Ed Jones was out to Wil Hawk's last Wednesday and did some paper hanging.
Some of the second cutting of alfalfa will be ready to cut the first of the week.
Supervisor Aden was seen last

Thursday on his way to his home at Hazard.
John McCall was seen going west on the divide with an auto load Thursday.
Alfred Jorgensen has been working with his engine getting it ready for the fall threshing.
C. W. Burt put his windmill on some new corner posts and raised it in place last week.
Several auto loads from Loup City attended the dance at Henry Obermiller's Saturday night.
Jim Burnett has been cutting the willows on the side of the road south of the mill race the past week.
N. P. Nielson came home from Ingleside, Neb., and is feeling quite a little better than on his last trip.
Fred Daddow was breaking out a small chunk next the road near McBeth's mail box the past week.
Chas. May autowed west along the divide with Mr. and Mrs. F. M. Mickow and Walt Reed last Saturday.
Judge Smith and daughters were seen autowing toward Litchfield to attend the funeral of Mr. Heapy last Saturday.
We have had so much rain that big chunks of earth on high banks have slipped off and slid to the base the past month.
John Peterson and son Chas. were out on Route 2 in the southeast part last Friday getting subscriptions for the Daily News.
Mr. and Mrs. J. Scharnow have been enjoying a visit with their daughter, Mrs. Martha Crumrine of Scotts Bluff, the past three weeks.
There was a big dance at Henry Obermiller's last Saturday night. Lots of people were in attendance and a good time is reported.
Carrier and family went out to the farm home of Mr. and Mrs. John Gallaway and visited from Saturday night until Sunday night. We thoroughly enjoyed the outing.
Remember the celebration on Wiggle Creek, Saturday, July 3. Come bring the kiddies and enjoy a day visiting with relatives and friends. Most all are related on the Creek or are going to be, you know.
Mr. and Mrs. Herman Jung spent part of Sunday in Loup City visiting and on their way home were called upon to hitch to an automobile and pull it out of the mud at Geo. McFadden's place. It reminded the car-

rier of the many experiences we had up in the sand hills.
The wind storm of last week did considerable damage at Homer Hughes'. It smashed his hay rack all to pieces, blew over a small building, stripping the shingles most all off and carried them southeast of the house some distance. At Herman Jung's it tore off a great limb from the trees along his line.
Upper and lower Wiggle Creek will play ball at Wiggle Creek Saturday, July 3. Don't fail to see this game. The day will be celebrated by many other attractions. Everybody on the Route should go. Let's make it one of the big happenings of the year on Route 2. Make it a social center for one day. The ball teams that are playing that day are the same teams that will play at the Route picnic in Jenner's Park this fall.
Now is the time to swat the potato bugs. They are on the vines by the thousands. They will, if let go, almost entirely ruin the fine potato prospects. Almost every year there is acres upon acres that are let go until it is too late. Nothing but hail or potato bugs can keep Sherman county from having one of the largest potato yields in its history. New potatoes are being used throughout the country and with the ground soaked as it is the crop is sure.
Most of the past week has been wet for all kinds of farm work. There has been some hot days with good rains. Corn has made a good growth this week. Most corn cultivated over once, some corn cultivated over twice quite a little corn is weedy, some fields are bad. Alfalfa will be ready to cut again in about ten days. Hay is great. Oats most all headed. Winter wheat will be ready to cut about the tenth to the fifteenth of July. The potatoes are setting good and the crop is as good as made. It will be the best all around potato crop Sherman county has ever raised. Gardens are fine.
There was an automobile party out from Loup City on the Route, joy riding Sunday evening at 9:30 o'clock. And at Geo. McFadden's they decided they had gone far enough south and in making the turn their auto skidded into the ditch along the road, the ditch being full of water and mud and when the carrier and family happened along men and women were working like troopers to get out. They had a young lumber yard and all the grass pulled up for squares around the machine, but it refused to budge until Mr. and Mrs. Herman Jung came along. With reasons best known to themselves the names are withheld.
Don't neglect the corn crop for the alfalfa. Only one crop of corn can be raised each year while three or four crops of alfalfa can be raised in one year. Alfalfa will stand longer than any other crop and yet make a good crop. Many farmers realize that it makes them more corn to cultivate oftener and many are now cultivating their corn five, six and seven times. It pays big to get a one horse cultivator and go over your corn after you lay it by with your two horse cultivators. No matter how dry and dusty it gets don't stop the cultivator. Many get discouraged and stop cultivation as soon as real dry weather sets in. Keep the ground stirred and you are almost sure of a crop.
There will not be any Route mail Monday. It's a holiday. Where a felling holiday falls on Sunday the following Monday is observed by the Department.
