Hale almost miraculously escaped the fell destroyer last Monday, while moving his building. A large iron pin that had been driven in the ground to attach a block and tackle to, pulled up with such force that it went 60 feet beyond him and as it passed him it struck him enough to put him off duty next day. The Republican campaign was opened in Sherman county by Hon. G. L. Dobson, secretary of state of Iowa, who delivered a lengthy, logical and eloquent address at this place Tuesday evening. He was greatly applauded by the audience and although he spoke over two hours, held the crowd in rapt attention. Mr. Dobson's remarks on the money question were exceptionally plain and convincing. After the meeting was over here-to-fore populists were heard to say: "I voted for Bryan four years ago but if God will forgive me I will never be guilty of such a thing again". Other populists who attended gave Mr. Dobson the credit of handling the subject very fairly and seemed well pleased with his speech.

LETTER FROM THE ROCKIES. CHAMBERS LAKE. (Altitude 12,000 feet.) Dear NORTHWESTER, As permitted I herewith jot you a line from the Rockies. Seated in our camp but a few feet below timber line, in sight of the beautiful snow that caps Longs Peak, on our left and Clark's on our right, and at the head waters of the Santa La Poudre river, and the lake like glistening silver below, presents to one a scene rich, grand and thrilling, one long to be remembered. And as I gaze on nature's grand panorama I can wonder why tourists chose the east when the west presents to the sight seeing eye so much that is magnificent and grand. Chambers Lake is a beautiful sheet of water clear and ice cold, located between two ranges of the Rockies, about 2,000 feet below timber line and receives its water from the snow of a part of the Medicine Bow range of the Rockies, fed to it by cascades rumbling, tumbling and roaring down the mountain side, and last but not least by a canal that taps the Little Laramie some 7 miles from the lake and is hung along the cliffs or side of the mountain a 1,000 ft. above our camp built at an expense of half a million dollars, and is known as the sky line ditch, making the lake one grand reservoir, which empties into Poudre river and flows some 50 miles down the Poudre Grand canyon and supplies the Laramie canal or Grand ditch, and irrigates many thousand acres of land. As one travels through the irrigated portions of Colorado, and views the beautiful well fruited orchards, the immense fields of grain and the innumerable meadows of dark green alfalfa, one can only imagine the great wealth and value of water when used for irrigation. Colorado lands without water rights are in a manner valueless, but with sufficient water to insure a crop is worth and readily sells at from four to ten thousand dollars per quarter, then farms are generally pretty well improved, that is good houses but seldom barns or garages. Your readers perhaps will think this an exorbitant price to pay for a quarter sec. of land and may wonder how any money can be made at farming in this land of dikes and ditches, but it seems they do and not a few of them paid out \$2,000 on their farms in one year, and water has done all this for Colorado and I believe the Loup City ditch can do this and more and do it for 75 per cent less money than is and must be expended here, and why? Because the Loup will furnish more water and it is easier to get and better land to irrigate. The farmers are very busy just now threshing their grain and turning the last water of the season on their potatoes. Their wheat weighing out 30 to 60 bushels to the acre and an ordinary day run for threshers is 2,000 bushel, some made as high as 2,400. They furnish hands teams and board and charge 5 cents per bushel. The potato crop will not be an average one this year as the stand is generally poor. Wages run from \$25.00 to \$35.00 per month and work is assured nearly the whole year. Nebraska boys need no recommend or reference and are well represented here. Fort Collins, the county seat is a beautiful town of 8 or 10 thousand inhabitants, laid out in circular form, fine wide streets, beautiful groves and elegant buildings situated on the left bank of the Poudre river, and under the mountain, and is surrounded by some of the finest fruit farms in Colo. Alfalfa is the main stay of the Colorado farmer, it is their only fertilizer, and in order to keep up the productive properties of the land it must be turned under at least once in three years. Sherman county land would not require it. E. G. PAIGE. ASHTON ITEMS. E. F. Beushausen was over from Ord, Thursday. The play entitled "Lady Audley's Secret" will be given at the opera the 27, inst, by home talent. C. F. Beushausen arrived home from Colorado, Saturday night. Jack Frost is giving us a gentle reminder of winter. Frank Kearns left overland with his family for Oklahoma Monday. C. F. Beushausen went to Ord, Monday. JIM. Go to Sheppards if you want a pair of Glasses that will do your eyes good. He is the only Optician in this part of the country that has UP-TO-DATE Instruments, and KNOWS HOW TO USE THEM. 8 day alarm clocks SHEPPARDS. \$3.50 cts at. The Bravery of Woman. Was grandly shown by Mrs. John Dowling of Butler, Pa., in a three years struggle with a malignant stomach trouble that caused distressing attacks of nausea and indigestion. All remedies failed to relieve her until she tried Electric Bitters. After taking it two months, she wrote: "I am now wholly cured and can now eat anything. It is truly a grand tonic for the whole system as I gained in weight and feel much stronger since using it." It aids digestion, cures dyspepsia, improves appetite, gives new life. Only 50c. Guaranteed at Odendahl Bros. A WONDERFUL CURE OF DIARRHOEA. A PROMINENT VIRGINIA EDITOR Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy. READ HIS EDITORIAL. From the Times, Hillsville, Va. I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man to-day and feel as well as I ever did in my life. —O. Astigmatism!

Astigmatism is not a disease but is simply a defect in the shape of the eye ball. It necessitates an irregular strain upon the muscles in adjusting for different objects. There is no condition which causes so much discomfort and fatigue, Especially Head Aches

A peculiar feature about astigmatism is that people who have it seldom know that anything is wrong with their eyes. They lay all their suffering to some other cause. They believe that they can see as well as any one and in a good many cases they can. The overwork is going on just the same.

If any one thinks their eyes are not right come in and see me. I am the only optician in this part of the country that can correct astigmatism. Eyes tested free.
