Congressman Moses P. Kinkaid has announced his intention of again being a candidate for congress from the Bix Sixth. To lovers of the picture show, it will be interesting to know that the opera house is making a special effort of late to get superior film stories and thus make the picture show more attractive. Last Saturday night, among other features at the opera house was "Beauty and the Beast, the great fairy tale and a good house was present to greet this very superior picture. We are glad to learn that Mr. Daddow is getting better film stories as the days go by and our people will certainly appreciate his doing so by increased attendance at his play house.

A special election will be held in Sherman county on May 12th to vote on the proposition of issuing bonds to the amount of \$75,000 for the construction of a new court house at Loup City. If we were a voter and property owner in Sherman county we should favor the improvement. The present court house is an eyesore and unsafe, and but poorly reflects the enterprise and progressiveness of the people of Sherman county. The Sherman county court house is of that type of county buildings one would expect to find in some of the backwoods inland counties down in Arkansas, but it doesn't show up very creditably as the headquarters of a Nebraska county where the real estate owners are beginning to value their land up to the \$75 and \$100 an acre mark. They say the old court house is not yet paid for, and more or less scandal attached to its construction, more than a generation ago, but does not alter the fact that the records of the county, which affects the title of every piece of real estate in the county, are in constant danger of destruction by fire, and the enterprise and progressiveness of the county gets a black eye every time a visitor or possible investor visits the county seat. A good fire-proof court house is a good investment for any county.—Ravenna News.
