THE LIVE STOCK MARKET.

Latest Quotations from South Omaha. and Kansas City.

SOUTH OMAHA. Union Stock Yards - Cattle There was a good liberal run of cattle here today, and as both yard traders and packers and as both yard traders and packers were not particularly anxious for sup-plies the market was slow and weak all around. There were quite a few fat cal-tile, included in the reccipts, and a num-ber of bunches of pretty good stuff. Buy-ers, however, did not take hold with much life and claimed that prices here were too high in comparison with east-ern markets. Sellers were not willing to make any concessions, and as a result the market was dull with the tendency of prices lower. As compared with the close of last week it is safe to say that the market is all of 10925c lower, the greatest decline being on the commoner close of last week it is safe to say that the market is all of 109725c lower, the greatest decline being on the commoner grades. There was very little life to the stocker and feeder trade except on the best heavyweight feeders, which have sold in good shape all the week, and pric-es on that class of stuff is very little low-er than it was at the clase of last week. Common kinds, however, and anything at all light or on the calf order are very slow sale, and probably around a quar-ter lower for the week. There were quite a few western beef steers on sale this morning, and the better grades sold just about steady, but the common kinds did not bring quite as good prices. Hogs—There was another liberal run of hogs, but in spite of that fact the mar-ket opened up strong to 5c higher in some cases. Light hogs were in the best demand and on the early market sold largely at \$4.80, and as high as \$4.82% and \$4.85 was paid for a number of loads. The heavier hogs sold around \$4.77%. Buyers did not seem to want the heavy packers today, and seliers found it difficult to get a bid on them at the start. After the first few rounds the market did not seem to be quite as strong and the \$4.77% sales were more numerous.

first few rounds the market did not seem to be quite as strong and the \$4.77½ sales were more numerous. Sheep—ihere were a few cars of sheep here today and what few were offered were rather on the common order and largely feeders. Packers all seemed to be anxious for good stuff and bought of both the sheep and lambs offered today at just about steady prices, though they were far from choice. Feeders were also in good demand today and the few on the market were bought up at right around steady prices, no material change from yesterday being noticeable.

KANSAS CITY. Cattle-Recelpts, 4,000: market steady to weak: native steers, \$4.00%5.30; Texas steers, \$2.25%4.59; Texas cows, \$2.25%3.59; mative cows and helfers, \$1.00%4.25; stock-ers and feeders, \$3.00%4.35; bulls, \$2.25% 3.55; calves, recelpts, 300; market steady; 4.25%5.90. 1.25@5.90. Reports. WASHINGTON, Nov. 24 .- The latest hail from Manila received at the War epartment brings an interesting budet of news from the islands, some f which heretofore has been touched n in press dispatches. The Manila apers of October 18 devote considerble space to a report concerning Aginaldo's death in northern Luzon. hey say that the circumstantial charcter of this report, together with the act that General Trias recently had een signing himself "commander-inhief of the insurgent forces." lends olor to the belief that Aguinaldo may e dead.

The latest account in this line comes
