Request for an Explanation Has Not Yet Been Kesponded To and German Officials Are Therefore Suspending Judgment-Coalition May Be Entered Into.

BERLIN, Jan. 6.—The seizure the Bundersrath remains the dominant topic of the German press. Influential papers like the Berliner Tageblatt, Cologne Volks-Zeitung, Berliner Neue ste Nachrichten, Hamburger Correspondenz and the semi-official Berliner Post strongly hint at the possibility of Germany forming a coalition with France. The anti-British feeling is Germanic league.

A prominent official of the German foreign office who was interviewed this evening by the correspondent of the Associated Press said that Great Britain had not yet answered Germany's request for an explanation of the seizure, but that the reply was expected in the course of a few days. The foreign office, according to this official, has not yet concluded that Great Britain is trying to ride roughshod over Germany.

The correspondent asked what position Germany takes regarding England's right to search German ships on the high seas. The official answered that nothing could be divulged at this stage; but he pointed cut that the Bundersrath was sailing for a Portuguese port. On being asked what Germany would do should it turn out contraband of war, he gave a noncommittal reply, but gave the intimation that such a discovery would seriously damage Germany's case.
