Facts About

The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickered Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection; not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

Republican Ticket

For President—
WILLIAM H. TAFT, of Ohio.
For Vice President—
JAMES S. SHERMAN, of New York.

Cowboy Jim Dahlman will stump Illinois in the interests of Bryan. You see what kind of men Billy B. takes to his heart. How do decent democrats like it?

Gibson says Fisher will win over Mathew easily for county attorney at the coming election. As Mr. Gibson is the republican machine now, he ought to have the inside information. The state railway commission has given the B. & M. road permission to arrange to give milling in transit privileges for Sargent, Comstock and Arcadia on products milled at Loup City, whose final destination is the Missouri river and points east.

Every day brings additional evidence that Taft will easily win over Bryan. As in 1896 and 1900, the Bryan wave seemed to be at its crest just at the close of the national convention, and gradually receding till on election day there is mighty little to it.

G. H. Gibson: Honest (?) Bill Fisher's manufactured political boss of the new republican county committee, went to Lincoln Monday to represent (sic) the new so-called republican reform (?) machine. To the victors belong the spoils, for says the boss, "We smote them hip and thy," whatever that is.

Bryan proposes to give his mascot mule to the county showing the largest percentage of democratic gains over the average vote of the last three campaigns, on condition that the county shall turn the mule over to the precinct securing the largest gain and the democrats of said precinct voting the mule to the democrat in the precinct who in their judgment has contributed most to the increase in that precinct. That mule should by all rights be voted to George Gibson of Loup City precinct, Sherman county, Nebraska.

Last week we made mention that none of the candidates so far had filed their expense accounts, and it was the eighth day following the primaries. This evidently caused a hurrying and scurrying among the candidates to comply with the law before the close of the required time. That A. P. Culley yielded up his fun, and was well worth it. Theo. Ojendyk donated \$24.00 and received the representative nomination. E. A. Brown got his nomination from the dems and pops for representative for the two filing fees of \$10. C. T. McKimble was out \$20.50 and secured his usual good nature over the result. Bill Fisher got off easiest, only yielding up a filing fee of \$5, his boss evidently donating his "Honest Bill" editorials and published announcement. It cost R. H. Mathew \$34 to land both dem and pop nominations, while it cost E. A. Smith \$17.50 to find out.

Badly Injured

While making repairs on his windmill, Tuesday morning of this week, Andrew Sidzyk, living south of town, was struck just over the right eye by a falling bar of iron from the upper part of the mill, cutting a severe gash which required several stitches taken by Dr. Longacre, and it is feared more or less injuring the skull, though at this writing nothing serious in results, beyond that stated has been heard from the patient.

The Baltimore Sun, the oldest democratic daily in Maryland, has followed the Brooklyn Eagle and booted the Bryan cause.

Betting in New York City is now 5 to 1 on the election of Taft. It is likely to be '16 to 1' the same way before the eyes of November.

The state conventions of the republican, democratic and populist parties met in Lincoln Tuesday. The republicans and democrats took no action on county option, but the pops put in a plank for it. The republicans gave a black eye to bank guarantee by a vote of 48 to 15 against, while both democrats and pops put in guarantee planks. Frank Beaman, who booted the nominee for the state senate in this district two years ago, was made republican state committeeman from this and Buffalo counties, while our own lily-white, "I am for men only," George Gibson, was made secretary of said convention, showing some of the kind of cattle in the saddle. C. F. Bushhausen for the dems and Jno. Minshall for the pops won the places as committeemen in their respective parties.

The Woodman picnic at Jenner's Park last Friday and Saturday, while much better attended than the one last year, yet owing to lack of advertising and successful management, with plenty of amusements as should have been from start to finish, caused the days to be full of disappointments to the people of the county who attended and failed to call many others from their homes. With 176 members of the local lodge and with a large membership over the county, there should have been thousands here instead of two or three hundred all told who did attend. We trust that in case of future celebrations all Woodmen, without respect to persons will be notified of the dates and all cordially invited to participate, instead of the matter being in the hands of a little faction, who ignored the great body of Woodmen and proceeded to hold the celebration within themselves. The Woodman order here to be the success it should be will have to be taken out of the hands of the Gibson-Fisher crowd and broadened to take in the whole body of the order. The editor is and has been a member of the brotherhood for years and would have been willing to help advertise and bring a large crowd to the doings, but he and the Northwestern knew nothing of it. The reading of a few posters pasted around town and even some of the officers of the local order and members of the two days were handled in most perfect manner. We understand the orators of the occasion were Hon. Bill Fisher and Boss Gibson, but if they gave spell-binding talks, those who attended were not apprised of the hour and missed the inspirations. The Woodman order is one of the greatest in the country and is entitled to better treatment than accorded it at the Friday and Saturday celebrations.

School Notes.

The pupils of the high school enjoy assembling in High School No. 1 for chapel.

Oliver McCray is absent from school this week on account of sickness.

Rev. Hawk gave a short address on "Harmony" Tuesday morning, which was appreciated by all. His characteristics saying was "Don't be a goose!"

May Bock entered high school this week.

The southeast room of the basement has been set aside for the athletic dressing room.

Lizzie Leatherman and Cora Burns have joined the normal history class taught by Mrs. McCray.

The first literary program will be given Friday, Sept. 25, 1908. Everyone is invited.

The seniors last Friday interviewed the Superintendent and the Board and got permission to have a half holiday.

Philadelphia Scrapple.

Boil three or four pounds of fresh pork (quite fat), until very tender; then take out the meat, and season the water in which it was boiled, and thicken it with corn meal, as thick as for hasty pudding, and let it cook a long time, to thoroughly cook the meat. Chop the meat tolerably fine, season well and add it to the mush. When it is cooked put it into square bread tins to cool; when cold, cut in slices and fry in a spider until brown. It should not require any fat for frying.—October Woman's Home Companion.

Grand Island Festival.

Grand Island will have the greatest Frontier and Harvest Festival in this part of the state, Oct. 6, 7 and 8. The business men and other citizens have taken hold with energy and intend to make this an annual event and provide genuine frontier entertainment. Everyone has heard of the frontier shows of Cheyenne. Grand Island will spare no expense to make the event equal to this great drawing card which attracts thousands to the west. Two thousand dollars in cash prizes for bucking, roping contests, wild horse races and other stunts of like nature which will be participated in by seventy-five cowboys, and frontier horses and a bunch of Sioux Indians. Besides this is a saddle worth \$250 to be given to the world's champion bucking horse rider. There will be contests for the women as well. The champion woman bucking horse rider of Miller's 101 ranch, Oklahoma, will take part. Steers will be shipped in to be used in the roping contests. Wolves have been secured to be turned loose in the mammoth arena to be caught by the frontiersmen. Two troops of U. S. cavalry will be in camp on the grounds and will give maneuvers and reviews in dazzling military array. It will be a regular reproduction of the life and sports of the early days, exciting from start to finish. The citizens of Grand Island will expend over \$6,000 to pull off this great event. Special trains on all roads.
