LITTLE GIRL CALLED AWAY

Only Daughter of Mr. and Mrs. Carl Treffer Dies Sunday.

All deaths are sad, but there are some sadder than others, and this last is true in the case of Mr. and Mrs. Carl Treffer, when death visited their home about midnight and removed their little twin daughter, Evelyn, aged sixteen months.

She had been ill about two weeks, her ailment first appearing in the form of stomach trouble, later encountering more serious complications.

This is a shocking blow to the sorrowing parents and two brothers left to mourn her loss.

The funeral was conducted by the Rev. Johnson of Kearney, from the home. Interment was made in Austin cemetery.

The heart-broken parents have the sympathy of all friends and acquaintances in this, their hour of sore bereavement and trial.

Dr. Dodd, from Boelus, was up on professional business Thursday.

Evelyn Nelson returned from Kearney, where she has been attending the Normal.

Mrs. S. C. Wallace, who has been visiting her parents at Silver Creek, returned last Friday.

Miss Lulu Lofholm came down from Loup City for an over-Sunday visit with the Stine family.

Mr. and Mrs. John Seaback and family spent Sunday with the Smerda family, near Ashton.

Mrs. Will Karel came over from Havenna for a few days' visit with Mr. and Mrs. E. Kozel.

Mrs. J. Dowden arrived from Blair to attend the funeral of her little granddaughter, Evelyn Treffer.

Will Stott went to Omaha Monday with two carloads of cattle. He will stay a few days, taking in the sights.

The dance given at the opera house Saturday evening was well attended and a good time was reported by all.

Mrs. S. P. Mogensen, from Boelus, came up Saturday to get acquainted with her new grandson, Master Coulter.

A bright baby boy arrived at the home of Mr. and Mrs. George Coulter, Friday, July 30. Congratulations.

Mrs. Herb Moritz and children returned from Loup City, where they have been visiting with the Kaminski family.

Babe Shertzberg, who has been visiting relatives at Grand Island for the past three weeks, returned home Saturday.

Grandpa and Grandma Fletcher were up from Boelus for a short visit with their son, Sam Fletcher, and family.

Mr. and Mrs. Louie Bly and baby were here for an over-Sunday visit with the former's sister, Mrs. W. A. Jakob, and family.

Max Thompson, traveling salesman for the Goodrich Drug company, came up from Grand Island to help invoice the Cords drug store.

Albert Seaback and family and Miss Theresa Wroblewski returned from Omaha, where they have been visiting friends and relatives for the past two weeks.

Those who went to Grand Island to attend the Barnum & Bailey circus Monday were, Mr. and Mrs. Buschman and daughter, Lola, Augusta Lorenz, Jens Lange, and Mrs. Will Henkens and children.

Boelus and Rockville staged a 12-inning draw on the local grounds Sunday afternoon, the final score being 1 to 1. Good pitching and snappy fielding on both sides featured. The Batteries were: Rockville—Werner and Coulter; Boelus, Bozell and Sorenson; umpire, Hedglin. Rockville got ten hits to Boelus' five, and each team had three errors.

Next Sunday the St. Libory team will play Rockville on the local grounds. This being St. Libory's first appearance at Rockville, everyone should turn out and give them a rousing welcome.

WEEKLY WEATHER FORECAST.

Issued by the U. S. Weather Bureau, Washington, D. C., for the week beginning Wednesday, July 28, 1915.

For Upper Mississippi Valley and Plains States: Generally fair weather is indicated during the week, except in the Dakotas and the Missouri Valley, where there will be showers about Friday. Moderately low temperatures for a day or two will be followed by somewhat higher temperatures.

DEER CREEK

Mrs. John Maciejewski, from Leavenworth, Kans., is visiting with her sister, Mrs. John Mieski.

Ed Plembach departed for his home in Wyoming last week, accompanied by his sister, Miss Marie Plembach. Bob Peters has put some new buildings on his farm, an addition to his house, a new barn and new granary.

Born, to Mr. and Mrs. Harry Maciejewski, a baby boy, Monday, August 2nd. All concerned doing nicely. Congratulations.

Mr. and Mrs. Frank Bister of Omaha, are visiting with the latter's parents, Mr. and Mrs. Andrew Smydra. They made the trip as far as Farwell by auto, but there they were compelled to leave the car on account of the rain and finished the trip by train.

Mr. and Mrs. John Mieski and Mrs. John Maciejewski, of Leavenworth, Kans., were visiting at the home of F. J. Maciejewski Monday.

B. H. Lorenz, while autoing with his Ford to Ashton last Friday, met with misfortune in one of the washouts, breaking a rear axle, after which he he could go no further and left the machine stand by the roadside until the next day and had the Ford doctor, Pete Jezewski, come over and repair it with a new axle.

WEST SIDE.

Louie Bly carried mail on Route 3 Monday.

George Curry was trading in town Thursday.

Lloyd Lee visited in town Tuesday of this week.

Ed Maciejewski started stacking his wheat this week.

Jas. W. Conger, wife and family, are camping near the river.

John Wuhler, Jr., has been citting wheat for H. F. Beckman.

The Aid society met with Mrs. Swan Younglund last week.

Karl Anderson has torn down his large barn in West Loup City.

Farmers were all glad to get back into the fields to work Tuesday.

J. C. Bone got a part of his rye stacked last Friday between rains.

Mr. and Mrs. Edgar Foster spent Sunday at the R. E. Hartzell home.

Milo Gilbert put in a large culvert east of Grant Rogers' place this week.

L. M. Williams and two sons went to Grand Island Monday to take in the circus.

Lloyd Clay has moved on Milo Gilbert's place and is going to work there this summer.

The Standard Bridge company have been putting up a new bridge north of Gilbert's, across the creek.

Cole & French hauled a four-horse load of lumber for the bridge company last week north of Gilbert's.

Mr. and Mrs. Edgar Foster attended a party at Dan McDonald's home near Austin Saturday evening. A fine time was had by all who were present.

ROUTE TWO.

Nice weather for camping. S. N. Watson took a horse to Loup City Monday.

Fritz Leschinsky is working for Ray McFadden.

Mrs. Lizzie Stark is erecting a dandy barn 40x50.

W. G. Tucker put his mail box on a wheel the past week.

Val McDonald worked on the roads south of the mill race last week.

Vincent Bogard is going to build a barn 24x28 with a 14 foot lean-to.

Dan Garner on the old Hansel place is putting up a new barn this week.

Mrs. Ed Kilpatrick still suffers a great deal with her feet and hands.

E. M. Marvel worked the roads near A. H. Newhouse's last Thursday.

Mr. and Mrs. Jacob Albers and family visited with Mrs. Albers folks over Sunday.

E. M. Marvel and Jacob Albers have cut the weeds along their lines the past week.

The outlook for a big parade on Labor day of route patrons was never brighter at this time.

Geo. McFaden and Chris Oltjen-bruns have each trimmed the weeds on their lines the past week.

Carrier Williams on route three went to Grand Island Monday and attended the Barnum & Bailey show.

What are the farmers going to do for seed wheat for next year. In the whole country the wheat is growing in the shock.

Henry Miller has been putting in a cement foundation for a big barn 40x50 for his sister, Mrs. Lizzie Stark the past week.

There will be hundreds of tons of hay that will never be cut this year because on one acre there is three times as much as last year.

Jim McBeth will commence a fine two story house on his farm on Wiggle Creek about the first of September. Taylor Gibson has the contract.

The hired man on the farm this year ought not to make a holler if he is worked a few hours over time if the weather will ever permit such a thing.

Frank Wagner will soon commence the erection of a mammoth barn on his farm. The dimensions are 40x70. Will Wagner has the contract for building.

E. B. Corning has surveyed several pieces of road on route two of late. Each year Mr. Corning never fails to put in a few holes in the road somewhere.

Carl Anderson has been tearing down his barn that the cyclone partly wrecked some time ago. He will put up a new one as soon as gets the old one out of the way.

John Gallaway and John Kociemba are the only two that got all their grain in the stack before it got wet. Herman Jung got up two stacks and Alfred Jorgenson one.

W. H. Gunn and J. E. Roush shipped six cars of fat cattle to the Chicago market last Friday. They accompanied the shipment. Jim visited his brother who he has not seen for several years while there.

Tom McFadden took home a beer keg last Thursday thinking that the beer keg might help him save his wheat crop. The keg was empty when it left town but it will no doubt soon be full when it rolls along under the binder.

Several of the Loup City merchants in Loup City have put up some nifty signs at different places for several miles out in the country. It tells at the top how far it is to Loup City. This is fine for strangers going through the country.

Nick Daddow said that he had to paint his house that got so badly hauled on route two some time ago. Some of the siding was spoiled. The shingles on the roof were badly broken. Those who think it did not hail bad because it was a narrow strip go out and take a look at this house.

Remember rain or shine the route two picnic will take place. If it should happen to be wet for the park we will go to the opera house. Remember. If there is only a hand full I am going to hold the picnic. Last year only two or three families on the route stayed at home. I would like to see everyone at the park this year. Make it a social center for one day.

Fritz Bichel took home a gasoline engine Saturday to attach to his binder so he could finish cutting his wheat. What do you know about that hill land being too wet. The big drive wheel slips in the soft earth so bad that a gasoline engine was the only way Mr. Bichel could get his wheat cut. This piece of hill land does not have a draw in it. It is one big hill.

An automobile got stuck in a hole going up the hill east of Newhouse's box one day last week, and in order to get out they carried a shock of wheat from the farmer's field and piled it in the hole. It got them out all right. But the worst of it is they did not return the wheat to the field. Just left it when they got through. How would you like to have some one destroy your property? The wheat was still there growing in the bundles when this was written over a week later.

The past week has been too wet for any kind of farm work. The river and all creeks have been crowding their banks with large volumes of water. The country roads are in a horrible condition. Many places the mail wagon drops in clear up to the axle.

No automobiles have been able to get to the Brown bridge the past week. Winter wheat is growing in the shocks and many shocks have commenced to get green. Farmers are unable to cut the oat crop because the drive wheel on the binder slides.

The hills are as bad as the valleys. Hundreds of tons of the second cutting of alfalfa rotted in the field. The alfalfa stacks smell like a silo when you pass them. Corn doing fair needs warm weather. There has not been a bushel of any grain thrashed on route two yet. Some of the third cutting of alfalfa is in bloom.

The war in Europe causes the rains. So says Mr. Lehr of Fremont, Nebr. He says that the atmosphere that moves around the circle of the earth is only one mile or two thick. The atmosphere that lies more than two miles up does not move with the

Wm. Graefe.

movements of the earth. Now these big guns disturb the atmosphere for a distance of twenty-five of thirty miles upwards from the earth. He calculates that it may take some hours for this disturbance to bring a condition that will bring about rain and by the time it does the earth has turned around on its axis just enough to bring us under the point of the original disturbance. He thinks that this is the reason all our rains have been cold rains this summer. The rain coming from a great height that it brings the cold with it. If this is the case the carrier hopes that the war ends before winter sets in for we had enough last winter to last many years. I think myself that the war in Europe has a great deal to do with the weather conditions that now has its grip on this country and if the big battle continues as now next winter is likely to be a record breaker. The earliest settlers of this country cannot remember anything to compare with what we have been having. It is true we have had a month or six weeks of almost continuous rainy weather at times in the past years, but there has only been a day or two let up in the present condition since the 5th of December 1914. Eight months the 5th of August, think of it.

What Real Musicians Say:

I consider myself fortunate in having my pianos (both grand and upright) cared for by Mr. Perry. His tone and action regulation together with careful tuning, makes his services desired by the most exacting pianist.—Carl Schluher, concert pianist, pupil of Godowsky. Chas. C. Perry the piano tuner of Grand Island, will be in Loup City August 10-15. Leave orders at Elsner's Jewelry Store.

Hupmobile
CAR OF THE AMERICAN FAMILY

Ask the Head of the House

The chances are he's a hard headed business man.

One of those business men who is supposed to have no sentiment about him.

Ask him about the Hupmobile.

Remember—he pays the bills. He knows just what Hupmobile service is. For he measures it in dollars and cents.

He will probably begin by telling you that he looks upon the Hupmobile as an investment.

And he will probably say it's one of the best investments he has ever made.

He may—if he pays attention to such small sums—pull out a note book and show you how little he has spent on repairs in ten or twelve or eighteen months, or in two or three years.

And then as like as not he'll forget all about business and investment—and just bubble over with Hupmobile enthusiasm.

We will be glad to leave you to him.

If he's the average Hupmobile owner he's a better salesman than we are.

He will tell you intimate things of his Hupmobile experiences that we cannot possibly know—evidence of Hupmobile quality with a capital "E."

And if you talk to two or three of his type—just average Hupmobile owners—there won't be much left for us to say when you come in to see us.

Call and see this car and have it demonstrated
