SAN DIEGO'S BEAUTIFUL EXPOSITION

The Panama-California exposition, which opened at San Diego on New Year's day, is receiving high praise for the beauty and artistic effect of its buildings. The illustration shows the Home Economy and Foreign and Domestic Arts buildings.

ST. PETER'S SQUARE IN ROME

St. Peter's square in Rome was hard hit by the earthquake. The obelisk seen in the foreground in the photograph, was shaken and badly damaged: the famous colonnade, seen at the right, was lowered four feet, and the adjacent house, once occupied by the sisters of Pope Pius X, was seriously cracked.

year.

Whitewash as Cleanser. Nothing makes a cleaner looking poultry house than the use of plenty Canadian Wheat to Feed the World

The war's fearful devastation of European rops has caused an unusual demand for grain the American Continent. The people of the world must be fed and there is an unusual demand for Canadian wheat. Canada's invitation to every industrious American is therefore especially attrac-tive. She wants farmers to make money and happy, prosperous homes for themselves while helping her to raise immense wheat crops.

You can get a Homestead of 160 acres FREE and

other lands can be bought at remarkably low prices. Think of the money you can make with wheat at ite present high prices, where for some time it is liable to continue. During many years Canadian wheat fields have averaged 20 bushels to the acre—many yields as high as 45 bushels to the acre. Wonderful crops also of Oats, Barley and Flax.

Mixed farming is fully as profitable an industry as grain raising. The excel-lent grasses, full of nutrition, are the only food required either for beef or dairy purposes. Good schools, markets convenient, climate excellent.

ary service is not compulsory in Canada, but there is an extra demand for Military service is not compulsory in Canada, but there is an extra usual labor to replace the many young men who have volunteered for the war. The comment this year is urging farmers to put extra acreage into grain. Write for literature and particulars as to reduced railway rates Superintendent Immigration, Ottawa, Canada, or

BAD DREAMS Caused by Coffee.

"I have been a coffee drinker, more or less, ever since I can remember, until a few months ago I became more and more nervous and irritable, and finally I could not sleep at night for I was horribly disturbed by dreams of all sorts and a species of distressing nightmare.

"Finally, after hearing the experience of numbers of friends who had quit coffee and were drinking Postum, and learning of the great benefits they had derived, I concluded coffee must be the cause of my trouble, so I got some Postum and had it made strictly according to directions.

"I was astonished at the flavor and taste. It entirely took the place of coffee, and to my very great satisfaction, I began to sleep peacefully and sweetly. My nerves improved, and I wish I could wean every man, woman and child from the unwholesome drugdrink-coffee.

"People do not really appreciate or realize what a powerful drug it is and what terrible effect it has on the human system. If they did, hardly a pound of coffee would be sold. I would never think of going back to coffee again. I would almost as soon think of putting my hand in a fire after I had once been burned. Yours for

Postum comes in two forms: Regular Postum - must be well boiled. 15c and 25c packages.

Instant Postum-is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.
