Rev. Madely is using every precaution possible to prevent the spread of smallpox among the people who attend church by disinfecting the building before and after meetings. This is a very wise precaution and Mr. Madely should have the commendation of our citizens for his thoughtfulness. In speaking with him the other day on the subject we suggested that it might be a good plan to close the church entirely for a time. To this he said that he would do so if his people thought that it was for the best. He further added that it would be quite impossible for him to remain here without work to do. Mr. Madely is like most of us in this respect. Without work it is pretty hard to get along. If the people will take a necessary care and not mingle with others if they have been exposed, there is little danger. Every person should make it a point to give full support to the health authorities and keep themselves isolated if once exposed and the disease will be easily handled. But if people persist in disregarding the rules of the Board of Health they must suffer the consequence.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the diseased area. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "SNUFFELS" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full months treatment and everything necessary to its perfect use.

"SNUFFELS" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD IN THE HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFELS" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of SNUFFELS the "GUARANTEED CATARRH CURE."

Send prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. A255 EDWIN B. GILES & COMPANY, 2239 and 2242 Market Street, Philadelphia.
