The announcement is made that the Burlington will re-construct its bridge over the Platte river at Kearney. The new structure will be of much heavier material and will be equipped to handle the largest trains. Heavier rails will be laid and the supports and pilings of the bridge will be much strengthened over what they are at present. The bridge crews that will re-construct this bridge are expected to begin work the present week.

While at Rockville one day last week, the writer witnessed a demonstration of an Avery gasoline farm tractor engine that had just been unloaded from the car by O. P. Gilmore, of Austin. Accompanying the machine was a three-gang Grand Detour breaking plow with automatic lift, and also an attachment for stubble plowing. This modern agricultural implement is capable of turning acres of virgin prairie a day, regardless of stubs, stumps, stones or rattle-snakes. Mr. Gilmore expects to begin breaking as soon as the roads get into condition to enable him to move the machine from town.

Three-Button Novelty Sack, No. 814

HAVE you ever heard the fable of the fox that invited the stork to dinner and then offered food on a plate which the stork could not eat owing to his long pointed bill.

When we invite you to this store to inspect clothing of elegant quality, we do not serve it to you at prices so high that we cannot buy them.

In fact there is nothing "foxy" in the methods of this store, as you will find after once trading here.

THE HUB CLOTHING STORE
