It is about the same increase over the Sherman county rates as our medical association rates are over former rates.

Do you like to wash cream cans? If you do not, bring your cream to the creamery where your cans will be washed and thoroughly sterilized. This is the only way to properly clean a cream can, as it kills all bacteria. Also bear in mind that if it hadn't been for us, you would have been selling your cream for two cents less than you are now getting.

RAVENNA CREAMERY CO.

A Socialist party was organized in this city last Saturday afternoon with Geo. Letherman as president and Pete Rowe as secretary. By request, we refrain from saying where they met for organization, but we understand there is much indignation expressed by members in whose hall it occurred, which was plainly against the tenets of the order. Others present were, Jim Parker, Perry Parks, Henry Prien and J. H. Holycross.

Keep the Record Straight

Loup City, Neb., July 28, 1909—Mr. Editor: In your issue of July 22nd we note you say "On Monday morning there was 52 cans of cream shipped out at the B. & M. station and that both stations were doing a large cream business this season."

Now, we do not think, Brother Burleigh, that it was your intention to misrepresent the amount of cream being shipped from this place or to reflect in any way upon our creamery but rather that you were misinformed. The figures as given us by the B. & M. agent were 38 cans. The U. P. agent said none, and none in the last six months.

On April 15th of this year, we inaugurated the system of paying 2 cents more than the regular price for cream delivered at the creamery. The foreign companies doing business here immediately advanced their price 2 cents per pound and would just as quickly drop it 2 cents if we discontinued our plan. So you can see that we have not only benefited dairymen to the extent of 2 cents per pound for butter fat, but no doubt all classes of business have received some benefit from trade drawn to this town by the high price of butter fat. Our business of cream delivered at the creamery has increased more than 40 per cent over last season. Yours very truly,

RAVENNA CREAMERY CO.

By F. M. HENRY, Mgr. Loup City.
