Last Thursday's Blaze.

Following is the names of the firemen present at the fire to look after the hose and cart, to un-reel and put the hose on the rack to dry and reel up dry hose on the cart: Will French, James Johansen, J. A. Cole, Skip Thrasher, Lou Winklemann, Walter McQuilly, Ed. Veeder, Fred Kornrumpf, Chas. Gibson, H. Jung, Wes Pedler. We were assisted by many others in making the run in remarkable good time. Some fell by the wayside, but that did not stop the speed, the boys kept right on going faster and faster and never stopped for anything, but kept right on just as though it was the real thing. It reminded me of the good old days gone by when Loup City had the famous hose team of this country, known as the Baken team. There are only three men left who ran in harness with the team in the tournament—H. S. Conger, A. M. Bennett, and S. E. Galloway. When we came home in our special car Loup City gave the team a reception second to none given to any team. Will Marcy and Frank Brewer were the men who looked after the cart and kept the axles in trim and how they would lift on the rear end of the cart to give us a good start. We had no trouble in winning the money from the 150-yard water test, to the long hub and hub race, although we only ran ten men, while all other teams had fifteen men. Baken was manager and W. R. Mellor time-keeper. On the train coming home the team composed of a song which ran something like this: On the race track we had some fun, Ruh-da, ruh-da, day. The Baken time was thirty-one, Ruh-da, ruh-da, day! On the race track they did sigh, When they saw the Bakens' fly, Ruh-da, ruh-da, day! The Hub race we all ranged in line, Ruh-da, ruh-da, day! The Baken line was thirty-nine; Ruh-da, ruh-da, day! We all came home tonight, Now what's the matter with the Baken team? You bet they're all right! This happened many years ago, and will be remembered by many of our citizens. S. E. GALLOWAY, Chief of present Fire Company.

Rev. Hawk and the district superintendent Rev. Shumate gave a very inspiring short address during chapel. His chief thought was that he has very little sympathy with the person who says he has no opportunity. The person who succeeds in life are those who make opportunities and then have the resolution to stick to it and dig.

Town Herd Resolution

A resolution passed by the city council, in consequence of complaints being made of the way the town herd has been collected in the morning, and dispersed in the evening, herding them together in the streets, and allowing them to trespass lawns, gardens, dooryards, etc., and believing that it would be better for the city at large, do request that any person or persons running a town herd be required to furnish a yard in the outskirts of the city, for the people to take their cows to in the morning, and get them in the evening, thus making parties owning cows individually responsible to the city and to the parties whose yards are damaged.

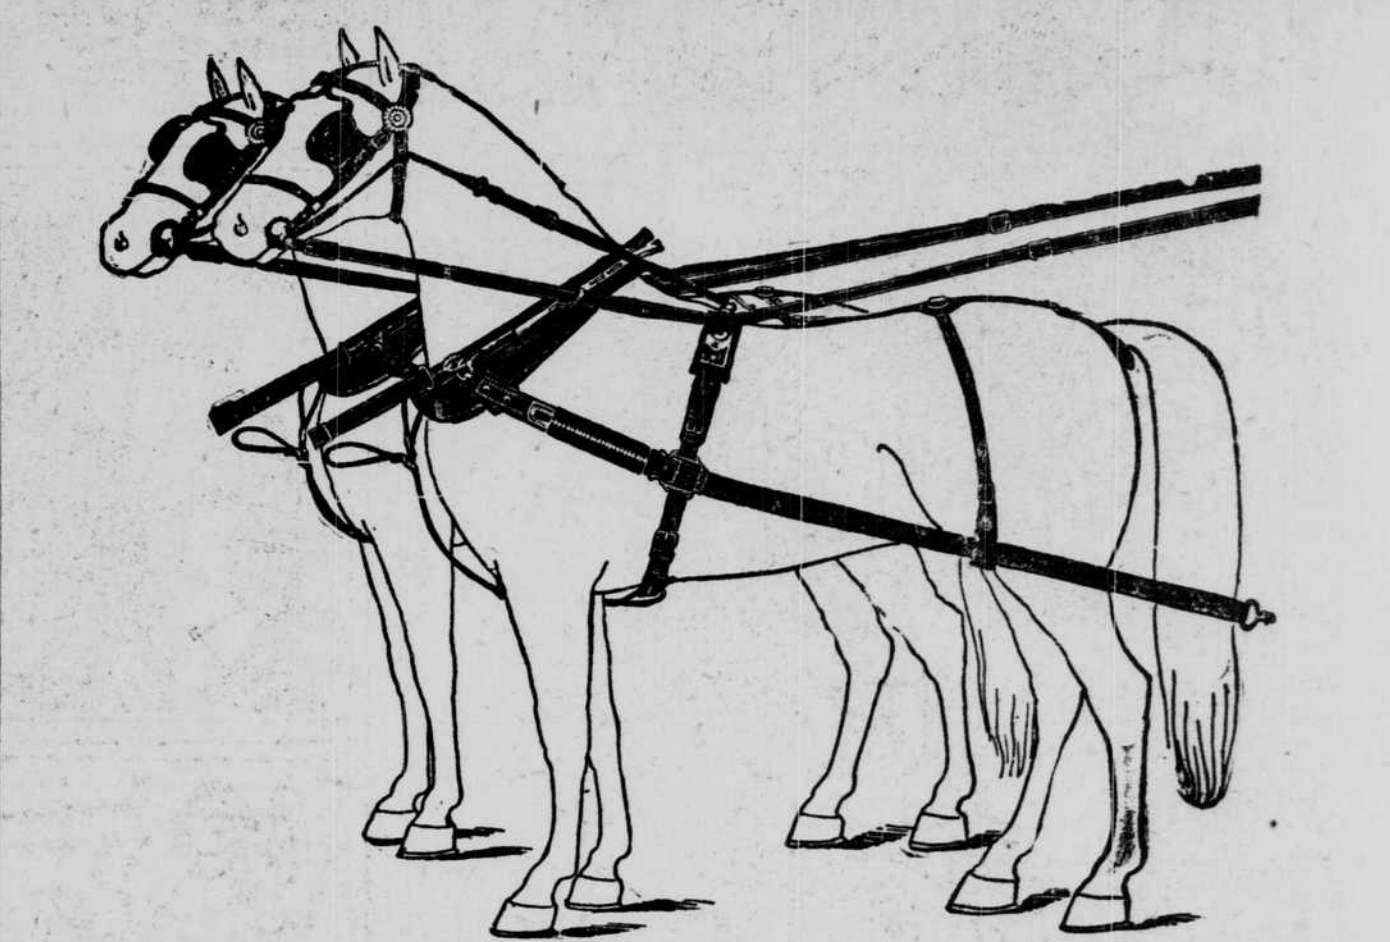

Therefore, it is ordered by the city council of Loup City, Nebraska, that any cow or cows found on any of the streets of Loup City running at large, and not in charge of some person or persons taking proper care of them, will be, by the police or pound master of said city, taken in charge and held until the owner shall appear, claim and take charge of said animal or animals, and pay to the police or pound master the sum of \$1.00 and expense of caring for each and every animal so taken.

And it is further ordered that a copy of this order be printed in each of the newspapers of Loup City and that the city police and pound master be directed to act in accordance therewith.

Dated this 2nd day of March, 1909.

O. F. PETERSEN, Mayor.

CROSS EYES!

are in 9 cases out of 10 the result of Eye-Strain, which if relieved by glasses in early life would never cause crossed eyes.

Preliminary symptoms of Eye troubles that cause crossed eyes are: Pain in back of eyes; pain in temples, sometimes running over ears; print jumps after reading for a time. These are strong symptoms that the eyes will soon cross unless the eye-strain is removed.

It will pay you to see me at the St. Elmo hotel.

I do not go out of the hotel to work.

Not a drop of medicine used.
