PREACHER FELL TO HIS DEATH

Rev. H. H. Berry Falls From High Scaffold and Receives Injuries From Which He Dies.

CAUSE OF ACCIDENT UNKNOWN.

Sorrow, regret and sympathy are sensations felt by this community because of the sudden death of Rev. H. H. Berry, formerly pastor of the Baptist churches of Ord, Elyria and Horace.

Last week, Wednesday forenoon Rev. Berry, who has lately been devoting his time to his trade as carpenter because of his pastorate failing to support him and his family, was working on a barn five miles northwest of Greeley.

On the fatal morning the scaffold was being erected to a higher level. This work was well and securely done and only Mr. Berry was at the highest level, a distance of about 20 feet from the ground. While standing there evidently figuring on the next thing to do he was heard to utter one cry and then was seen to topple over backward striking the ground with great force, the blow being dealt to his head and shoulders.

He was picked up at once and presently regained consciousness, but did not know what had befallen him or what caused him to fall. A surgeon was called and the man seemed to be doing all right and, except when sleeping, kept his consciousness up to five minutes before his death, which occurred Friday morning at 8:00 o'clock.

The pitiful thing about this tragedy is the fact that he leaves a widow and eight children, the oldest being only 17 years, with very little property. The family cannot, with the father gone, be self supporting. --Ord Quiz

Roland Goodwin and Arthur Casteel arrived home last week from Montana, where they have been for the past number of months growing up with the country and making the country grow up under their energetic endeavors. Both boys look well, feel well, act well and did well out in that country.

A letter received a few days since from Peter F. Hansen, from 530 Temple street, Los Angeles, says he and wife are back from several months trip up in Oregon and Washington. They stopped at Frisco and intended remaining there for some time, but the climatic conditions were not satisfactory for Mrs. Hansen's health and so went down to Los Angeles, it was so much nicer there.

Reynolds, who has been so ill for the past fortnight at the home of her son, Wright Reynolds, has so far recovered as to be able to be brought home Tuesday of this week. BOTH HANDS BADLY BURNED

O. A. Woods Meets Painful Accident With Gasoline. Happens in a Peculiar Manner.

PATIENT GETTING ALONG NICELY.

Last week Monday, O. A. Woods had both hands badly burned as a result of washing his hands with gasoline and afterward lighting a match which caught his hands on fire from the effect of which he will be unable to attend to business matters for a fortnight or more. He had been working about his car at Schumann's garage, and after concluding washed his hands in gasoline. Wiping them off as dry as possible with a quantity of waste, he attempted to light his pipe with a match, when his right hand was set on fire from the match. Attempting to put out the fire with his left hand, that member took fire and before the flames could be extinguished both hands were burned in a frightful manner from the the wrists down to the finger ends. He immediately went to his family physician, Dr. Carrie L. Bowman, and had the burns dressed, but says the agony he has had to endure from the accident is more than tongue can express. However, he is getting along nicely and will soon be around as good as new.

Of Interest to Your Boys

When you keep a boy interested in football, baseball, tennis, and the like, you lessen the chances that he will get interested in things not so good for him.

The Youth's Companion, since its enlargement, gives generous space to this matter of athletic training, and gets the best coaches in the country to write for it.

The editor of this paper had the signal honor of being the only candidate on any ticket which drew showers of paper pellets from the opposition paper. But then, a newspaperman can stand it better; being more used to it.

AGAIN WE SAY IT IS CONTINUITY THAT COUNTS

Just Remember that it is a Chance of a Life Time and Those That Let it Pass Are Just Letting One More Chance of Success Slip Past Them.

BE A HUSTLER, A LIVE ONE AND SUCCESS IS YOURS.

Candidates, the best advice that we can offer you is to keep busy every day and go over your territory as closely as possible. If you are unable to spend much time, do not let that worry you, but just keep up a steady pace every day. Again we say, it is Continuity that counts. Just remember that it is a chance of a life time and those that let it pass are just letting one more chance of success slip past them. A number of candidates are going to receive very valuable rewards. You can be one of them or you can be sorry after it is over that you were not in the race.

If you want the Maxwell Touring Car just go after it and stick. Stay right with it until the end and you will come out victorious, your cherished hope fully realized. The tortoise gained a victory over the hare. How did it happen? Everyone knows that the hare is much faster than the tortoise, but the tortoise plodded on through "thick and thin" while the hare made a little sport and rested. When he reached the goal the tortoise was already there. This is to illustrate what a sticker can expect who keeps determinedly on, regardless of all obstacles. Now is your time. Make your showing right now.

Turn in your collections. Run your name up in the printed list and show your anxious friends that you have the spirit and the determination to win.

It's Up To You! The time has come to lay aside all doubts and lack of confidence. From now on to the close of the campaign each and every candidate must make subscriptions their watch word. Be a hustler, a live one and success is bound to be your portion. Think of the great opportunity that is yours--to become a leader and a winner in this great campaign.

Remember we are offering the greatest newspaper value ever heard of in Sherman county. "The Homestead," "Today's Magazine" and the Northwestern all three for a year for \$1.50. This holds good on renewals. All old subscribers renewing for one year or more gets the advantage of this \$3.00 value for \$1.50 per year.

Think of it, a chance to gain thousands of votes by putting forth your best efforts for the next ten days.

To prove to the public that we appreciate the work being done, we will give a prize ballot vote as a special inducement. Remember this is in addition to the regular schedule of votes given on subscriptions and will positively be the last extra vote offer of the campaign. It will afford the greatest opportunity to forge your way to the front. NOW is the time for you to take advantage of every possibility, better win by a hundred subscriptions than lose by one.

Things Are Booming The Northwestern contest is

not well started, the candidates are working and things are booming in all parts of the county. All of them want the Maxwell or one of the other splendid prizes we are offering and they are working with much energy, being aware of the fact that if they do not win they will be well paid for their time and efforts.

We have cut the list of candidates down until we believe that nearly all of the list are active workers. Any candidates whose name is on the list should inform the contest manager at once if she is not working.

Now is the time to get in your hard work. Get in every subscription you possibly can and turn them in now to count on the prize ballot votes.

Warning Notice Every candidate should keep just as busy as she possibly can, because for instance, she may need a few subscriptions Nov. 11 to make her the winner of the Ballot of 20,000 prize votes.

Notice To Contestants By mistake the change in the standing of the contestants does not appear in this week's issue of the Northwestern, only the votes of one or two contestants were changed. Next week the correct standing of contestants will be published to date. By mistake the paper went to press before the count of votes were completed.

Hurt in Friday's Foot Ball Game

As a result of the football game last Friday, between Loup City and Ord, Forest Larsen had the ligaments torn loose on one ankle, which he thinks was caused by a step in a depression in the ground when he was running in the first half of the game, while Arthur Hancock in some manner had his shoulder badly sprained and some of the ligaments torn loose in that member of the body. Arthur will be all right in a few days, but Forest will probably be hors de combat for a month or over, and is at present getting naturalized to walking on wooden props.

Geo. Deininger and wife were up from St. Paul last Saturday to make an over-Sunday visit with their old friends, Mr. and Mrs. Lincoln White, returning home Tuesday morning.

Deputy Sheriff Van Buren of Chadron passed through Fremont on his way to Fort Worth, Texas, to get Ora E. Phillips, wanted on charge of arson at Marsland, Neb. Phillips will be called upon to answer to the charge of burning a store which he had been running at Marsland Sept. 24. A number of other fires in that vicinity are attributed to him. A reward of \$400 was offered for his arrest and conviction. The state fire commissioner has been active in the search for Phillips.

Mr. Van Buren is of the opinion that Phillips will fight extradition and is likely he will have to go to Austin to get requisition papers. The Fort Worth chief of police wired Sheriff Van Buren of Chadron that Phillips had been arrested. --Tribune.

Rev. J. D. Collins of Lincoln has been with Rev. Dunn at the Baptist church the past four days, doing some splendid work.

Ord defeated Loup City in a football game last Friday, the score being 6 to 0. We were promised a write up of same but it failed to materialize.

Our democratic friends had a pow wow last Saturday on the corner of the court house square, that noted state orator of bewhiskered politics, Judge Oldham of Kearney being the speaker. The judge made the best possible out of his subject, confining himself to the Wilson administration and "The Great" Bryan, leaving the state administration very severely alone. But what could he do otherwise, when the state administration had nothing in its favor!

Last Sunday Mr. and Mrs. John George autoed up to the home of Charles Petersen in Oak Creek and spent the day.

DEMOCRATIC LANDSLIDE

Everything in Sherman County Goes Democratic Except Treasurer and Sheriff.

DEMOCRATS TOO NUMEROUS

It was a cold and chilly day, Nov. 3, for republican candidates in Sherman county, even if the air was balmy and the sun shone brightly. Owing to the heavy vote, the count will not be finished in Loup City township until some time today. All the other precincts finished their count at various times during election night. We will try and give the tabulated statement for next week's Northwestern. Below we give the totals on the legislative and county tickets so far as we have been able to get them from the returns made:

Senate--Starr 442; Wink 528; Bisehel 291.
House--Burleigh 448, Trumble 831.
County Clerk--Gibson 535; Polski 855.
District Clerk--Waite 493; Bass 672; Jones 160.
Treasurer--Henry 912; Jezewski 459.
Sheriff--Williams 869; Gappa 443.
County Attorney--Pedler 746; Stephens 923.
County Superintendent--Heapy 459; Currier 786.
County Judge--Smith 335; Charlton 218.

Reports from over the state seem to indicate of the balance of the state candidates. On congressman, nothing has been received on which to base any idea of the vote of either Kinkaid or Taylor. From Buffalo and Kearney counties come reports showing the election of Wink, democratic candidate for the senate from this 22nd district.

Pardon our emotion, but by the figures above it is shown beyond very much doubt that the editor has been defeated for representation by C. W. Trumble, and so very certain seemed the sad result, that the editor early Wednesday morning sent his successful opponent a telegram conveying congratulations on his handsome majority over the writer, who has concluded the people did not wish him to change his address to Lincoln during the coming session of the legislature.

There were four supervisors to elect, Wenzel Rewolinski winning in No. 1, W. O. Brown in No. 3, E. F. Kozel in No. 5 and F. T. Richmond in No. 7, the first being a democrat and the others republicans.

In the small hours of the morning they were seen wending their way home a tired but happy bunch.

Ed. Angier had a close call from a serious accident while driving to Loup City one evening a short time ago, at east end of the west bridge he met an automobile and on this part of the road it is impossible to get very far to one side' outside of a good scare and a shaking up all parties came out all right.
