**Important Ruling.**

Under a ruling that has been made by the state superintendent of public instruction, persons who live over a mile and half from the school in the district wherein they reside, and have children of school age, can enter the children in the school of a neighboring district if it is at least one-half mile closer than the one in which they reside.

To do this they may transfer their real and personal taxes to the neighboring district for school purposes. These transfers must be made before the annual meeting on the last Monday in June. Transfer papers can be had at the office of the county superintendent.

York county advertises its fair grounds for sale.

Seward has raised its saloon licenses for this year from \$1,000 to \$1,200.

A Pawnee horse dealer has sold two teams of horses to Kansas City parties for \$1,000. Horseshoes come high these days.

Fire last Friday morning destroyed the stock of Troyer, the undertaker, at Grand Island, and damaged his business building 50 per cent.

Gov. Johnson of Minnesota, who wants the democratic nomination for the presidency, says "The popularity of William J. Bryan is waning." Now, what does Wm. J. think about Johnson?

A new law has passed both houses of congress and gone to the president for his approval, increasing the pension of all war widows to \$12 per month. This applies to all who have not re-married.

For 35 miles northwest of Ravenna there is not a town on the Burlington road with a saloon. The Burlington road is against saloons and it is finding a way to push them off the map.—Ex.

John N. Baldwin, general solicitor of the Union Pacific Railway company, died in Omaha last Friday of Bright's disease. He was one of the most prominent men in railroad circles and in politics in the middle west.

The saloons at Hastings have all shut down indefinitely, and as the new council consists for the greater part of "dry" mortals, the chances are mighty slim for any "wet" goods emporium in that city the ensuing year.

Last Thursday, Bro. Brown in his Times printed the names subscribed to the two saloon petitions and if his ears did not burn fiercely as soon as his paper was distributed then they must have been as tough and unfeeling as the average newspaper man's cheek. The pros and cons in regard to the publication were about as evenly balanced as the vote on the "wet" and "dry" proposition at the late municipal election.

The "wet" and "dry" war in Nebraska City is getting fierce. Instead of having its usual fifteen saloons, an effort is being made to prevent even the establishment of one. As usual the preachers are the leaders against the saloons and are being vigorously cussed, discussed or commented as the case may be. The preachers are five in number—Methodist, Presbyterian, Baptist, Congregationalist and Episcopalian, the other preachers of the city refusing to take part in the skirmishing.

The St. Paul Oratorio Society was organized at Lincoln last Friday evening, composed of 100 members, comprising the leading musicians and singers of the capital city. W. R. Mellor was in Loup City at the time and the society took advantage of his absence and elected him president of the organization, an honor highly appreciated by his legion of friends here as well as elsewhere. Mr. Mellor is one of those, active, energetic kind of men who are in demand in all enterprises of moment.

The Board of Managers of the Nebraska State Fair have ordered plans for an Auditorium to seat 4,500 people. This building is to be erected west of the Administration building on the side hill, where a natural amphitheatre is obtained. This building will make a splendid place for Liberty's Grand Military Band and Concert Company of 60 people, 18 of whom are Grand Opera Singers and Soloists, who render Stabat Mater and other grand operas. National speakers can also be used here to advantage and we are pleased to see the management are using their money for such buildings for the people's comfort.

Thos. Coley, aged 59 years, who something over a year since arrived from Stanton county and purchased the Henry Beck farm some fifteen miles southwest of Loup City, died Tuesday evening about 7 o'clock, and this morning the body was taken to Stanton for burial. Mr. Coley leaves a wife and three sons, the youngest being 16 years of age. He was taken ill last Sunday with kidney trouble, which culminated later in the breaking of a blood vessel in the brain and subsequent paralysis.

Mr. and Mrs. McEwen and Mr. E. G. Taylor returned from Presbytery meeting at Ord last Thursday evening and report an unusually large attendance and an interesting session. There are forty-seven church organizations in Kearney Presbytery and nearly all were represented by a minister or elder. The annual reports showed good progress made along all lines of church work. Rev. W. H. Cooper of Fullerton was elected moderator. The opening sermon was delivered by the retiring moderator, Rev. J. G. Graham of Grand Island.

H. M. Eaton, commissioner of public lands and buildings, was up from Lincoln yesterday, leaving the only school quarter left untaken in Sherman county, and while here favored the Northwestern with a social chat. Mr. Eaton has been and is one of the most efficient of our state officers, and in retiring from his office this year carries with him the best wishes of the Northwestern, as well as his multitude of other friends over the state, for his future success and prosperity. Asked as to his future movements, Bro. Eaton laughingly suggested he might come up to Loup City and start a fourth paper, and when we suggested it was a good location for a Polish paper, smoothed his rubicund face and looked thoughtfully serious. By the way, he and his wife join the governor's party, Saturday, for the trip to San Francisco.

Last evening, Marmion Lodge, No. 111, Knights of Pythias, of this city, paid a visit to the Pythian lodge at Ravenna, the order here chartering the U. P. motor and going in a body, 38 of the Sir Knights taking advantage of the occasion and making the jolliest crowd that ever radiated from any town in this sun-kissed valley. It was 6:30 in the evening when the motor, in charge of Conductor Taylor, and with Motorman Toulouse attached to the safety valve, glided seraphically out of the city and two hours later, without a hitch in the program, landed the happy pilgrims at South Ravenna where carriages were found in waiting. Arriving in Ravenna they found a most hearty welcome from the local Sir Knights and most elaborate arrangements for their entertainment and that of a number of visiting Sir Knights from Broken Bow, Ansley and other points. The night was most pleasingly passed in the secret work of the order till between 3 and 4 o'clock in the morning when the tired but supremely happy Loup City bunch bid a regretful adieu and lied for home, the motor making the record-breaking homeward trip in just one hour and thirty minutes. We cannot refrain from noting at this time the exceptionally elegant paraphernalia and splendidly apportioned home of the Ravenna lodge which were the admiration of all the visiting Sir Knights.

**Local Notes.**

Budler and Mathews are baling hay this week.  
Chas. Gibbons' school will close Friday with a basket entertainment in the evening.

Thos. Coley, who lives over on the west end of the route, passed to the great beyond Tuesday night.

Charles Barnes is enjoying a visit with his father from Kansas, and his grandfather and grandmother are also here visiting him.

Mr. and Mrs. Pagler visited Chas. Barnes and family last Sunday.

Mrs. Ed. Kilpatrick left Tuesday to visit her daughter, Rosa.

Quite a number were picnicking and fishing on the river Sunday.

A Mr. Hendrickson from Rockville moved on the farm vacated by Frank Blaschke.

Maud Gray from Rockville visited the Sickle's families last week.

Zwink's, Clark's, Riley and Everett Sickle's ate Easter dinner at H. L. Bell's.

**REMARKABLE CURES BY DR. CALDWELL**

Help for the Sick, Particularly for Those Who Do Not Delay.

Often a Few Weeks of Neglect Allows Diseases to Reach a State Where They Cannot Be Cured.

Dr. Caldwell heals not by Osteopathy, by Hypnotism, nor by Divine Healing, but by a system of natural science in combination with the most true and reliable remedies of the age. She is a woman that cures the sick because she understands the nature, cause and the condition of circumstances which bring disease about. Her discoveries are those made from personal experience and from long continued practice in her profession. A woman far beyond the average doctor, a woman who is capable, or otherwise she could not be "successful." Dr. Caldwell, as a practicing physician, is successful, and she is one of the greatest diagnosticians of chronic diseases of the age. Is it not reasonable to believe that if one is successful in one branch of science that woman is certainly capable of being successful in other branches? Analyze these matters yourself. Do not allow your thoughts and your opinions to be influenced by others who are not interested. One does not know how to appreciate health until they have lost it.

Dr. Caldwell has studied her profession both at home and abroad, and after a thorough and painstaking investigation, has succeeded in curing the diseases of her specialty when other physicians have failed. Why were some of these people who were blind, some were lame, some deaf, some paralytic, scarcely able to move, others afflicted with Bright's disease, heart disease, consumption, cancer, others with kidney troubles, dyspepsia, insomnia and the thousand and one symptoms of those dreadful maladies. It is claimed by her friends that she can tell the disease of a patient without asking him a question. This is perhaps true, for since she is so learned in her profession and so experienced in treating diseases, why shouldn't she, and why shouldn't she know the exact cause and true reasons of symptoms which produce disease? For years she has been visiting professionally the largest cities of the United States. Her opinions are quickly made, and if a cure can be made then and there she tells them, and if it can not be made she is equally honest and tells them so. We know that she has cured thousands of cases of disease. We doubt if there is one hundredth of one per cent of the cases that she treats that she fails to cure. We publish by permission the names of a few of her recent cures:

Mrs. Sloan, Akron, Neb., cured of consumption and nervous trouble. The treatment she took improved her at once, and she was soon cured of all her ailments.

C. A. Lundeen, Grand Island, Neb., was troubled with muscular rheumatism and dyspepsia. Those troubles soon disappeared.

Mrs. R. McBeth, Hader, Neb., cured of female and nervous troubles, was told by doctors operation would be necessary. Cured in four months treatment.

Mrs. J. Dobbins of North Platte writes, "She had been doctored for years without relief for kidney trouble, female and general debility."

Mr. Michael McCabe, North Platte, cured of cancer of face with two injections.

Oscar Emmitt, Columbus, Neb., cured of what other doctors called incurable blood disease.

Mrs. Ella Johnson, Grand Island, Neb., cured of chronic eye trouble and cataract.

Mrs. John Connelly, Akron, Neb., cured of cancer.

Mrs. E. Zurig, Bluevale, Neb., cured of female trouble, diabetes and stomach trouble.

S. E. Fuller, York, Neb., cured of stomach and bowel trouble and kidney trouble.

Miss Debore, Waco, Neb., cured of skin disease of years standing, had been treated by many doctors.

Mrs. Oscar Lange, Tekamah, Neb., cured of ——— and other female trouble.

Louie Herper, Columbus, Neb., cured of Bright's disease, heart trouble and nervousness.

Mrs. J. Jorgensen, Cozad, had suffered many years from nervous disease, loss of vitality and general weakness. She now feels healthy and like a new woman.

Mrs. Mary Krakon, Wayne, Neb., cured of chronic rheumatism, swollen limbs, heart trouble, headache and general debility. Had almost given up hope when she heard of Dr. Caldwell, her treatment soon cured her and she is now thankful.

Mr. Charles Schell, Inder, cured of rheumatism, almost had consumption.

Mr. Nulph Wyndure, Beaver, Neb., cured of gall stones of liver.

Joe Carlson, Ft. Wayne, Ind., cured of large cancer of breast.

W. H. Larson, 65 Nesbitt St., Newark, N. J. says: "Dr. Caldwell, after suffering for 30 years I have found no treatment equal to yours. I write you these few lines to speak of the excellency of your treatment and I think it is due you."

Mrs. J. H. Sommers of Craig, Neb., cured of female trouble, general weakness and loss of flesh. Cured in three months. Mrs. Sommers had doctored with many doctors.

S. J. Blessen, Platte Center, Neb., cured of stomach trouble of long standing, nervous debility; was treated by many doctors.

Nebraska's most popular specialist, Dr. O. Caldwell, registered graduate of the Kentucky School of Medicine, will make her next visit to Loup City Wednesday, April 29th.

The Easter exercises at the Presbyterian church last Sunday, both morning and evening were very fine. The front of the pulpit was banked with potted plants and flowers in great profusion, while the sermon and music in the morning were of the best. The Sunday school followed with Easter exercises by the little ones most pleasing to all present. In the evening, was given a cycle of song service, Mr. and Mrs. B. P. McKinnie and Miss Elva Zimmerman assisting the Presbyterian quartet in the splendid round of musical numbers, while Mrs. G. S. Leininger presided at the organ in her usually pleasing manner. All in all, the services of Sunday will long be remembered most pleasantly by all attendants.

**Cancer, Gout, Fistula, Piles** and enlarged glands rested with the subcutaneous injection method, absolutely without pain and without the loss of a drop of blood is one of her own discoveries and is really the most scientific and certainly sure cure method of this advanced age. Dr. Caldwell has practiced her profession in some of the largest hospitals throughout the country. She has no superior in the treating and diagnosing of diseases, deformities, etc. She has lately opened an office in Omaha, Nebraska, where she will spend a portion of each week treating her many patients. No incurable cases accepted for treatment. Consultation, examination and advice, one dollar to those interested.

I Cure Nerve-Vital Debility, Weakness, Drains, Rupture, Stricture, Varicocele, Blood Poison, Private Skin and Chronic Diseases of Men

I do not ask you to come to me first if you believe others can cure you. Should they fail, don't give up. It is better to come late than not at all. Remember, that curing diseases after all others have failed has been my specialty for years. If you cannot visit me personally, write symptoms that trouble you most. A vast majority of cases can be cured by my system of home treatment, which is the most successful system ever devised. I make no charge for private counsel and give to each patient a legal contract in writing, backed by abundant capital, to hold for the promise. Physicians having stubborn cases to cure are cordially invited to consult with me. I am a specialist in the treatment of all chronic diseases, bladder disease, ulcerations, menstrual trouble, etc. Confidential. Private home in the suburbs, before and during confinement. Motherly care and best attention guaranteed. Good homes found for babies.
