sensational controversy occurred be-Furnas over the appropriation for the hospital for the insane at Hastings. The total appropriation for the institution as proposed by the bill as it came from the finance, ways and means committee is \$199,500. LEGISLATIVE NOTES.

The senate in committee of the whole killed Senator Miller's amendment to the bill providing for a bond for rent in appeals from mortgage foreclosures. The vote was a tie, 16 to 16. Senator Crounse, who was in to fail. Further amendments will be offered when the bill comes up again, as it was not finally disposed of.

Governor Dietrich has signed the supreme court commission bill, and it now a law. The bill carried the emergency clause, so it goes into effect at once. The bill provides for the appointment of nine supreme court commissioners at a salary of \$2,500 each. Each commissioner is allowed a stenographer at a salary of \$1,000. According to the bill, the three judges of the supreme court are to name the commissioners. It is expected the appointments will be made in two or three weeks.

Effects of Too Much Food. Much of the sinking, tired and empty

feeling from which business men who work their brains alone so often suffer is due to the accumulation of toxins in the system which want "working off." Two meals a day and active exercise are the preventive, and there is no exercise which can be got at any time and by anybody to the extent that walking can. But to do good it must not be sauntering. Really "smart" walking is what is wanted.

Roman Villa Site Unearthed.

The site of an extensive Roman villa has been unearthed in the village of Rothley, in Leicestershire, the birthplace of Lord Macaulay. The estate is being laid out for building purposes, and in the course of the excavations numerous finds of ancient pottery have been made. Of the Roman villa now discovered the foundations are in an almost perfect state of preservation.

Skyscraper Makes Clerks "Seasick." Down at the Battery, in New York city, there is a skyscraper office building on the top floor of which are the headquarters of a big trust. During a violent windstorm last week the building swayed so that half a dozen clerks became "seasick." One of them said he would sooner keep books on an ocean liner.

Kansas Adds to the Language,

A word recently come into frequent use in Kansas is "buffaloed." It has a delicate shade of meaning. A man who is scared, is merely awakened into the activities of defense; a man who is bluffed is one who is 's badly scared that he believes defense impossible, but a man who is buffaloed not only believes defense is impossible but can't work up enough locomotion to run .-
