\$150 For Best Article

The Republican Congressional Committee offers \$150 for the best article not exceeding 1,000 words on the subject:

WHY THE REPUBLICAN PARTY SHOULD BE SUCCESSFUL NEXT NOVEMBER.

The competition is open to all. In judging the merits of contributions consideration will be given not only to style, arguments and facts presented, but to the convincing power, and it should be borne in mind that Members of Congress are to be elected as well as President and Vice-President.

No manuscripts will be returned, but will be the property of the Committee.

The best article will be widely used both in the newspapers of the country and in pamphlet form.

The award will be made and check sent to successful contestant about August 15th. Manuscripts must be mailed not later than July 15th to Literary Bureau, Republican Congressional Committee, Metropolitan Bank Building, Washington, D. C.

Oregon seems falling in line among the states who are discarding the saloon. Twenty counties of that state are reported "dry."

Madam Rumor says that La Follette will not allow his name presented at the Republican National convention and will leave the party and attach himself to Bryan's coat-tails.

It is enough to make the old-time Methodist father and mother turn loose their visals of wrath and indignation to find that the time-honored office of Presiding Elder has been abolished or changed in name to "District Superintendent" by the late general conference at Baltimore.

It was rather rubbing it in when the prohibition convention at Minneapolis a few days since sent resolutions of condolence to the Brewers convention at Milwaukee, to the effect that the temperance wave had not fairly commenced as yet but would finally sweep the breweries out of business, or words to that effect.

President Wadsworth of Bellevue college has tendered his resignation as head of that college and accepted the pastorate of the leading Presbyterian church at Pueblo, Colo. It is rumored Bellevue college may be removed to north Omaha after the new president has been selected, so as to be near the theological seminary. It is said the board of trustees are very much in favor of the move.

Who got the benefit of that \$15,000 which disturbs the dreams of our democratic brethren of Nebraska. Brother-in-law Tom went after it, gave it to Cowboy Jim to disperse, and now it is up for discussion as to whether George got the benefit in his race for the governorship, or William Jennings got it as perquisite for traveling about the country in a special train making speeches for Parker.

President Roosevelt fell from a fractious colt into a creek the other day, by the animal rearing and falling backward, from which Roosevelt side-stepped to keep from acting as a cushion for the animal to fall upon. If so, it is the first time Theodore ever side-stepped to escape the consequences of anything, and it is a question now if he did not do so in order to witness the discomfort of the animal, which, like all enemies of the president, wanted to squelch him.

Through the kindness of E. S. Hayhurst, we give the rainfall here for April, May and the first seven days of this month. Here they are: April, .87 of an inch; May, 2.90 inches, and June 1-7, 3.10 inches. Mr. Hayhurst says this is about the normal amount for June so far, which should be between 6 and 7 inches for the entire month. The rainfall for May and up to the evening of June 7th exceeded the entire rainfall for the first six months of last year, which was only about five inches. The entire rainfall for last year was the lightest Mr. Hayhurst has any record for any year here and was but a little above 13 inches.

Because Mr. Taft in a speech lately at the tomb of Grant referred to the weakness of the latter for strong drink during a period in his career, and did so as a warning to the young man of today, his political enemies are trying to use it to defeat his presidential aspirations. Here is what Taft said: "Is there anything wrong about it?"

"In 1854 he (Grant) resigned from the army because he had yielded to the weakness of the taste for strong drink, and rather than be court-martialed, he left the army."

In his explanation Taft took the ground that the lives of our great men belong to the country. He said: "If the facts are told showing that they had weaknesses which they overcame, the force of their successful example is greater to lift the youth of the country up to emulate them than if they are painted as perfect, without temptation and without weakness."

Loup City Chautauqua Association.

Loup City, Nebr., June 4, 1908.—At a meeting held at the office of J. W. Long, J. S. Pedler was elected temporary chairman and G. S. Leininger, secretary.

The plan of Chautauqua was presented by Miss Palmer and on motion it was decided that we adopt the Chautauqua course of twelve entertainments by the Nebraska Reform Chautauqua Association.

On separate motions the following prominent officers were chosen and elected: Messrs. E. S. Hayhurst, president; Jno. W. Long, vice-president; G. S. Leininger, secretary; S. N. Sweetland, treasurer; J. W. Burleigh, chairman committee on publication and advertising; A. L. Zimmerman, chairman committee on entertainment; C. J. Tracy, chairman committee on grounds and concessions.

The officers and chairmen of committees as above constitute an executive committee and the committee on grounds and concessions shall confer with the executive committee in selecting grounds and letting concessions.

Each subscriber shall take and pay for the tickets subscribed for, and Messrs. Conliser and Cooper and Mrs. Thompson shall be a committee on selling tickets.

The president and secretary were empowered to sign the contract and the treasurer was instructed to make the \$25.00 advance payment.

All meetings of the executive committee and of the association shall be called by the president when thought necessary.

On motion the meeting adjourned. Loup City, Nebr., June 5, 1908.—Mr. Hayhurst refusing to accept the office of president the executive committee have this day appointed Supt. R. D. Hendrickson as president of "Loup City Chautauqua Association."

G. S. LEININGER, Secy.

Additional Locals. Will person who picked up pouch containing some three dollars and a gymnasium key just after dinner on Wednesday at the rear of the billiard hall please return same to Northwestern office.

Mrs. Minnie Hitt of Los Angeles, Calif., who has been visiting her sister, Mrs. Elmer Babcock of Clay township for the past two or three weeks, left for Fairfield, this state, Monday morning, Mrs. Babcock accompanying her, where the two ladies will visit their parents, Mr. and Mrs. A. M. Corbin and other relatives.

Yesterday was "Opening Day" at Jenner's Park for this season and a goodly crowd was in attendance all day, despite the fact that there was some promise of rain, hundreds of people from Loup City and surrounding towns and country taking advantage of the day to be present. Refreshments were served and a large number of our towns people and the people from the country picnicked on the grounds. The sports were many and interesting. The English sport of riding horseback at fast pace and tipping the ring, caused much enthusiasm and was won by Arthur Hansel. The gold medal was won by Claude Burt of Wiggle Creek in a high jump of 4 feet and 5 inches, there being several contestants. Robert Mathew won the standing broad jump; Mr. Miner of Ravenna the running broad jump; Cash Pritchard the boy's high jump; Arthur Hansel the bicycle race, and Dewey Truelsen the foot race with guinea pigs in arms. The pavilion dance afternoon and evening was well patronized, and all in all the day and night at the park was most pleasing to all.

Who does not enjoy to read good fiction, which deals with characters embodying the highest ideals of mankind? Much more does one enjoy witnessing a drama which more vividly paints to us the virtues and vices of our race. We are brought more closely into contact with the personalities of the characters in the dramatic art, those in fiction which tends to arouse our feelings to a higher pitch. "At Cozy Corners" contains a beautiful story of love never equaled by any other drama. It is not of the ten-cent novel type, but is skillfully written by America's greatest dramatist, and contains thrilling scenes and startling climaxes. The drama treats not of the artificial and the impossible, nor on the other hand does it deal with commonplace things. No stronger guarantee can't be given than—your money cheerfully refunded if you are not satisfied. At the opera house, Saturday, June 13.

"Jelled vegetables are particularly suitable for a luncheon or supper dish to be served as an accompaniment to almost any kind of cold sliced meat," says Fannie Merritt Farmer in the "Woman's Home Companion" for June. "Remove the jelly to a serving dish, and surround with the slices of meat overlapping one another; then garnish with celery tips. Cold meat tends to be very thinly sliced to be at its best, therefore do see to it that the closest can boast of sharp knives, for without them the work cannot be perfectly done. Soak one tablespoonful of granulated gelatine in one fourth of a cupful of cold water, and dissolve in one cupful of boiling water; then add one fourth of a cupful each of sugar and vinegar, two tablespoonfuls of lemon juice and one teaspoonful of salt. Strain, cool, and when beginning to stiffen add one cupful of celery cut in small pieces, one half cupful of finely shredded cabbage and one and one half canned pimientos cut in small pieces. Turn into a mold and chill thoroughly."

Viener & Krelstein

Nightingale Building, Main Street. Save the Difference, Read the Unusual Prices Saturday, June 13th

They mean the very best qualities at Reduction so unusual that to overlook them means an injustice to yourself.

TORNADO'S TALES

Enev. P. Enevoldsen and Wife Near Boelus Meet Instant Death—Many Other Fatalities.

Death, Devastation and Disaster Diffused.

Last week was tornado week for Nebraska. This was fatally true in southern Nebraska, the storm center being last Thursday and Friday, on which days a number of deaths resulted and hundreds of thousands of dollars worth of property was lost.

On Thursday evening, about six o'clock a twister struck the farm of E. P. Enevoldsen, a brother of our Martin Enevoldsen of Loup City, some two or three miles west of Boelus, 18 miles east of Loup City, killing Mr. Enevoldsen and his wife, tearing the house and all farm buildings to pieces and devastating all property in its track, extending perhaps ten miles in length, but fortunately causing no further deaths to people in its track. Mr. Enevoldsen and wife were found at their ruined home after the storm, their heads crushed and bodies badly mangled by the falling timbers, one of the farmer's arms being broken in seven places, the bones protruding through the flesh. Death must mercifully have been sudden. The funeral followed Saturday. The many friends of our bereaved townsman will deeply sympathize with him in the loss of a loved brother.

The same storm washed out about a mile and a quarter of the Union Pacific track along the river just east of Boelus, causing a transfer of passenger traffic at that point between Loup City and St. Paul and the abandonment of freight traffic for a few days. Later—We learn that heavy rain Sunday evening created further washouts along that line further suspending operations.

A tornado of Thursday, struck Comstock, 20 miles up the valley, in the east edge of Custer county, tearing down a few houses, but causing no fatalities.

Sweetwater, is also reported to have been touched by a small twister that evening, bringing to remembrance the tornado they had some twelve years ago, but this time doing very little damage.

The south suburbs of Kearney also had a tornado that day, killing two persons and doing much property destruction.

Near Franklin one was killed and a great property loss sustained.

Minden, Hildreth, Axtel, Upland and other towns in the country below Kearney report much damage, with some loss of life and numbers injured.

Friday evening following, southern Nebraska was even worse tornado scourged, the storm covering more territory and proving more destructive than for years; with 26 known dead and scores injured.

Geneva reported a tornado near there Friday, with four killed and large property loss.

Fairfield reported a tornado in the west part of that city, destroying 12 residences, damaging 15 others. The Baptist, Congregational and Christian churches were also destroyed and the new school building badly damaged. Streets were blocked with trees and wires. No deaths. Loss, \$50,000.

At Carleton one woman killed and several injured in a tornado, several buildings blown down and in the country around a number of farm houses blown off the earth.

The storm was general over at least four counties, Ellmore, Webster, Franklin and Thayer.

Max Jeffords, who is an expert piano tuner from Loup City, was in this city Tuesday, looking after his trade which he found to be good. Mr. Jeffords tells us that there is a determined effort being made to keep the saloons out of Loup City and that it is his opinion that, there will be none this year. The town has been dry for a month now and although a number of efforts have been made to start saloons, the petitions have invariably been withdrawn before the city council acted upon them.—St. Paul Republican.

Protect Your Trees

From the Pest. Numerous complaints have reached this office concerning the ravage of the Boxelder trees by a louse. The pest is known to science by the name of "Boxelder Aphid" and it is making sad havoc with the foliage of this useful tree. We are in receipt of a circular from the State Entomologist concerning this pest and the best method of its destruction; we copy from the circular the following:

At present there is threatening in Nebraska a serious outbreak of the boxelder aphid, a pest which has been becoming more and more abundant on that insect burdened tree each succeeding year in this state. Scarcely a day passes but that complaints are received by this Bureau, testifying to the severity of the outbreak and the serious condition of the trees, these communications also containing requests for information as to the best practices for obtaining relief from the pest.

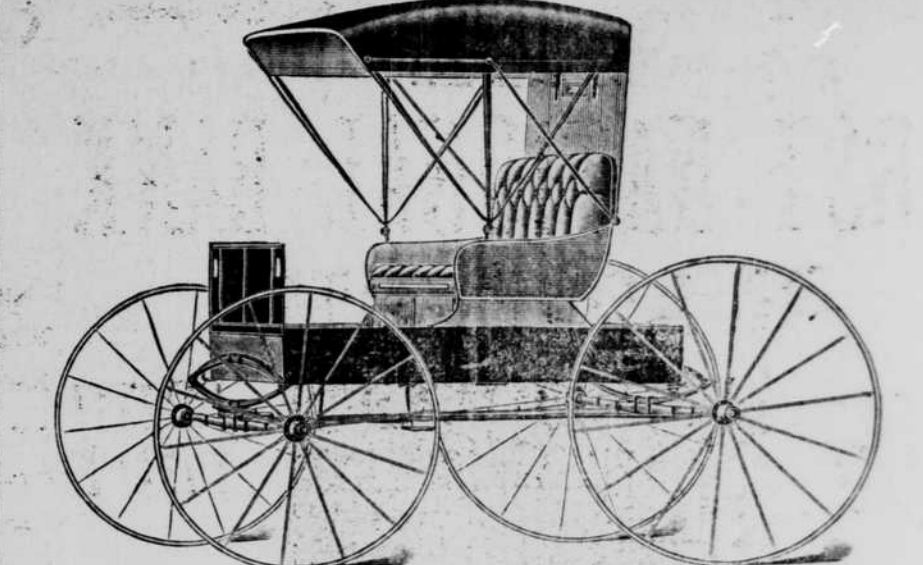

MEANS OF DESTROYING THE LOUSE. The cheapest and at the same time the most effective method of handling this insect is a careful application of the proper insecticide in the form of a spray. From the fact that plantlice have a sucking beak with which they pierce the leaves and twigs and obtain their food from beneath the surface, it is obvious that to spray with a stomach poison such as Paris green or arsenate of lead would be time and money wasted, yet we have received letters from persons who did this very thing and then wondered why their labors were not attended with success. It is therefore easy to be seen that some insecticide must be used which will kill by simple contact with the body, and for this purpose the following easily prepared sprays are recommended:

KEROSENE EMULSION. Common soap.....1 pound. Kerosene.....2 gals. Water.....1 gal.

Place the soap in the water and boil until thoroughly dissolved, after which remove from the fire and add the kerosene, agitating the emulsion vigorously for a few minutes by running it through a spray pump until it has a creamy consistency. This solution will readily mix with water without the oil separating. Before applying the spray to boxelder trees, which have a rather tender foliage, it should be diluted so as to contain from 5 to 7 per cent kerosene, which may be accomplished by adding 27 to 37 gallons of water to the above 3 gallons of emulsion. The best results are obtained when soft water is used.

Paper Made From Sugar Cane. A consular report, interesting in view of the wood pulp investigation now being conducted by a special committee of the house, has reached the state department from Consul General Guenther of Frankfurt, Germany. It relates to the invention by a Trinidad planter of a process for the manufacture of a superior quality of paper from bagasse, the dry refuse of sugar cane. It is stated that he has erected paper works in connection with his sugar factory at an expense of \$85,000. The inventor claims that 84 per cent of the bagasse is transformed into paper pulp and he believes that his invention will revolutionize the cane sugar industry, as it would be remunerative to plant sugar cane primarily as a by-product. The cost of paper production by the process is said to be very low.—Chicago Record-Herald.

Now is the time when the country newspaper men are receiving letters from men they do not know, and possibly never heard of, stating the writer is a candidate for some state office and any aid the editor can bestow will be greatly appreciated. Yes, no doubt it would. On the other hand any aid these politicians can bestow the editor to recompense him for space used in his paper would be appreciated. If politicians want to advertise their business why in the dickens don't they include a check as evidence of good faith, for the amount of advertising they desire and send along copy properly signed for advertising? Talk about business in a newspaper man giving away his space any more than a merchant giving away his goods, we are unable to see where it comes in.—Oakdale Sentinel.

IT MUST BE A 'MOON' IF THE BEST IS WANTED

The days for driving are drawing near, so you'd better begin looking for the new buggy you intend to buy.

This year's purchase of the famous Moon Brothers' buggy includes some of the very nicest medium priced rigs that have ever been brought to Loup City.

The screwless and plugless body of the 'Moon' insures against spotted sides-cracked paint—a buggy not to be ashamed of—for many years.

Come in and see some high-class buggies that sell at a medium price.

Hayhurst - Gallaway Hardware Company.

Don't Spend \$8.50 When Fifty Cents Will do the Work. Buy the famous 'Moon' Buggy. It is the best of its kind. It is made of the finest materials and is built to last. It is the only buggy that is so light and so strong. It is the only buggy that is so easy to drive and so comfortable to ride in. It is the only buggy that is so cheap and so reliable.
