement, in which he denies that he had said, "If my race has in any way contributed to the success of John R. Mc-Lean and a rebuke to the infamous policy of the administration, I feel it has not been in vain." Mayor Jones then says of imperialism:

"I believe the non-partisan vote of Ohio may be recorded as favoring a Christian policy toward the Philippines. Personally, I believe the Filipinos have a right to be free as well as the Americans, and I have frankly said so whenever the question was raised, but I have no thought whatever of trying to represent any other man as believing as I do. I want all men to be free to speak for themselves."

The Price of Coal.

OMAHA, Neb., Nov. 13.-Railway men say that coal will probably take on a raise about November 15, for on that date the freight rates from the east will increase. For several months past, the rate from Chicago to the Missouri river, on both hard and soft coal. has been \$2 per ton. After November 15 it will be \$2.50 on hard coal, and \$2.25 on soft coal. While much of the coal comes from points nearer than Chicago, yet the effect will be much the same as for price, since the demand is up to the limit of supply.

The Boer Flag.

LINCOLN, Neb., Nov. 9 .- Sheriff Trompen some time ago made the assertion that if he knew what the flag of the Boers was, he would fly it under the United States flag on his house. Yesterday John P. The flag consists of a vertical bar of green next to the staff and then running out horizontally three bars, the top one red, the next white and the lowest one blue. The sheriff did not say that he would have one made immediately, but he received the information with pleasure.
