Flint or limestone is the best Money is being thrown away by the use of sandstone as a road bed because of the fact that when it is rolled down and crushed into form it is only a short time until the frost has it in such shape that it proves worthless. Never hammer or crush the sand rock. The better form can be made of sandstone by getting the rocks in good building material form to be used only on soft, wet land, laying them in mechanically to make the eight-food road bed and covering with the oil, clay and shell. Always put the oil bed underneath and in that way save all the fine particles to harden the road bed.

# Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for womenand every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I. PROVIDENCE, R. I .- "For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me.
