A LIVE NEWSPAPER PUBLISHED IN A LIVE TOWN

VOLUME XXXIV

LOUP CITY, NEBRASKA, THURSDAY, AUG. 5, 1915.

NUMBER 33

## CHAUTAUQUA WEEK BEGINS SATURDAY

Arrangements Are About Completed For The Loup City Chautauqua Program.—Some Fine Talent Provided. August Seventh to Twelfth Are The Dates.

The Loup City chautauqua begins Saturday and the local committee hopes for one of the most successful meetings ever held in this city.

The talent selected is from the very best that money can secure, and no efforts will be spared to make the chautauqua a pleasant and profitable diversion to all who attend. The management of the local chautauqua has signed a guarantee of \$700 and that will not clear expense. It is not a graft in any sense of the word, and means a large amount of hard work to successfully carry out the program and also to get into readiness for the beginning day.

The advance sale of tickets has been very liberal, though it is not enough to secure the financial end of the enterprise. Buy a ticket at once. Do it for the chautauqua spirit of the committee; do it for your own benefit.

There will be on the platform several lecturers, singers, yodlers, magicians, and plenty of music for all. In other places of this paper will be formed several articles in regard to the chautauqua and also a complete program.

The local committee has worked hard to present an up-to-date chautauqua such as are had in all live communities. It is up to the citizens of the town and country to attend every session, as such talent right at our doors should not be neglected.

Through out the season the comment on the program has been better than ever before. You can't afford to miss a single number. Beginning Saturday afternoon at 2:45 and lasting until Wednesday night, is a program that we seldom have the opportunity of listening to. There is plenty of excellent music, good lectures and pleasant entertain-

## WAR SIDELIGHTS

(Copyright)

### MAY MAKE CHANGE.

There is some agitation along the Sargent branch of the Burlington to change the time of the passenger so that it will go east in the evening and connect with number 44 at Aurora and then return in the morning connecting with 43. This move it is argued would give them much better mail service, allowing the daily papers to get out on the rural routes while the news was still fresh. In case a man had business in Omaha or Lincoln such a time schedule would save him at least a day. In case the schedule is changed they would probably lose their present day train but it is thought that the freight could handle the local work.

### HARVEST CARNIVAL TODAY.

Today at Jenner's park the annual "Harvest Festival" is in full swing. Probably the most interesting event will be the ball game between the Arcadia and Rockville teams. Both of these teams play good, clean ball and have made excellent records this season. A tug of war between horses and men will also be an interesting feature—as also will be the tug of war between the "wets" and "drys." Some good vaudeville stunts are promised. Races for boys and girls and many other amusements. The day will close with a big display of fireworks and a dance in the pavilion.

### SPECIAL ELECTION SOON.

The agitation for a new location for the new \$30,000 school house has resulted in the school board calling a special election on August 16th to settle the question. Two sites will be up for consideration. One is the old site, whereby the building would have to be stuck in a corner and the other is a full block, numbered block one, in the original town of Loup City, located three blocks east of the court house. The board has an option on this lot for \$2,750, which is considered a reasonable price, and is an ideal location for the new school building.

Remember, the election is to be held on Monday, August 16th, at the primary room east of the court house. Everybody should vote, and if either proposition does not carry necessary majority, another election will have to be called. It is believed that the sentiment is almost unanimous in favor of the new location. Much time and expense will be saved by deciding the location question at this election, so all interested should vote. An early date was decided upon, so that work on the building could be commenced as soon as possible.

Coming, to the opera house Friday and Saturday nights, "The Musical Miles." All the popular rags and songs. Good, clean comedy. Five acts—special scenery. Don't miss this treat. Come out and hear the young musicians, Cavallo, fourteen years old and little Gypsie Milo, nine years old. Admission 10 and 15 cents.

### Swedish Church

The pastor will preach Sunday morning at 11:15 and Sunday evening at 8. The Sunday school will meet at 10:30. Good song service at all these meetings. Come and bring your friends with you.—Rev. Theodore Young.

Loup City Flour is Guaranteed.

### MADE EXTRA TRIP.

The Union Pacific motor returned to St. Paul Monday evening where it met a special from Grand Island, which had brought up a number of Loup City people who had attended the circus at Grand Island that day. If the Union Pacific would have advertised a special returning from Grand Island after the circus, a large number of people would have attended the show. As it was everyone thought that they would have to remain in Grand Island until the next day, so not many went down. The motor was sent down to St. Paul to meet the special upon the request of Loup City people who wanted to get home that night, and demonstrates that the road is willing to please its patrons, though they would have taken in a great many more dollars if the special had been properly advertised.

### FLYING MACHINE AT FAIR.

The latest attraction being arranged for by the county fair management is a flying machine, to be here two days of the fair. The machine is the property of the government and is operated by the aviation department or the state militia stationed at Lincoln. Flights will be made in the machine both days. While the arrangements for this attraction have not been completed as yet, we believe that the contract will be made to have the flying machine here the two days. The county fair promises to be a hummer this year and should be attended by everybody in the county. The Loup City band has been engaged to furnish music. The fair books have been printed and will be ready for distribution within a few days.

### LOCAL AND PERSONAL.

Mrs. F.B. Martin and daughter, Dessie, left yesterday morning for Bradshaw and Wymore, for a visit with her sister and other relatives.

Miss Mamie McCartney returned to her home at St. Paul Wednesday noon after visiting several days at the J. N. Fisher home.

Clarence D. Stevenson and Miss Rebecca A. Tockey, both of Arcadia, were married by County Judge E. A. Smith, on Monday, August 2nd.

W. J. Root has resigned his position as assistant cashier of the Loup City State bank and will move soon to Alliance, where he has accepted a similar position. Mr. Root has been here for several years and the best wishes of a large number of friends will go with Mr. and Mrs. Root to their new home.

Mrs. Sarah (Walworth) Harrington and son, of Chicago, Illinois, are here visiting with friends this week. Mrs. Harrington grew to womanhood here and her father was Loup City's postmaster years ago.

The Misses Esther Coltrane and Ruth Cropper, visited at the homes of E. A. Smith and Clarence Coletrane several days last week, returning to their homes at Sargent Saturday evening.

## GENERAL REPORT OF NEBRASKA CROPS

Rains and Hail Storms Have Caused Heavy Damage to the Wheat Fields—Second Cutting of Alfalfa Now Under Way—Big Crop of Hay.

The state board of agriculture has issued the following statement of crop conditions in Nebraska:

"Wheat—Continuous rains through the month of July have caused no end of trouble in gathering the wheat throughout the state. In many places the farmers are just finishing cutting their fields. In a few instances threshing has occurred in the southern part of the state, and the yield so far reported runs about 26 to 40 bushels per acre. Nearly all of the wheat is still in shock and a great deal of it will begin to sprout unless a few days of fine weather intervenes so the farmers can stack.

"Oats—The oats in the southern part of the state are all harvested, with very few exceptions, while the harvesting is being actively pushed in the northern part. Rust attacked the fields in the southeastern part of the state and has materially lessened the crop in that vicinity. The reports from the north and west parts of the state, outside the hail damage, are for an excellent yield. Harvesting is fully two weeks later than usual.

"Corn—Continuous rains have prevented many farmers from properly cultivating their fields of corn, hence the height of the corn is materially decreased from that of former years, but the warm weather is causing very rapid growth where the fields have been properly cultivated. The tassel on the corn is just beginning to show in many of the better fields. From present indications, with a normal condition of weather prevailing from now until corn ripen-

ing time, Nebraska should have over 150,000,000 bushels.

"Alfalfa—The second cutting of alfalfa has been done with many attending difficulties on account of the continuous rain, and very little, if any, bright alfalfa will result from this cutting. However it is now largely in stack with a fine third crop coming.

"Hay—Nebraska will provide the most bountiful crop of hay ever had in the state, and the pastures are the best ever seen at this date.

"Potatoes—Potatoes and other vegetables are having a tremendous growth and are uncommonly large for this time of year."

### A RECORD BREAKER.

July broke all records for rainy days this year. On nineteen days of the thirty-one rain fell and the total precipitation for the month, as recorded by the First National bank rain gauge, was 6.22 inches. July, 1915, was also the coolest July for many years, with one exception. The month of August also started in well as regarding rain, nearly an inch of water falling on the first two days of the month.

### HORSE BORROWED.

L. W. Schlote was a very angry man Sunday morning. Some time during the night somebody took a horse from his barn and drove it all night, returning it in the early hours in the morning. The horse had been driven hard and was in an exhausted condition. Mr. Schlote believes he knows who the guilty party is, and promises him a warm reception if ever caught taking horses out of the barn again.

## SPECIAL PRIZES

BY LOUP CITY MILL & LIGHT CO.

A Home industry using home grown wheat

We Manufacture  
**White Satin**  
— AND —  
**Pansy Flour**

We will give special prizes on bread made from our brands of flour, on exhibit at the County Fair. See County Fair premium list for special prizes.

Loup City Mill & Light Co.

Deposits in this bank have the additional security of the Depositors Guarantee Fund of the State of Nebraska.

## Successful Cultivation

A Kansas farmer averaged nine bushels of wheat to the acre. His neighbor just across the road, using the same kind and grade of seed, averaged forty-four bushels. The increased yield was due to difference in methods of cultivation.

Methods have much to do with success along any line. Can you hope to get ahead faster as long as you handle your financial affairs as you have in the past? Why not try our check account plan—others have found it the better method for cultivating success.

## LOUP CITY STATE BANK

Loup City, Nebraska.

We pay 5 percent interest on time deposits

## DIVIDEND SALE

I have just received 100 Fall and Winter Suits of the latest styles and weaves. As a special offering for chautauqua week the following inducements will be offered.

### \$10.00 Suits—

Every purchaser of a \$10.00 Suit will be entitled to a 15 per cent dividend, consisting of

**\$1.50 in Merchandise Free**

### \$12.50 Suits—

Every purchaser of a \$12.50 Suit will be entitled to a 15 per cent dividend, consisting of

**\$1.75 in Merchandise Free**

### \$13.50 Suits—

Every purchaser of a \$13.50 Suit will be entitled to a 15 per cent dividend, consisting of

**\$2.00 in Merchandise Free**

### \$15.00 Suits—

Every purchaser of a \$15.00 Suit will be entitled to a 15 per cent dividend, consisting of

**\$2.25 in Merchandise Free**

### \$16.50 Suits—

Every purchaser of a \$16.50 Suit will be entitled to a 15 per cent dividend, consisting of

**\$2.50 in Merchandise Free**

### \$17.50 Suits—

Every purchaser of a \$17.50 Suit will be entitled to a 15 per cent dividend, consisting of

**\$2.75 in Merchandise Free**

### \$20.00 Suits—

Every purchaser of a \$20.00 Suit will be entitled to a 15 per cent dividend, consisting of

**\$3.00 in Merchandise Free**

### \$22.50 Suits—

Every purchaser of a \$22.50 Suit will be entitled to a 15 per cent dividend, consisting of

**\$3.25 in Merchandise Free**

### \$25.00 Suits—

Every purchaser of a \$25.00 Suit will be entitled to a 15 per cent dividend, consisting of

**\$3.50 in Merchandise Free**
