Varicocele, Blood Poison, Private  
Skin and Chronic Diseases of Men

I do not ask you to come to me first if you believe others can cure you. Should they fail, do not give up. It is better to come late than not at all. Remember, that curing chronic diseases after all others have failed has been my speciality for years. If you cannot visit me personally, write symptoms that trouble you most. A vast majority of cases can be cured by my system of home treatment, which is the most successful system ever devised. I make no charge for private counsel and give to each patient a legal contract in writing, backed by abundant capital, to hold for the promise. Physicians having stubborn cases to treat are cordially invited to send me cases to consult with me. **WOMEN** womb and bladder disease, ulcerations, menstrual trouble etc. Confidential. Private home in the suburbs, before and during confinement. Motherly care and best situation guaranteed. Good homes found for babies.  
**FREE!** **POSITIVELY FREE!** No charge whatever to any woman or child living in LOUP CITY or vicinity, suffering from any CHRONIC DISEASE, a \$10.00 X-RAY EXAMINATION. Come and let me look inside of you absolutely free of charge.

# Hastings College, Hastings, Neb.

Founded in 1882.

**LOCATION.**  
Hastings is the fourth city of Nebraska, having a population of over 12,000, and is supplied with handsome public buildings, elegant residences, metropolitan stores and beautiful churches. It is also an important railroad center, being located on the C. & Q.; St. J. & G. I. C., and N. W., and M. P. railroads. There are also three branch lines of the Burlington route, so that access is easy from any quarter.

**FACULTY.**  
It consists of twelve cultured men and women, representing eight different universities and colleges. Post-graduate work at Harvard, Chicago, Princeton, Yale, Berlin and Heidelberg gives their teaching and scholarship unusual breadth and thoroughness.

**DEPARTMENTS.**  
I. **The College**, offering two courses for degrees with many electives.  
II. **The Academy**, offering high school training under college professors.  
III. **The Normal School**, issuing teacher's certificates under state authority.  
IV. **The Conservatory of Music**, with courses in voice, piano, pipe organ, violin, and musical theory.

**EQUIPMENT.**  
There are four buildings: Ringland Hall, a men's dormitory and re-  
flectory; McCormick Hall, the principal recitation building; Alexander Hall, a woman's dormitory; Carnegie building, the library and scientific laboratories. Facilities for college science work are unsurpassed and all buildings have steam heat and electric light.

Next year begins September 8th, 1908. Handsome catalogue and illus-  
trated souvenir free upon application to  
**A. E. TURNER, LL. D., President.**

### For State Senator.

The undersigned respectfully offers his name to the republican voters of the Sixteenth Senatorial district and asks the favor of their votes for the nomination as their candidate for the state senatorship. C. A. CLARK, Dated Ravenna, Neb., June 29, 1908.

Wonder if Mr. Bryan is running "agin" or "ytit"?

And so it is Taft and Sherman fer-  
ninst Repeater Bryan and a new  
Kern(la)

Taft and Sherman are now pitted  
against two warriors—two colonels,  
so to speak—a mouth colonel and a  
financial Kernal.

Bryan says thumbs up; Bryan says  
thumbs down; and Bryan's dummy  
convention was indeed Punch and  
Judy on the spot.

And so "it" has come out for Bryan!  
As if the always-made-to-order  
democratic candidate for president  
had not enough grief without that!  
Wonder how "it" came to dissolve  
partnership with socialism?

Bryan: "Say, Jim, what'll you have;  
national chairmanship or nomination  
for governor?" Cowboy Jim: "Derned  
if I know which to rope, Bill: a cinch  
or a try; gov. looks like an outlaw an-  
'llible to buck me off; guess I'll saddle  
the easy."

As we have ever contended, the  
Northwestern is the only Republican  
newspaper in Sherman county. Our  
sympathy goes out to Bro. Brown over  
the load of refuse dumped into the  
back yard of his party, but he is not  
to blame for the stench. Fumigate.

Custer county could not rest easy  
without a county division fight on  
tap, hence petitions are now in cir-  
culation to that effect. Good way to  
get out full vote. Wonder if they  
will vote cemetery populations as in  
the Brown county division fight a de-  
cade and over since?

Murphy says he is satisfied and that  
Tammany will work for Bryan. Then  
the tiger purred softly and winked  
the other eye. Just imagine Trainer  
Bryan in the cage with the Tammany  
tiger, putting the beast through its  
paces! It would be worth twice  
the price of admission.

William Allen White pokes a great  
deal of fun at the "hand-made" na-  
tional democratic convention. That  
versatile writer declares its platform  
"a panacea for everything from  
swamps and politicians to the public  
belly ache." Great is Bryan and his  
hand-me-down convention.

Bryan invited Murphy, Tammany  
chief, to stop off in Lincoln to see him  
to which the chief replied his train  
would be at the depot in the capital  
a few minutes where he could be seen.  
Dude! Bryan wants Tammany worse  
than Tammany wants Bryan.

One difference between Taft and  
Bryan is that Taft has always been  
successful politically, while Bryan has  
always suffered defeat, with one ex-  
ception. The rule will hold good this  
time, without doubt, and while it  
will be President Taft, it will prove  
no serious inconvenience to the great  
financial mouth-piece in money get-  
ting propensity.

The Northwestern is offered a page  
of plate matter extolling the merit of  
the present high license law from an  
association plainly in the liquor inter-  
ests. They also want their whiskied  
stuff in the ready print pages, if the  
editor will consent and in cases are  
offering pay for printing same. How  
disinterested the association is, to be  
sure, for they assure us no saloon-  
keeper, brewer of booze maker can  
belong. So very disinterested and  
philanthropic, you know. But we  
have not so far seen any of their rot  
in a decent newspaper in the state.

## REMARKABLE CURES BY DR. CALDWELL

Help of the Sick, Particularly  
for those Who Do Not  
Delay

Often a Few Weeks of Neglect  
Allows Diseases to Reach  
a State Where They  
Cannot Be Cured

Dr. Caldwell heals not by Osteo-  
pathy, by Hypnotism, nor by Divine  
Healing, but by a system of natural  
science in combination with the most  
true and reliable remedies of the age.  
She is a woman that cures the sick  
because she understands the nature,  
cause and the condition of circum-  
stances which bring disease about.  
Her discoveries are those made from  
personal experience and from long  
continued practice in her profession.  
A woman far beyond the average doc-  
tor, a woman who is capable, or other-  
wise she could not be "successful."  
Dr. Caldwell, as a practicing physician  
is successful, and she is one of the  
greatest diagnosticians of chronic  
diseases of the age. Is it not reason-  
able to believe that if one is success-  
ful in one branch of science that woman  
is certainly capable of being success-  
ful in other branches? Analyze  
these matters yourself. Do not allow  
your thoughts and your opinions to  
be influenced by others who are not  
interested. One does not know how  
to appreciate health until they have  
lost it.

Dr. Caldwell has studied her profes-  
sion both at home and abroad, and  
after a thorough and painstaking in-  
vestigation, has succeeded in curing  
the diseases of her specialty when  
other physicians have failed. Why  
not? Some of these people were blind,  
some were lame, some deaf, some par-  
alytic, scarcely able to move, others  
afflicted with Bright's disease, heart  
disease, consumption, cancer, others  
with kidney troubles, dyspepsia, in-  
somnia and the thousand and one  
symptoms of those dreadful maladies.  
It is claimed by her friends that she  
can tell the disease of a patient with-  
out asking him a question. This is  
perhaps true, for since she is so ex-  
perienced in treating diseases, why  
shouldn't she, and why shouldn't she  
know the exact cause and true reasons  
for symptoms which produce disease?  
For years she has been visiting pro-  
fessionally the largest cities of the  
United States. Her opinions are  
quickly made, and if a cure can be  
made then and there she tells them,  
and if it can not be made she is  
equally honest and tells them so. We  
know that she has cured thousands of  
cases of disease. We doubt if there is  
one hundredth of one per cent of the  
cases that she treats that she fails to  
cure. We publish by permission  
the names of a few of her recent  
cures:

Mrs. Sloan, Akron, Neb., cured of  
consumption and nervous trouble.  
The treatment she took improved her  
at once, and she was soon cured of all  
her ailments.

C. A. Lundeen, Grand Island, Neb.,  
was troubled with muscular rheuma-  
tism and dyspepsia. Those troubles  
soon disappeared.

Mrs. K. McBeth, Haner, Neb.,  
cured of female and nervous troubles.  
We told by doctors operation would  
be necessary. Cured in four months  
treatment.

Mrs. J. Dobbins of North Platte,  
writes, "She had been doctored for  
years without relief for kidney  
trouble, female and general debility."  
Mr. Michael McCabe, North Platte,  
cured of cancer of face with two in-  
jections.

Oscar Emmitt, Columbus, Neb.,  
cured of what other doctors called in-  
curable blood disease.

Mrs. Ella Johnson, Grand Island,  
Neb., cured of chronic eye troubles  
and cataract.

Mr. John Connelly, Akron, Neb.,  
cured of cancer.

Mrs. E. Zurig, Bluevale, Neb.,  
cured of female trouble, diabetes and  
stomach trouble.

S. E. Fuller, York, Neb., cured of  
stomach and bowel trouble and kid-  
ney trouble.

Miss Debore, Waco, Neb., cured of  
skin disease of years' standing, had  
been treated by many doctors.

Mrs. Oscar Lange, Fremont, Neb.,  
cured of " " and other fe-  
male diseases.

Louise Herper, Columbus, Neb.,  
cured of Bright's disease, heart  
trouble and nervousness.

Mrs. J. Jorgenson, Cozad, had suf-  
fered many years from nervous dis-  
ease, loss of vitality and general  
weakness. She now feels healthy and  
like a new woman.

Mrs. Mary Krakon, Wayne, Neb.,  
cured of chronic rheumatism, swollen  
limbs, heart trouble, headache, and  
general debility. Had almost given  
up hope when she heard of Dr. Cald-  
well, her treatment soon cured her  
and she is now thankful.

Mr. Charles Schell, Pender, cured of  
rheumatism almost had consumption  
Mr. Nulph Wyndure, Beaver, Neb.,  
cured of gall stones of liver.

Joe Carlson, Ft. Wayne, Ind. cured  
of large cancer of breast.

W. H. Larson, 65 Nestor St., New-  
ark, N. J. (Cancer) I have suffered  
for 30 years I have found no  
treatment equal to yours. I write you  
these few lines to speak of the excel-  
lency of your treatment and I think  
it is due you."

Mrs. J. H. Somers of Craig, Neb.,  
cured of female trouble, general  
weakness and loss of flesh. Cured in  
three months. Mrs. Somers had  
doctored with many doctors.

S. J. Blessen, Platte Center, Neb.,  
cured of stomach trouble of long  
standing, nervous debility; was treated  
by many doctors.

Nebraska's most popular specialist,  
Dr. Caldwell, registered graduate  
of the Kentucky School of Medicine,  
will make her next visit to Loup City,  
Friday, July 24.

Prof. W. M. Hayes, Asst. Secy. of Agriculture of the United States says about Stock Food:  
"Stock Food is a valuable and profitable investment. It is a complete and balanced ration, and  
contains all the elements necessary for the health and growth of the stock. It is easy to digest,  
and does not require any special feeding. It is a great help to the farmer, and should be used  
by every one who has any stock." The largest Stock Food Company is said to use fine sawdust, finely ground, to cheaply bring up the  
weight of this product. Instead of buying a superior and expensive balanced ration containing high  
percentage of refuse, and non-nutritious matter, some of which may be positively dangerous to  
the health of the stock, (such as horse manure, cow manure, etc.) buy the Stock Food. It is a great  
help to the farmer, and should be used by every one who has any stock. Tablets for  
horses, cattle, sheep, swine and fowls proper dose in tablets. Mix in feed or milk. Tablets for  
no sawdust, ashes, chopped feed or bran. Ask for and try once. **SKIDDOW CONDITION TABLETS** for
