The building has been built for more than twenty years and little repairing has been done during that time so that now the need is urgent. A new roof has been put on under the direction of Judge Moon, chairman of the building committee. The other repairs will be a steel ceiling, new pews, furnace and furnace room, painted inside and out and the walls repaired. This will make it a pleasant place in which to worship and a credit to the town. Everybody feeling an interest in this work and desiring to help may see Joseph James, chairman of the financial committee, or C. R. Sweetland, church treasurer. We are pleased to announce in this issue the coming to our city as a permanent fixture Mr. Ira E. Williams, formerly cashier and manager of the Beemer State Bank of Beemer, Neb. Mr. Williams visited our town some 22 years ago and was engaged as bookkeeper in the First National Bank for the period of one week when Mr. Culley, cashier of the bank at that time, received notice that the directors had employed Mr. A. J. Bell, whom many of our people will remember as serving as bookkeeper and assistant cashier in that institution. This is the second visit of Mr. Williams and we are glad to learn that he has identified himself with Messrs. Culley and Mason in the management of the First National Bank here, in which he becomes interested and the cashier. Mr. Williams will remain with his stockholdings as president, and Mr. Mason will become vice-president and Mr. Hansen will also retain his old position. This will constitute the personnel of the bank, making it as strong an institution as there is in the state. Mr. Williams will purchase a home here and make this his permanent residence. He comes to us highly recommended both by the papers and the citizens of his community. He is a gentleman in all respects and a man whose character will emphasize his morals and christian convictions. The following is taken from the Omaha Bee of the 16th instant.—Ira E. Williams, cashier of the Beemer State bank at Beemer has removed with his family to Loup City, Neb., where he will engage in the banking business. Mr. Williams has been connected with the Beemer bank as cashier for six years, he being one of the founders of that institution. During this time the growth of the bank has been constant, it now ranking among the strongest financial institutions of Cumming county.

There will be a box social at the home of Mr. Ira Timson on the country farm two miles north of town, on Friday evening, August 21. The ladies will provide a box of supper large enough for two, the gentlemen to buy the boxes. One of the men of the neighborhood promised to come in with a hayrack for all who would like to ride. All wishing to go please report at the Baptist parsonage before Friday noon if you can go.

Y. M. A. Notes.

The basket ball teams must be organized before the August 27. If you have been thinking of joining do so at once and get regular practice started. See Max Jeffords about it.

Max Jeffords expects to leave here Sept. 1st, and someone else will be appointed to take care of the gymnasium affairs. The six months' subscription raised last May run until Nov. 1st which will keep the gymnasium running until Dec. 1st. More young men should join as it gets cooler but it will be necessary for the town to help out (at least encourage) the association if the membership alone is to support it during the winter. Now it can be run at very little expense and book fines pay freight on new books shipped every three months from Lincoln. Basket ball games or other sports can draw crowds to town on any occasion and all this takes is a little enthusiasm on the part of everyone. The interest has been kept up so far but could just as well be twice what it is.

All persons using the basket ball are asked not to kick it. That is not the way to play and will soon ruin the ball. We will tell you just once and doing it the second time means you will be expelled and will not get your membership fee back either.
