Ashton News Items.

As billed, the Ashton home talent appeared before the foot lights on the evening of October 5th and before a large and appreciative audience and very creditably acquitted themselves in the production of the comedy entitled "Lady Audley's Secret". They appeared in full appreciative costume and rendered well their respective parts. The scenery pariphanalia and stage fixtures, although hastily improvised were appropriate and up to date. The high comedy so closely verging on tragedy that characterized the interesting parts of the make up, was very graphically delineated and well rendered. In conclusion they treated the audience to a pantomime and song entitled "Cousin Je da Siah." "The the Three Lovers" were very comic and produced roars of laughter, which only ceased after the encore was answered. An experienced orchestra supplied the music. About \$40. was received at the door and will be donated to the interest of the D. of H. After the play came the dance and oysters.

Figures just compiled by the state labor commissioner for the mortgage record of Nebraska show that during the first six months of 1899 the excess of mortgages released in this state over those filed was \$1,000,213 and for the same period in 1900 the excess of releases over new filings was \$1,258,000. What these figures mean is, the people of Nebraska during the past six months have lifted over \$1,200,000 of debt that has been secured by mortgage. How much debt-lifting would they have accomplished had McKimley and prosperity been voted down four years ago?—State Journal.

Astigmatism!

Astigmatism is not a disease but is simply a defect in the shape of the eye ball. It necessitates an irregular strain upon the muscles in adjusting for different objects. There is no condition which causes so much discomfort and fatigue,

Especially Head Aches

A peculiar feature about astigmatism is that people who have it seldom know that anything is wrong with their eyes. They lay all their suffering to some other cause. They believe that they can see as well as any one and in a good many cases they can. The overwork is going on just the same.

If any one thinks their eyes are not right come in and see me. I am the only optician in this part of the country that can correct astigmatism. Eyes tested free.
