H. H. Rogers, Standard Oil magnate, died suddenly yesterday morning in New York City.

Ex-Governor Lorenzo Crouse died at his home in Omaha last Thursday night, a full account of which appears in another column. He was one of the most famous of all Nebraskans.

Petitions are being circulated here for the nomination of Judge Hamer for the supreme bench. From the present outlook, under the new law, candidates for that honor will be numerous before election time.

The bank at Cairo was blown up on Tuesday night and \$8,000 to \$8,000 secured. A bond election had been carried that day and a big pyrotechnic display resulted. When the citizens heard the boom of the safe blowers in the night they merely thought it was the noise made by belated revelers, nor found to the contrary till morning. No trace of the robbers.

The greatest game in the history of the Western League was played in Lincoln on Thursday last week, between Lincoln and Pueblo. Swift, the big left hander, pitched for Pueblo, and Jones, the little Lincoln spit-ball artist, twirled for Lincoln. For sixteen long innings not a run was made. In the seventeenth inning Pueblo made two runs and Lincoln one, and the contest was over.

Candidates are getting busy. County Superintendent Hendrickson will soon have his petition in circulation for re-nomination under the new law. Pete Rowe says he is a candidate for county judge, and pities the poor fellows who come out against him for that office. Sheriff Williams, it is understood, will be a candidate for re-election to that office, which he has so ably filled the past three terms. Of course, it is understood that perennial candidate, Bill Fisher, will come out this year for some office, but we have not heard just who. We have not heard so far who will make the try for the offices of county clerk and treasurer, but it is a little early yet.

That Mooted Debate. In the matter of an article which appeared in the Ravenna News of the 14th instant, in regard to the high school debate between Ravenna and Loup City, entitled, "May Be Disgruntled," while we no longer desire to carry on a public discussion as to what has been had and done in this matter, yet if we permit this article to go unnoticed it would leave us entirely misunderstood as to our object in printing it and suffer an injustice. The editor of the Ravenna News has made a very common mistake, making it appear that Loup City being the loser and their loyalty and pride in their schools being well understood, the article in our issue of two weeks ago was the result of the sting of defeat. All this was considered before the article was written but as a matter of right and fairness in defense of a victory fairly won by the Loup City debaters and a decision denied them by the judges, this paper thought it advisable to incur just such criticism as the News has seen fit to impose upon it, in order that those not present would be correctly informed. The editor of the Ravenna News has said much when he said that he was not present and did not hear the debate. Our knowledge of the editor leads us to believe had he been present and heard the debate, his article would never have been written. His statement in regard to the superintendent of the Loup City schools coaching his debaters is entirely untrue. The facts of the matter are, the Ravenna debaters indulged in several personal and sarcastic remarks, and the presiding officer of this debate, who was a resident of Loup City and connected with the school board, wishing to avoid any matters of this nature, instructed our superintendent to request his pupils in the debate to pay no attention to these remarks and to treat the Ravenna debaters with all kindness and courtesy, which our superintendent did, and that is all the part he took in the debate. Further, the article in question very pointedly implies that the superintendent of our schools was also the author of the article he is answering. If there is any suspicion in the mind of said editor on that point, he should disabuse himself of it instantly, as that gentleman had nothing to do with it. The Northwestern in its article meant to cast no reflection upon the intelligence and integrity of the judges, excepting their ability to judge a debate, which certainly was open to discussion and criticism. Loup City, while not wishing to detract from or belittle the ability of the Ravenna debaters or cause any discord between the debaters, nevertheless, does feel that the decision was an error and the Loup City debaters were justly entitled to a decision in their favor; that the judges may have been fair-minded and learned men, but were certainly unskilled and inexperienced in the matter of debating and were not guided by any fixed rules or standards by which to arrive at their decision. It is safe to predict that within a very short time there will be material changes along the line of judging, and the method and means by which they shall judge. With this view in mind and a view to doing justice to the contestants in the debate in question our article was written and published.

Along R. R. No. 1. J. A. Arnett and sons are going to shell E. G. Taylor's corn at Schaupps this week. Will Henderson and Frank Foss will help them.

Mrs. Bertha Shipley is very sick this week, suffering from stomach trouble.

Joe Blaschke and Chas. Schwaderer and families took dinner Sunday at J. A. Arnett's.

Mr. Domsard's have some relatives from Illinois here visiting them.

Mrs. Annabel of Poole Sliding is visiting her sister, Mrs. H. L. Bell.

Mr. and Mrs. Chas. Hatch will be at home in their new house next week.

Himmie Conger is carrying some mail on Route No. 1 these days, since the bridge is out and says it only makes him 38 miles now.

Along R. R. No. 1. Dialogue, "The Sewing Circle," Mae McIlvray, Carrie Douglas, Mary Domsard, Mabel Butler, Marie Gilbert, Iva Fross and Amy McIlvray.

PROGRAM: Dialogue, "Worth Before Show," Tom McIlvray, Frank Fross, Elias Butler, Ben Fitzgerald. Duet, "If I Only Had a Home, Sweet Home," Cora and Velva Fross. Dialogue, "Uncle Nathan's Indian," Glenn Fross, Earl McIlvray, Burnette Pinckney and Lillie McIlvray. Literary Paper, by Mr. Pinckney. Dialogue, "In Want of a Servant," Mary Domsard, Frank Fross, Mae McIlvray, Velva Fross, Lull Lee, Cora Fross and Everette Gilbert. Duet, "Good-bye," Iva Fross and Bessie Hendrickson. Baskets sold, \$31.70.

Along R. R. No. 2.

Mr. and Mrs. Henry Kuhl visited Sunday at Hans Obermiller's. Mrs. Joe Daddow was trading at Loup City Monday.

E. B. Corng was doing some surveying on Clear Creek last week. He is always tearing up the road somewhere locating corners, especially on Route No. 1.

A. C. Buckley, at Milo Gilbert's on Route 1, has been attending several socials the past week. It takes a good one to out-bid him when he is after pies.

Did you attend the Baptist pie social at W. O. Brown's last Friday evening? If not, you missed a fine time. Supt. Hendrickson was the auctioneer and some of the prices he got were out of sight. Rol is a professional at this business, and if he can't sell the pie he will then buy it himself.

Miss Mabel Slawson is visiting her brother and family at Arcadia this week. She will then go east to visit relatives and friends. Miss Slawson is one of the many good teachers of Sherman county.

Ed Radcliffe and men were doing some carpenter work for Geo. Peterson Monday.

The Big Four moved F. A. Pinckney's house on Route No. 1 last week. C. J. Tracy is putting the foundation under F. A. Pinckney's house this week.

Ernest Bell took a load of hogs to market Friday morning.

Albert Snyder took a load of corn to Loup City Thursday.

Mrs. Clarence Burt's incubator caught fire Thursday evening and burnt up, which is quite a loss, as she always raises thoroughbred chickens, and at this time of the year it is always kept busy.

A good rain covered all the route last Thursday evening, excepting southwest of Chas. Snyder's where a light shower fell. No hail fell on Wiggle Creek, but a heavy hail fell all along the divide. For six miles west of Loup City there was plenty of hail the next morning. Some listed corn was badly washed, also fall plowing.

Clarence Burt had a colt badly cut in the wire fence during the rain and hail of Thursday eve.

During the rain storm of Thursday evening, E. J. Pugsley's house was struck by lightning and set on fire and one of his little children severely shocked, from which it did not recover till 12 o'clock. Mr. Pugsley and hired man were at the barn doing the chores and did not know the house had been struck until Mrs. Pugsley went to the barn and told him. It took only a short time to put out the fire.

Miss Mabel Slawson closed her second successful term of school on Wiggle Creek last Thursday with a program, picnic dinner and ball game. Miss Mabel has proved herself to be a very efficient teacher and has won many warm friends during her stay here, who hope she will be with them again next term. Two large tables were set the length of the school room and filled with the good things only Wiggle Creek housewives can prepare, and to which a large crowd did ample justice. The big boys of Verdurette played the Wiggle Creek school boys, the score being 13 to 14 in favor of Verdurette, after which a short program was rendered and all departed for their homes.

Patrons on Route No. 2 were laying in their supplies at Loup City Saturday. This is a busy time for the farmer and he is all business when in town.

A. D. Peters took a load of shelled corn to Loup City Monday afternoon.

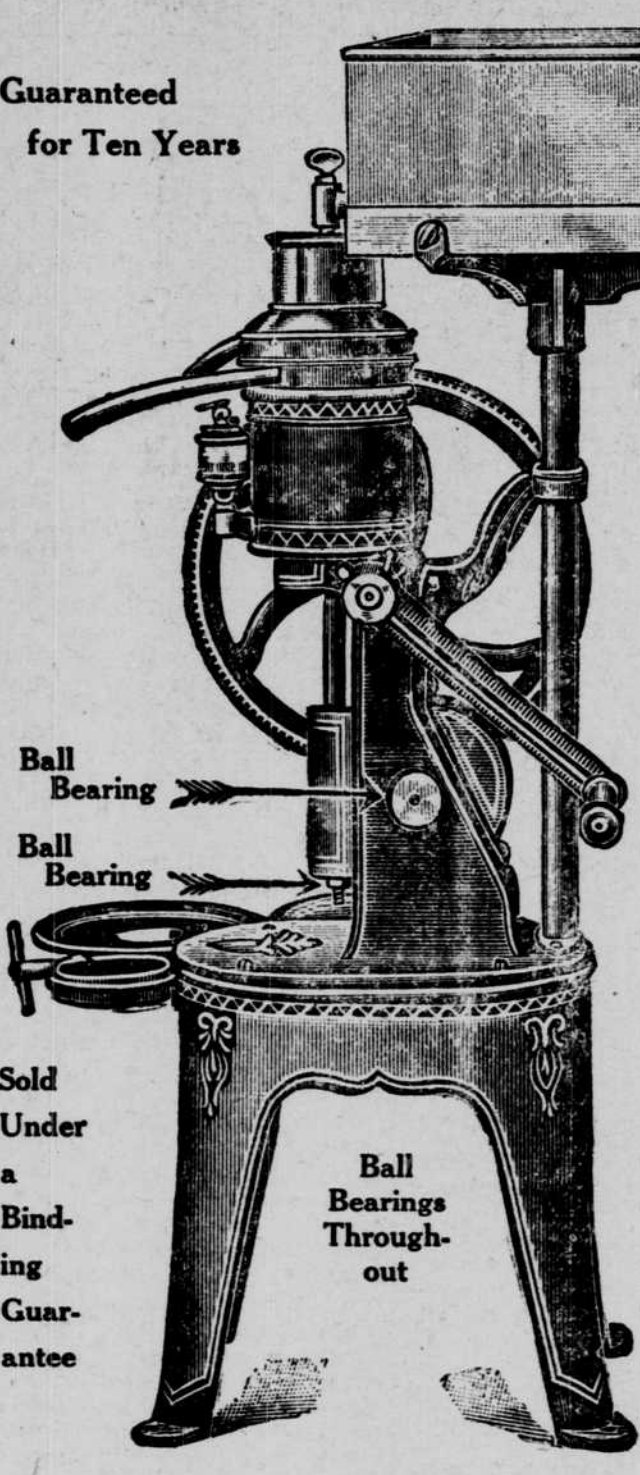

Miss Lottie Newton from Ashton is visiting at A. J. Gray's this week.

Mr. and Mrs. Gray and family visited at the home of M. S. Smalley last Sunday.

Mrs. H. W. Brodock is up and around after her long sick spell.

SUCCESS SEPARATOR

A Perfect Disc Separator. Made in Three Sizes. Used throughout the entire world. Extra heavy and extra strong in every part.

It is so simple that it cannot get out of order or wear out. It will last from 15 to 20 years with ordinary care. It is unequalled for clean skimming, easy turning and steady service. It has the INVOLUTE TURBINE DISC BOWL, the only scientifically correct principle for cream separation. BALL BEARING--8000 revolutions a minute. It is backed by THE BABCOCK TEST.

The Famous Turbine Disc Bowl

The most important feature of a cream separator is the bowl. The value of the machine depends, to a great extent, upon its bowl. The "Success" separator is equipped with the world famous TURBINE DISC BOWL. Simple and yet so strong. No small holes, no sharp corners, no corrugated surfaces, no obstructions from the center to the outside. A disc well made, easily cleaned and one that will keep pure and sweet. The Turbine principle is fast becoming the most universal motive power of the mechanical world, both for land and water, because the Turbine requires less power to operate, while it develops greater force. It requires less space, and gives greater speed than any other known method of developing energy. There is no guess work about the operation of separation with the "Success" separator. The cream passes one way, the milk in the opposite direction. No interference, no guess work.

The Turbine Disc is the Greatest Feature in any Separator on the Market

Don't buy a separator and pay more money for it just simply because it costs more than the "Success".

When you buy the "Success" you are buying a world famous separator under a different name. The only difference is we have eliminated all selling and advertising expenses in offering you this separator.

Because of the quantity contracted for and because we have eliminated all these expenses we can make you lower prices than any individual concern on earth. You cannot make as much money in a season with a \$100.00 separator as you can with the "Success".

POINTS THAT USERS OF THE SUCCESS FIND SUPERIOR TO ANY OTHERS: Simple mechanism. Ball bearings. Ease of turning. Ease of cleaning. Low down supply can. No vibration. Capacity greater than rated. Any density of cream required. Smooth, rich cream. Better quality of butter. Larger quantity of butter. Clean skimming all the time. Easier turning, for with the Turbine principle the machine turns easier while separating than it does when bowl is empty. Durable, because of large dimensions in every shaft and bearing. Cannot get out of balance as easy as other separators on account of the construction of the bowl. Equipped with the famous Turbine Disc, which means clean skimming and easy turning. Remember, every machine is guaranteed.

SCOTTS BLUFF IRRIGATED LAND IS SELLING ON SIGHT. A SUCCESSFUL SALE.

WHAT THE FIRST BUYER SAYS. "I think it is the very best proposition I have seen anywhere in the West, and I have been all over the Ft. Collins and Greeley district."

WHAT ANOTHER BUYER SAYS. "There is no question but that there is a great future for the Scotts Bluff country. I wouldn't have bought if I hadn't thought it was all right."

The first excursion to the famous Scotts Bluff irrigated lands has returned. Every member of the party is enthusiastic concerning the country, only four returning without buying, and these may buy later. The following statement of sales speaks for itself. 1840 acres were sold in the two days the party was there, for a total consideration of \$138,200.00. No one bought over 160 acres. Most of the sales were 80 acres, with one or two of 40 acres.

can take only a limited number on each trip, so if you want to join us on our next excursion, let us know at once so reservation can be made. Speculators not wanted. This land is for farmers. We want men who are looking for homes; men who will improve the land and either live on it or rent it. We are offering the best irrigated land in Nebraska. Men who know say it equals and surpasses the land in the famous Greeley and Ft. Collins districts in Colorado, and the price is only a third to a half.

WHAT AN EXPERIENCED LAND MAN SAYS. "The best proposition I ever saw."

WHAT THEY ALL SAY. "I think it's all it is represented to be and more."
