

DR. RICH'S CATARRH REMEDY

Home Treatment Price \$3.00

NEBRASKA IN BRIEF

NEWS NOTES OF INTEREST FROM VARIOUS SECTIONS.

ALL SUBJECTS TOUCHED UPON

Religious, Social, Agricultural, Political and Other Matters Given Due Consideration.

Both are Disgusted.
 Republicans and democrats alike cannot help being disgusted with the lying their hide-bound party organs have done during the past campaign. A paper whose proprietor either holds a federal job or is looking for one, cannot be depended upon to tell the unbiased truth about politics and even sometimes about other things. Why should your report about daily affairs be colored to suit the selfish interests or desires of the man who happens to have his money invested in newspaper machinery? You have a right to have pure news as well as pure food. And also, why not pure advertising? The paper goes into the home and is read by your children. You are trying to keep their minds clean and would raise a row if you found an immoral or impure book in the house. Why not guard what they read in daily papers as carefully? The Lincoln State Journal columns are the best evidence of its cleanness. A whole lot of advertising is found in other dailies that is kept out of the Lincoln Journal. When you take the Journal you pay only for your own paper as it has no deadbeats; no bad bills. Everybody pays in advance and every paper is stopped when the time is out. It's a co-operative plan, every item of waste being eliminated and you get the benefit. Lincoln is your capital and The Journal your paper.

In Nebraska he maintained his innocence.

NEW PRUNE IS A WONDER

Discovery to Be Given Rigid Test by Men on Battleships.

New York.—A new prune, which is served with a sweet sirup like molasses, has been sent to the various ships in the navy to be tested by the men, on the lines of the plan similar to the great tobacco-chewing test, which was resorted to in order to find what brand

of tobacco the majority of the men in the navy preferred.

According to Capt. Huey and Dr. Von Wedekind of the battleship Alabama this newest prune is a wonder. It is a compressed affair.

The final tests are now being made in the temperate zones, and as soon as these tests are concluded, some ship on duty in the tropical zone will receive a supply, in order to test its

staying quality in extremely hot climates.

At the present time the prune tests are being made on the battleships New Hampshire, Idaho, Mississippi and Alabama, and at the naval station at Guantanamo, Cuba.

Varying Bridal Wreaths.

A bridal wreath in England is usually composed of orange blossoms. Germany uses myrtle, Italy white roses, Spain red roses, Greece vine-leaves, and Bohemia rosemary.

LONG LIFE WITHOUT MEAT

Vegetarian at 83, Never Tasted Any Sort of Flesh.

Pennsburg, Va.—To the fact that she never ate meat Mrs. Hannah Benner, who lives near Chestnut Hill, and who was 83 years old on November 1, attributes her long life and her remarkably good health. She has rarely been ill, and at the present time is vigorous in body and mind. She is

able to do any kind of household work and delights to walk to Etnaus to visit friends and then walk home again. The distance is about three miles in each direction.

Speaking of her belief in vegetarianism she said she had never eaten meat because she believed her health was much better than it would have been had she made a practice of having meat on the table.

Mrs. Benner devotes much time to making quilts. Since the beginning of this year she has finished 17 of them, making the patches and doing all the other work involved. Besides this she has done much other sewing. She is the widow of Samuel Benner, who died in 1906. She was a Miss Weikel, and was born in Upper Milford township on November 1, 1825.

Some people are so used to being cast in the shade that if they weren't they would suffer from sunstroke.
